Scandalous Witness Lee C. Camp,2020-03-10 Christian identity is in moral and political crisis scandalized by the many ways in which it has been coopted and misrepresented Addressing this painful reality Lee Camp writes that Christianity in America has been made into a bad public joke because of our failure to rightly understand what Christianity is From this provocative claim Camp s manifesto makes the convincing case that a renewed Christian politic is more essential than ever one that is neither left nor right nor religious but a prophetic way of life modeled after Jesus of Nazareth Camp s robust vision exposes modern parodies of faith the American concept of Christian values for one and challenges Christians to rethink who they are and how they participate in the modern world Authentic gospel truth is a scandal to the American myth he argues and we are called to be scandalous witnesses

Divine Power in Process Theism David Basinger,1988-07-08

Out of the Shadows Neill Lochery,2017-02-23

Out of the Shadows is a full account of post authoritarian democratic Portugal 1974 to Present following the Carnation Revolution which began on April 25th 1974 and based on documentary sources personal accounts and unpublished documents from the National Archive in Kew Lisbon and Portugal s best days are behind them is a common theme put forward by writers who focus their attention on the golden era of Portuguese discoveries the Empire and the role of Lisbon as a major Atlantic power Neill Lochery s book demonstrates that Portugal is not suffering from such inevitable decline In 1974 a dramatic overnight coup led to the fall of the Estado Novo dictatorship in Portugal in Lisbon the events became known as the Carnation Revolution As the colonies collapsed the United States helped airlift 13 000 refugees from Angola back to Portugal as US Secretary of State Henry Kissinger maneuvered to advance the moderate side of the government in Lisbon

over the radicals and thus guarantee US interests As Neill Lochery argues one of the major misunderstandings of the post revolution era in Portugal has been the concentration on domestic over international factors in helping to shape its story Having emerged from its twentieth century financial crisis and bail out and thus out of the shadows he argues that Portugal is a country of huge relevance to the present day and of great future significance to the European continent Indeed the strengthening of bonds between Portugal and its European neighbours can be seen to be more important than ever given the heightened tensions in European politics the refugee crisis and the prospect of a changing European Union
