**Roma Eterna** Robert Silverberg, 2025-02-11 From multiple Hugo and Nebula Award winning author Robert Silverberg Roma Eterna takes an in depth look at an alternative history in which the Roman Empire survives into the twenty first century and beyond What would happen if Imperial Rome never fell Roma Eterna spanning fifteen hundred years of global history follows the reign of the Roman Empire from its inception to the present day Empire continues to expand creeping across the globe and through the annals of history from the conquest of the Mayans to the first circumnavigational voyage and finally the attempt of the Hebrews to flee Rome s tyranny by escaping to another planet Originally published as a series of short stories Roma Eterna presents a powerful new world written by an endlessly imaginative writer [A Struggle for Rome \(Complete\)](#) Felix Dahn, 2020-09-28 *The Ancient World in Alternative History and Counterfactual Fictions* Alberto J. Quiroga Puertas, Leire Olabarria, 2024-08-22 Focusing in turn on history powerful individuals under represented voices and the arts the essays in this collection cover a wide variety of modern and contemporary narrative fiction from Jo Walton and L Sprague De Camp to T S Chaudhry and Catherynne M Valente Chapters look into the question of chance versus determinism in the unfolding of historical events the role individuals play in shaping a society or occasion and the way art and literature symbolise important messages in counterfactual histories They also show how uchronic narratives can take advantage of modern literary techniques to reveal new and relevant aspects of the past giving voices to marginalised minorities and suppressed individuals of the ancient world Counterfactual fiction and uchronic narratives have been largely up until now the domain of literary critics However these modes of literature are here analysed by scholars of Ancient History Egyptology and Classics shedding important new light on how cultures of the ancient world have been and still are perceived and to what extent our conceptions of the past are used to explore alternate presents and futures Alternate history entices the imagination of the public by suggesting hypothetical scenarios that never occurred underlining a latent tension between reality and imagination and between determinism and contingency This interest has resulted in a growing number of publications that gauge the impact of what if narratives and this one is the first to give scholars of the ancient world centre stage **Union with Rome** Christopher Wordsworth, 1866 *A Struggle for Rome (Vol. 1-3)* Felix Dahn, 2023-11-24 Felix Dahn s monumental work A Struggle for Rome unfolds within the tumultuous backdrop of the late Roman Empire chronicling the intricate interplay of politics warfare and personal ambition that characterized this era Spanning three volumes Dahn amalgamates rich historical narrative with vivid characterizations offering a compelling portrayal of both the grandeur and the fragility of a civilization in crisis The narrative style seamlessly integrates dramatic storytelling with a meticulous appreciation for historical detail which serves to immerse the reader in the period s complex socio political landscape Felix Dahn 1834 1912 was a distinguished historian and novelist whose academic pursuits profoundly influenced his literary output His background in law and history combined with a deep seated interest in Germanic legends and their connections to

Roman culture directly informed his portrayal of the events and figures in this saga The book reflects Dahn s commitment to exploring themes of identity loyalty and the resilience of human spirit amidst the disintegration of a once mighty empire This trilogy is a must read for lovers of historical fiction as well as scholars of Roman history offering an engaging and thought provoking exploration of a pivotal period Dahn s narrative will not only enlighten readers about the historical intricacies but also captivate them with its dramatic fervor making it a resounding addition to the canon of historical literature **A**
