Scripture Versus Science Robert D. Harter, PhD, 2015-06-21 With trepidation Dr Robert D Harter approached the subject of Earth origins and human development from the position of a lifelong Christian who is also a scientist He grew up in a rural Ohio Christian family and thoroughly understands the position of those who believe the Earth and everything in it was created a few thousand years ago At the same time he is a university professor who understands the basis upon which the Earth is claimed to be millions of years old Both positions cannot be correct and it is probable that neither is completely wrong Using a scientist's analytical approach Dr Harter evaluated and compared biblical anthropological and geological records In *Scripture Versus Science* he proposes a resolution to the increasingly heated argument about evolution While unlikely to provide a clear and definitive answer this book begins to thin the fog that has developed around it He states There has been a lot of fog associated with whether God created the universe and everything in it or whether it just happened by chance In writing this book I attempt to show that the ideas supporting the two views are not necessarily mutually exclusive In other words I hope I have allowed a bit of sun to shine through the fog

Walling, 2017-11-14 There is an ongoing battle in regard to the authenticity of Gods Word raging in our homes and communities not between science and the Bible but rather between humanistic atheistic theology and Christianity This publication seeks to cover the gambit of historical and scientific evidence from A to Z that could be used as a textbook for Christian educators Our churches are not teaching this in their Sunday schools Christian schools and homeschoolers are not getting this on chalkboards Parents dont have the resources or tools to prepare and protect their teenagers heading into secular high schools and colleges from the onslaught of anti Christ teachings The scripture says in Hosea 4 6 My people are destroyed for lack of knowledge because thou hast rejected knowledge I will also reject thee that thou shalt be no priest to me seeing thou hast forgotten the law of thy God I will also forget thy children As an added benefit students going into high school reading this book who have not decided what field of study they are interested in will get an opportunity to be exposed to several areas of interest Fields of study that include geology literary analysis genomics anthropology archaeology paleontology zoology meteorology genealogy astronomy earth sciences evolution and biblical studies are all interrogated to a significant depth **Lords of the Scrolls: Literary**

Traditions in the Bible and Gospels Donald K. Sharpes, 2005 *Lords of the Scrolls* analyzes ancient literary sources to show how biblical and gospel scribes borrowed and imitated themes from earlier literature to create heroic legends around Hebrew figures and Jesus Comparisons between the Epic of Gilgamesh Enuma Elish Canaanite Egyptian and Greek legends Homeric epics the histories of Herodotus and selected biblical and gospel passages reveal thematic and literary similarities Tracing literary classics from the birth of writing to the first millennium of the modern era this book demonstrates that Hebrew scribes used previous literature to establish a national identity and that gospel scribes borrowed heavily from Homer to create epic legends around the person of Jesus *How We Believe, 2nd Edition* Michael Shermer, 2003-10 Recent polls show that 96% of Americans believe in God Why are people turning to religion in greater numbers than ever before In *How We Believe* Michael Shermer presents the results of an exhaustive empirical study in which he asked 10 000 Americans how and why they believe and about details of their faith The result offers fresh and startling insights into age old questions

science can be resolved by understanding the ancient worldview of the scriptural authors and how it differs from our modern scientific worldview This framework opens the door to clearing up longstanding questions such as Are the Genesis patriarchs ages real numbers Are the days of creation actual 24 hour days Where was the Garden of Eden located Was Noah's flood global or local Were Adam and Eve real people Is evolution a belief or a fact With photographs and diagrams throughout Hill explores the meaning of the relevant biblical passages the scientific data and how the worldview approach addresses seeming contradictions Anyone who has wrestled with these questions will find *A Worldview Approach to Science and Scripture* to be an invaluable resource for understanding the interplay between faith and the world Carol Hill takes both Scripture and science seriously affirming the inspiration of the Bible and the evidence for biological evolution Deborah Haarsma President of BioLogos This is one of the best one volume works on the creation evolution dialogue in print Kenneth Keathley Southeastern Baptist Theological Seminary Carol Hill's worldview approach brings the reader face to face with archeological biblical and scientific data that enable one to gain a new appreciation for what the Bible is trying to teach This approach is a very helpful tool James K Hoffmeier Trinity Evangelical Divinity School

DeRosa,2004 This book is a review of extraordinary new hypotheses that might reasonably be characterized as dissenting science It spotlights the principal scientists world class thinkers all who have proposed these theories and the difficulties they encountered in their conclusions challenges to existing paradigms By laying out these theories in terms that any intelligent reader can understand they become accessible to the non specialist who is then able to evaluate them on their merits The Word of Truth Dale Moody,1981-01-16 Bringing together the insights of several disciplines biblical theology modern science biblical criticism textual source form redaction historical theology and the history of doctrine Moody develops a systematic theology that is biblically grounded and ecumenically oriented Thoroughly indexed *The Final Call: Book 1 - Time To Wake Up* Annie Peterson,2019-07-31 Jason Elliott made his decision to be part of the rapture of the Church when he was twelve in a one room Christian school Now a high profile investigative reporter on assignment in Israel he his wife and his team come to realize this age is rapidly coming to an end and it was all foretold in the Bible They discover the prophecies written 2 500 years ago are unfolding today as if written yesterday Will the signing of the Israeli Palestine Peace Agreement mark the beginning of the final seven years to the Battle of Armageddon Is World War III in the Bible Is Armageddon the end of the world In this fast paced mystery Satan does his best to derail him but Jason maintains his Christian values even when he accidentally uncovers the assassination plot of white collar terrorists that make him and his family their targets as if to say Take that Satan **The Living Church** ,1982 **God** Kelly Ryan Harriger,2009-05 Does God really exist Or is He just a grandiose delusion passed down through the millennia to help us deal with our nagging need to find a purpose for our existence The author grew up in a believing household never questioning the existence of God but as he grew older and more interested in his faith he developed a driving need to know whether or not his faith was justified A totally blind faith one that couldn t be supported with any hard evidence just wouldn t do If God was real then He must have left a trail of evidence for a rational thinker to follow But if there wasn t any trail to follow then all faith would be blind and any faith would do as it would become little more than a set of guidelines to follow in an attempt to lead a spiritual and moral life The author began his exploratory journey with a set of questions that needed to be answered Do any of the world s religious scriptures reveal information that has parallels in scientific discovery Do any of the world s religious scriptures offer specific prophesies that have unfolded in recorded history And lastly did any of the world s religious scriptures provide a blueprint for living that could drastically change one s life from the inside out As he sought answers to these questions he

discovered an overwhelming amount of supporting evidence but it came with a catch it all pointed in one decisive direction
