Score Anthology For Exploring Music Literature:

An Index to Music in Selected Historical Anthologies of Western Art Music, Part 1 Mara Parker, 2019-01-01 An Index to Music in Selected Historical Anthologies of Western Art Music is the essential reference for music history and music theory instructors for finding specific listings and details for all the pieces included in more than 140 anthologies published between 1931 and 2016. Containing over 5 000 individual listings, this concise book is an indispensable tool for teaching music history and theory. Since many anthologies exist in multiple editions, this Index provides instructors, students, and researchers with the means to locate specific compositions in both print and online anthologies. This book includes listings by composer and title, as well as indexes of authors, titles, and first lines of text for music from antiquity through the early twenty-first century. **A**

Charles Ives Omnibus Michael J. Budds, 2008 Central to the evolution of American music is the legacy of Charles Ives. This grand-scale reference work provides details surrounding the multifarious responses to the achievement of this singular businessman-musician for more than a century. Performances, recordings, journalistic reports, reviews, and scholarly studies of all kinds, as well as assorted Ivesiana in the form of literature, art, film, dance, and other expressions of homage, are included. Many of the entries are amplified with contextual information or carefully selected excerpts. Professor Burk has been an enthusiastic connoisseur of Ives's music and a thoughtful student of the Ives literature for many years; his systematic presentation results in much more than a glorified work list or another ambitious bibliography. Anthology of Romantic Piano Music Maurice Hinson, 2005-05-03 Works by 36 composers are included in this comprehensive survey of piano music written between 1820 and 1910. The pieces in this collection range in difficulty from intermediate through early advanced levels and cover the widest range of styles and idioms of the Romantic period. Historical and biographical background and performance notes are provided by Dr. Hinson. **The Pianist's Bookshelf, Second Edition** Maurice Hinson, Wesley Roberts, 2023-11-07 Originally published in 1997, *The Pianist's Bookshelf* was, according to the *Library Journal*, a unique and valuable tool. Now rewritten for a modern audience, this second edition expands into the 21st century. A completely revised update, *The Pianist's Bookshelf, Second Edition* comes to the rescue of pianists overwhelmed by the abundance of books, videos, and other works about the piano. In this clear, easy-to-use reference book, Maurice Hinson and Wesley Roberts survey hundreds of sources and provide concise, practical annotations for each item, thus saving the reader hours of precious research time. In addition to the main listings of entries such as Chamber Music and Piano Duet, the book has indexes of authors, composers, and performers. A handy reference from the masters of piano bibliography, *The Pianist's Bookshelf, Second Edition* will be an invaluable resource to students, teachers, and musicians. **Anthology of impressionistic piano music** Maurice Hinson, 2004 Dr. Maurice Hinson caps off his extensive library of period anthologies and DVDs with a comprehensive look at Impressionist compositions. the compositional techniques used by Impressionists In the companion DVD lecture Dr Hinson explores four aspects of Impressionism early influences performance techniques musical characteristics and specific repertoire from the anthology Alfred s DVDs provide a strong visual and auditory reference for stylistic and technical interpretations which are important tools for enhancing any musical performance 208 pages *Comics as History, Comics as Literature* Annessa Ann Babic,2013-12-11 This anthology hosts a collection of essays examining the role of comics as portals for historical and academic content while keeping the approach on an international market versus the American one Few resources currently exist showing the cross disciplinary aspects of comics Some of the chapters examine the use of Wonder Woman during World War II the development and culture of French comics and theories of Locke and Hobbs in regards to the state of nature and the bonds of community More so the continual use of comics for the retelling of classic tales and current events demonstrates that the genre has long passed the phase of for children s eyes only Additionally this anthology also weaves graphic novels into the dialogue with comics

Orchestration Paul Mathews,2006 *Orchestration An Anthology of Writings* is designed to be a primary or ancillary text for college level music majors Although there are several how to textbooks aimed at this market there is little available that traces the history of orchestration through the writings of composers themselves By collecting writings from the nineteenth century to today Mathews illuminates how orchestration has grown and developed as well as presenting a wide variety of theories that have been embraced by the leading practitioners in the field The collection then traces the history of orchestration beginning with Beethoven s Orchestra with writings by Berlioz Wagner Gounod Mahler and others the 19th century Mahler Gevaert Strauss the fin de siecle on the edge of musical modernism writings by Berlioz Jadassohn Delius and Rimsky Korsakov early modern Busoni Schoenberg Stravinsky Grainger and others and high modern Carter Feldman Reich Brant Many of these pieces have never been translated into English before some only appeared in small journals or the popular press and have never appeared in a book and none have ever been collected in one place The study of orchestration is a key part of all students of music theory and composition *Orchestration* provides a much needed resource for these students filling a gap in the literature
