*International Criminology and Criminal Justice* Thomas R. Lagergren, Kathleen A. Pitt, 1977      **The Metropolitan Police and the British Film Industry, 1919-1956** Alex Rock, 2023-06-15 This groundbreaking book investigates the murky relationship between the Metropolitan Police Press Bureau and the British film industry shedding new light on police media relations Beginning with the culture of suppression during the interwar period when retired police inspectors were threatened with loss of pension should they become involved with the film industry the relationship shifted when a forgotten pioneer of public relations Percy Fearnley was appointed to the role of Metropolitan Police Public Information Officer in 1945 Fearnley was the first ever journalist to take up this role and through him the Metropolitan Police embarked on a series of collaborations with the highest echelons of postwar British cinema including J Arthur Rank Ealing Studios and Gainsborough Studios Using newly declassified internal Metropolitan Police and Home Office correspondence Alexander Charles Rock tells the story of the Metropolitan Police s project to manipulate the British film industry into producing propaganda under the guise of mainstream entertainment cinema In doing so he offers a radical re reading of the context of production of a number of canonical British films such as *The Blue Lamp* 1950 *I Believe In You* 1952 and *Street Corner* 1953      *Scotland Yard* Peter Laurie, 1970      *Document Retrieval Index* , 1974      *The Bombay City Police: A Historical Sketch, 1672-1916* S. M. Edwardes, 2022-07-21 This interesting book covers the history of the law enforcement officials who manage the city of Bombay India present day Mumbai during its colonial era Until 1655 Bombay was under Portuguese control The Portuguese formed a basic law enforcement structure in this area with the establishment of a Police outpost in 1661 After the cementing of British Rule in India after the 1857 war of Indian Independence in 1864 the three Presidency towns of Bombay Calcutta and Madras were given Commissioners of Police      *Library of Congress Catalogs* Library of Congress, 1976      **Catalog of the Police Library of the Los Angeles Public Library** Los Angeles Public Library. Municipal Reference Library. Police Division, 1972      **West European Terrorism and Counter-Terrorism** P. Chalk, 1996-09-18 The book examines the dynamic of West European terrorism and counter terrorism as it has evolved since the late 1960s It assesses past present and future terrorist trends and analyzes the internal security policies that have been initiated by the member states of the European Union EU both singularly and collectively to combat terrorism in Western Europe Throughout the book the theme of liberal democratic legitimacy and accountability is stressed something that is brought particularly to bear on the latest EU internal security provision the Maastricht Third Pillar      **Handbook of Criminal Investigation** Tim Newburn, Tom Williamson, Alan Wright, 2012-08-21 This book provides the most comprehensive and authoritative book yet published on the subject of criminal investigation a rapidly developing area within the police and other law enforcement agencies and an important sub discipline within police studies The subject is rarely out of the headlines and there is widespread media interest in criminal investigation Within the police rapid strides are being made in the direction of professionalizing the

criminal investigation process and it has been a particular focus as a means of improving police performance. A number of important reports have been published in the last few years highlighting the importance of the criminal investigation process not only to the work of the police but to public confidence in this. Each of these reports has identified shortcomings in the way criminal investigations have been conducted and has made recommendations for improvement. The Handbook of Criminal Investigation provides a rigorous and critical approach to not only the process of criminal investigation but also the context in which this takes place, the theory underlying it and the variety of factors which influence approaches to it. It will be an indispensable source of reference for anybody with an interest in and needing to know about criminal investigation.

Contributors to the book are drawn from both practitioners in the field and academics. *Historical Dictionary of American Criminal Justice* Matthew J. Sheridan, Raymond R. Rainville, Anna King, Brian Royster, Giuseppe M. Fazari, 2019-02-15. There has never been a more important time for those involved in criminal justice policy operations and civil service to know their history. The Historical Dictionary of American Criminal Justice provides a comprehensive overview of the development of criminal justice in the United States. Criminal justice is a multidisciplinary endeavor emerging across time and place through the fields of philosophy, law, biology, anthropology and sociology. Developments occur quickly and regularly, the meanings of which are deeply embedded not only in an historical context but in complicated social, economic and political circumstances as well. The field is particularly vulnerable to the exploitations of power being as closely aligned with the forces of social control as it is. The Historical Dictionary of American Criminal Justice contains a chronology, an introduction, appendixes and an extensive bibliography. The dictionary section has over 1,200 cross-referenced entries on the most relevant concepts, cases, people and terms. This book is an excellent resource for students, researchers and anyone wanting to know more about American criminal justice.

**Structure, Agency and Theory** Ib Gram-Jensen, 2021-04-20 Structure Agency and Theory challenges common readings of Marx and Engels historical materialism and argues the necessity of abandoning their conception of the dialectic of forces and relations of production as the motive power of historical development and transformations because of its doubtful validity and deterministic implications Instead another fundamental conception in historical materialism the interaction between social circumstances and agency as the motive power of history is accentuated with an emphasis on agents experiences as a causal factor arguing its potential in terms of historical explanation and attempting to spell out some of its strategic implications for revolutionary socialism
