Ochoa-Becker, 2006-12-01 In the first edition of this book published in 1988 Shirley Engle and I offered a broader and more democratic curriculum as an alternative to the persistent back to the basics rhetoric of the 70s and 80s This curriculum urged attention to democratic practices and curricula in the school if we wanted to improve the quality of citizen participation and strengthen this democracy School practices during that period reflected a much lower priority for social studies Fewer social studies offerings fewer credits required for graduation and in many cases the job descriptions of social studies curriculum coordinators were transformed by changing their roles to general curriculum consultants The mentality that prevailed in the nation s schools was back to the basics and the basics never included or even considered the importance of heightening the education of citizens We certainly agree that citizens must be able to read write and calculate but these abilities are not sufficient for effective citizenship in a democracy This version of the original work appears at a time when young citizens teachers and schools find themselves deluged by a proliferation of curriculum standards and concomitant mandatory testing In the 90s virtually all subject areas including United States history geography economic and civics developed curriculum standards many funded by the federal government Subsequently the National Council for the Social Studies issued the Social Studies Curriculum Standards that received no federal support Accountability captured in the No Child Left Behind Act passed by Congress has become a powerful political imperative that has a substantial and disturbing influence on the curriculum teaching and learning in the first decade of the 21st century Scott Foresman Social Studies , 2003-12 Scott Foresman Social Studies 2005 components for Growth of a Nation Social Studies 2011 Student Edition (Hardcover) Building a Nation Candy Dawson Boyd, Carol Berkin, Pearson Education, Inc, Scott, Foresman and Company, 2009-07-01 Like you we know that time is a precious commodity these days with packed schedules testing requirements and more The newest addition to our product line can help you make the most of the time you have The Quick Planning Guide developed in conjunction with Grant Wiggins President of Authentic Education and author of Understanding By Design gives you the best of both worlds planning suggestions to make the most of your time and a focus on the Essential Questions that will drive student understanding Scott Foresman Social Studies helps you make a difference **Scott Foresman Social Studies: Building A Nation** Addison-Wesley Educational Publishers, Incorporated, 2003-01-01 Evaluate children s understanding of unit content and their ability to apply skills taught using a variety of standardized assessments Social Studies: Growth of a Nation Pearson Scott Foresman, 2009-07-01 With rich content that captures children s imaginations and built in reading and vocabulary instruction your child will not only be learning he ll be preparing for
