## Scottish Ballad:

*The Anglo-Scottish Ballad and its Imaginary Contexts* David Atkinson, 2014-03-12 This is the first book to combine contemporary debates in ballad studies with the insights of modern textual scholarship Just like canonical literature and music the ballad should not be seen as a uniquely authentic item inextricably tied to a documented source but rather as an unstable structure subject to the vagaries of production reception and editing Among the matters addressed are topics central to the subject including ballad origins oral and printed transmission sound and writing agency and editing and textual and melodic indeterminacy and instability While drawing on the time honoured materials of ballad studies the book offers a theoretical framework for the discipline to complement the largely ethnographic approach that has dominated in recent decades Primarily directed at the community of ballad and folk song scholars the book will be of interest to researchers in several adjacent fields including folklore oral literature ethnomusicology and textual scholarship

*The Book of Scottish Ballads* Alexander Whitelaw, 1845      *Scottish Ballad Poetry* George Eyre-Todd, 1893      *Scottish Ballads* Emily Lyle, 2009-05-01 Scotland's ballads represent one of the high water marks of Scottish literature and are famous as superb expressions of oral culture reflecting a world of magic deep passion and history transformed into legend This selection includes more than eighty of the finest ballads together with an introduction notes and glosses The versions come from the last three centuries from the time of Burns and Scott who were among the earliest collectors up to the present day Although the ballads are anonymous in a way the singers themselves determine the versions we have by a process of selection interpretation and refashioning Wherever possible this edition includes the names of the singers many of whom were women An internationally recognised ballad scholar Emily Lyle is a research fellow at the School of Scottish Studies in the University of Edinburgh and is general editor of The Grieg Duncan Folk song Collection
