**Romantic Scottish Ballads** Robert Chambers,2015-07-27 Excerpt from Twelve Romantic Scottish Ballads With the Original Airs Arranged for the Pianoforte I have amused a few spare hours in preparing this small collection in the hope that what has been agreeable to myself may give some pleasure to others Some of the airs to which our Scottish ballads are sung appear to me very pretty a few of them are indeed the germs of some of the most admired of the song melodies for example Cowdenknows Yet excepting a small number scattered through Johnson s Scots Musical Museum and a somewhat larger selection inserted by the late Mr Andrew Blaikie of Paisley in Motherwell s Minstrelsy Ancient and Modern with a few chance sown in other works we cannot say that the ballad airs have a recognised existence as a department of our printed national music Conceiving that this might be much owing to the inconvenient length of the most of the ballads unfitting them for singing I resolved to prepare a limited selection in which the narrative was either brief or capable of being abridged to a moderate length while the airs were of a decidedly pleasing character and also to fit these by musical accompaniments for being sung at the piano The result is here presented It may be added that a few of the airs are from Johnson and Motherwell in the former of which cases the accompaniments are also borrowed and that others have never before been printed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The English and Scottish Popular Ballads* Francis James Child,2013-01-03 This definitive 19th century collection compiles all the extant ballads with all known variants and features Child s commentary for each work Volume IV includes Parts VII and VIII of the original set ballads 189 265
