Scottish Short Stories 198:

British Short Fiction in the Early Nineteenth Century Dr Tim Killick, 2013-04-28 In spite of the importance of the idea of the tale within Romantic era literature short fiction of the period has received little attention from critics Contextualizing British short fiction within the broader framework of early nineteenth century print culture Tim Killick argues that authors and publishers sought to present short fiction in book length volumes as a way of competing with the novel as a legitimate and prestigious genre Beginning with an overview of the development of short fiction through the late eighteenth century and analysis of the publishing conditions for the genre including its appearance in magazines and annuals Killick shows how Washington Irving's hugely popular collections set the stage for British writers Subsequent chapters consider the stories and sketches of writers as diverse as Mary Russell Mitford and James Hogg as well as didactic short fiction by authors such as Hannah More Maria Edgeworth and Amelia Opie His book makes a convincing case for the evolution of short fiction into a self conscious intentionally modern form with its own techniques and imperatives separate from those of the novel

Children's Stories in Play Therapy Ann Cattanach, 1997 Ann Cattanach extends her acclaimed earlier published work to explore further the therapeutic value of story making with children Incorporating stories from children and authors the book examines the common themes and metaphors that emerge the purpose of stories and the communication that they can engender between the therapist and the child *British Books*, 1900 **A Companion to the British and Irish Short Story** David Malcolm, Cheryl Alexander Malcolm, 2009-01-30 A Companion to the British and Irish Short Story provides a comprehensive treatment of short fiction writing and chronicles its development in Britain and Ireland from 1880 to the present Provides a comprehensive treatment of the short story in Britain and Ireland as it developed over the period 1880 to the present Includes essays on topics and genres as well as on individual texts and authors Comprises chapters on women's writing Irish fiction gay and lesbian writing and short fiction by immigrants to Britain *The Publishers' Circular and Booksellers' Record of British and Foreign Literature*, 1900 Alien Heart Lyall Powers, 2012-11-02 Today almost two decades after her death Margaret Laurence remains one of Canada's best known and most beloved writers Twice winner of the Governor General's Award for fiction she was as the late William French wrote more profoundly admired than any other Canadian novelist of her generation Lyall Powers is both a respected scholar of literature and a lifelong friend of Laurence's having met her when they were students together at Winnipeg's United College in the 1940s Alien Heart is the first full length biography of Margaret that combines personal knowledge and insights about Laurence with a study of her work which often paralleled the events and concerns in her own life Drawing on letters personal correspondence journals and interviews Lyall Powers discusses the struggles and triumphs Laurence experienced in her efforts to understand herself in the roles of writer wife mother and public figure He portrays a deeply compassionate and courageous woman who yet felt troubled by conflicting demands While Laurence's work is not directly autobiographical Powers illustrates how her writing expressed

many of the same dilemmas and how the resolution her characters achieved in the novels and stories had an impact on Laurence s own life Powers provides an in depth analysis of all Laurence s work including the early African essays fiction and translations and her books for children as well as the beloved Manawaka fiction The study clearly shows the progression and expression of Laurence as a writer of great humanity and conscience *The Publishers Weekly* ,1898 Edinburgh History of Scottish Literature: Modern Transformations: New Identities (from 1918) Ian Brown,2006-11-13 In almost a century since the First World War ended Scotland has been transformed in many rich ways Its literature has been an essential part of that transformation The third volume of the History explores the vibrancy of modern Scottish literature in all its forms and languages Giving full credit to writing in Gaelic and by the Scottish diaspora it brings together the best contemporary critical insights from three continents It provides an accessible and refreshing picture of both the varieties of Scottish literatures and the kaleidoscopic versions of Scotland that mark literary developments since 1918 **Illustrated Catalogue of Books,**
