A Companion to the Anthropology of Europe Ullrich Kockel, Máiréad Nic Craith, Jonas Frykman, 2015-12-14 A Companion to the Anthropology of Europe BLACKWELL COMPANIONS TO ANTHROPOLOGY A Companion to the Anthropology of Europe The volume also deserves a place on the shelves of academic libraries as well as the larger public library Reference Reviews Summing Up Highly recommended All academic levels libraries Choice This important collection challenges all anthropologists to re examine the importance of European perspectives on the most provocative debates of our time It transcends regional interests to highlight the complex intellectual landscape of our field Tracey Heatherington University of Wisconsin Milwaukee This significant volume critically interrogates assumptions about Europe as an idea and a place for research It provides fresh perspectives on the past and future of anthropological studies of Europe Deborah Reed Danahay SUNY at Buffalo President of the Society for the Anthropology of Europe A Companion to the Anthropology of Europe offers a survey of contemporary Europeanist anthropology and European ethnology and a guide to emerging trends in this geographical field of research Utilizing diverse approaches to the anthropological study of Europe Kockel Nic Craith and Frykman provide a synthesis of the different traditions and contemporary practices Investigating the subject both geographically and thematically the companion covers key topics such as location heritage experience and cultural practices Written by leading international scholars in the field the volume constitutes the first authoritative guide for researchers instructors and students of anthropology and European studies

European rural peripheries revalued Ulrike Grabski-Kieron, Ingo Mose, Anja Reichert-Schick, Annett Steinführer, 2016 This volume provides an overview of research on

seemingly current and former peripheral areas and on processes of peripheralisation in Europe Particular emphasis is given to questions of local and regional governance to multiple actors of peripheralisation and residential revitalisation as well as to economic and ecological transformations

Heimatkunde Mairéad Nic Craith, Katerina Strani, Alastair Mackie, 2023 An integrative Heimatkunde defined as the holistic study of localities and regions has been a core interest in Ullrich aka Ulli Kockel's research since he first graduated with a double primary in 1984 Frequently described as an interdisciplinary and sometimes undisciplined academic his research draws liberally on art geography human ecology philosophical anthropology political economy and social anthropology with its primary focus located in the field of Empirical Cultural Science European ethnology The contributions to this collection celebrate Ulli's explorations of place and belonging at different junctures on his quest for Heimatkunde Laid out in four thematic sections Borders Regions and Frontiers Human Ecology Creative Ethnology and Memories they feature creative work along with research essays Given Ulli's love of cooking and food we describe our offering as a feast script

Cultural Change And The New Europe Thomas M. Wilson, 2019-03-08 Politicians can negotiate currency disputes redraw national boundaries and raise trade tariffs but what unforeseen problems may be caused by the melding of societal boundaries and the lowering of cultural tariffs Originating from a range of nationalities and ethnic groups the contributors to this volume focus on cultural and social processes of

Dissent, Revolution and Liberty Beyond Earth Charles Cockell, 2016-03-10 This volume provides an in depth discussion on the central question how can people express and survive dissent and disagreement in confined habitats in space The discussion is an important one because it could be that the systems of inter dependence required to survive in space are so strong that dissent becomes impossible John Locke originally said that people have a right to use revolution to overthrow a despotic regime But if revolution causes violence and damage that causes depressurisation with the risk of killing many people is it even permissible to have a revolution How then are people to express their liberty or dissatisfaction with their rulers The emergence of structures of dissent and disagreement is an essential part of the construction of a framework of liberty in space revolution is just the extreme example and thus the topic deserves in depth and immediate attention Even today the way in which we assemble organisations and corporations for the government and private exploration of space must take into account the need for mechanisms to allow people to express dissent

Disaster Culture Gregory Button, 2016-06-03 Drawing on decades of research on the most infamous human and environmental calamities Button shows how states corporations and other actors attempt to create meaning and control social relations in post disaster struggles for the redistribution of power

Europe Since 1945 Bernard A. Cook, 2014-01-27 Europe Since 1945 An Encyclopedia is a comprehensive reference work of some 1 700 entries in two volumes Its scope includes all of Europe and the successor states to the former Soviet Union The volumes provide a broad coverage of topics

with an emphasis on politics governments organizations people and events crucial to an understanding of postwar Europe Also includes 100 maps and photos **Humans** Alice Beck Kehoe,2013-12-02 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company *The Ecology of Pastoralism* P. Nick Kardulias,2015-04-15 In *The Ecology of Pastoralism* diverse contributions from archaeologists and ethnographers address pastoralism s significant impact on humanity s basic subsistence and survival focusing on the network of social political and religious institutions existing within various societies dependent on animal husbandry Pastoral peoples both past and present have organized their relationships with certain animals to maximize their ability to survive and adapt to a wide range of conditions over time Contributors show that despite differences in landscape environment and administrative and political structures these societies share a major characteristic high flexibility Based partially on the adaptability of various domestic animals to difficult environments and partially on the ability of people to establish networks allowing them to accommodate political social and economic needs this flexibility is key to the survival of complex pastoral systems and serves as the connection among the varied cultures in the volume In *The Ecology of Pastoralism* a variety of case studies from a broad geographic sampling uses archaeological and contemporary data and offers a new perspective on the study of pastoralism making this volume a valuable contribution to current research in the area **Names and Naming** Guy Puzey,Laura Kostanski,2016-02-02 This book explores international trends in naming and contributes to the growing field of onomastic enquiry Naming practices are viewed here through a critical lens demonstrating a high level of political and social engagement in relation to how we name people and places The contributors to this publication examine why names are not only symbols of a person or place but also manifestations of cultural linguistic and social heritage in their own right Presenting analyses of geographically and culturally diverse perspectives and case studies the book investigates how names can represent deeper kinds of identity act as objects of attachment and dependence and reflect community mores and social customs while functioning as powerful mechanisms of inclusion and exclusion The book will be of interest to researchers in onomastics sociology human geography linguistics and history *Environment, labour and capitalism at sea* Penny McCall Howard,2017-04-28 This book explores how fishers make the sea productive through their labour using technologies ranging from wooden boats to digital GPS plotters to create familiar places in a seemingly hostile environment It shows how their lives are affected by capitalist forces in the markets they sell to forces that shape even the relations between fishers on the same boat Fishers frequently have to make impossible choices between safe seamanship and staying afloat economically and the book describes the human impact of the high rate of deaths in the fishing industry The book makes a unique contribution to understanding human environment relations examining the places fishers create and name at sea as well as technologies and navigation practices It combines phenomenology and political economy to offer new approaches for analyses of human environment relations and technologies Social Anthropology Edward Hedican,2012-01-15 This is the first introductory text that focuses on social anthropological

research using Canadian examples and perspectives In this groundbreaking new book Edward Hecican provides undergraduate students with a solid background on the theoretical and applied aspects of anthropology while exploring the rich history of the discipline in a Canadian context In ten concise chapters readers are introduced to the basic conceptual building blocks of introductory anthropology in a refreshingly succinct and engaging way With a strong focus on Canadian theory this book includes discussion of evolutionism feminist anthropology marriage and the family and political economy

Landscapes of Protest in the Scottish Highlands after 1914 Iain J.M. Robertson, 2016-04-15 In November 1918 the implementation of agrarian change in the Scottish Highlands threatened another wave of unemployment and eviction for the land working population which led to widespread and varied social protest Those who had been away on war service and their families faced returning to exactly the same social and economic conditions in the Scottish Highlands they had hoped they had left behind in the struggle to make a land fit for heroes Widespread and varied social protest rapidly followed It argues that previously there has been a failure to capture fully the geography chronology typology and rate of occurrence of these events The book not only offers new insights and a greater understanding of what was happening in the Highlands in this period but illustrates how a range of forms of protest were used which demand attention not least for the fact that these events unlike most of the earlier Land Wars period were successful There are functioning townships in the Highlands today that owe their existence to the land invasions of the 1920s The book innovatively concentrates on formulating explanation and interpretation from within and looks to the crofting landscape as base means and motive to disturbance and interpretation It proposes that protest is much more convincingly understood as an expression of environmental ethics from the bottom up coming increasingly into conflict with conservationist views expressed from the top down It focuses on individual case studies in order to engage more convincingly with an important evidential base that of popular memory of land disturbances and to adopt a frame and lens through which to explore the fluid and contingent nature of protest performances Based upon the belief that in the study of landscapes of social protest the old shibboleth of space as solely passive setting and symbolic register is no longer tenable is paid here to nature culture interactions to vernacular ecological

Reflexive Ethnography Charlotte Aull Davies, 2012-08-06 Reflexive Ethnography is a unique guide to ethnographic research for students of anthropology and related disciplines It provides practical and comprehensive guidance to ethnographic research methods but also encourages students to develop a critical understanding of the philosophical basis of ethnographic authority Davies examines why reflexivity at both personal and broader cultural levels should be integrated into ethnographic research and discusses how this can be accomplished for a variety of research methods This revised and updated second edition includes a new chapter on internet based research and interethnography chapters on selection of topics and methods data collection and analysis and ethics and politics of research practical advice on writing up ethnographic study new and updated research examples Postmodernist relativism can lead to an over emphasis on reflexivity

that denies the possibility of social research Reflexive Ethnography utilises postmodernist insights incorporation of different standpoints exposure of the intellectual tyranny of meta narratives but proposes that reflexive ethnographic research be undertaken from a realist perspective Reflexive Ethnography will help students to use and understand ethnographic research practices that fully incorporate reflexivity without abandoning claims to develop valid knowledge of social reality
