A Scottish Life Michael Jackson,1999-12-31 Colonialism is out of favor now but I believe the ultimate verdict of history will be that this was one of the greatest British contributions to the world This was John Martin s faith A Scot of strong Christian belief and complete integrity he was present and played an active role in the analysis the decision making and diplomacy involved in the maintenance and after the war the ending of British colonial rule From the Colonial Office to 10 Downing Street to the UN his tools were his keen intelligence and his capacity for friendship with people of any race or creed

Churchill on the Far East in the Second World War C. Wilson,2014-08-05 Cat Wilson brings together two strands of historical scholarship Churchill s work as a historian and the history of WWII in the Far East Examining Churchill s portrayal of the British Empire s war against Japan as set down in his memoirs it ascertains whether he mythologised wartime Anglo American relations to present a special relationship

**Churchill's Promised Land** David Makovsky,Michael Makovsky,New Republic,2007-01-01 A comprehensive examination of Churchill s complex political diplomatic and intellectual response to Zionism

*Diplomacy Between the Wars* George W. Liebmann,2019-07-25 *Diplomacy Between the Wars* is a detailed inside story of diplomacy seen through the careers of five remarkable career diplomatists Here is a unique and authentic picture of practical diplomacy and its effect during periods of international crisis which shaped the twentieth century These were not the statesmen and politicians who dominated the international stage but practical diplomats with long experience linguistic competence deep knowledge of the local conditions history culture and of the people of the countries where they served George Liebmann also brings acute political awareness to the subject The achievements of these diplomats often unsung during their careers and gleaned largely from history books were considerable and a monument to practical professional diplomacy Lewis Einstein was influential in demonstrating the central role and its control of finance and credit in modern wars and urging massive US economic assistance to Europe and after World War II providing the intellectual underpinnings of the Marshall Plan Sir Horace Rumbold s work was vital in avoiding war between Great Britain and Turkey and in warnings of the dangers of Hitler Johann von Bernstorff opposed Germany s naval militarism supported a negotiated end to the First World War and peaceful revision of the Treaty of Versailles Count Carlo Sforza urged restraint on Italy s territorial ambitions and tolerance for former Fascists and Communists and Ismet Inonu kept Turkey out of war preserved her national interest at the Treaty of Lausanne and maintained friendship with the great powers He worked for religious toleration and the limitation of dictatorship in Ataturk s

secular Turkish Republic      *Malaysia* A. J. Stockwell, 2004 The main purpose of the British Documents on the End of Empire Project BDEEP is to publish documents from British official archives on the ending of colonial rule and the context in which this took place This publication explores events in the Southeast Asia region from the establishment of an independent state of Malaya in 1957 to the creation of Malaysia in 1963 and British foreign policy objectives with regards to the territories of Malaya Singapore and Borneo      **Partitioning Palestine** Penny Sinanoglou, 2019-11-22 Partitioning Palestine is the first history of the ideological and political forces that led to the idea of partition that is a division of territory and sovereignty in British mandate Palestine in the first half of the twentieth century Inverting the spate of narratives that focus on how the idea contributed to or hindered the development of future Israeli and Palestinian states Penny Sinanoglou asks instead what drove and constrained British policymaking around partition and why partition was simultaneously so appealing to British policymakers yet ultimately proved so difficult for them to enact Taking a broad view not only of local and regional factors but also of Palestine's place in the British empire and its status as a League of Nations mandate Sinanoglou deftly recasts the story of partition in Palestine as a struggle to maintain imperial control After all British partition plans imagined space both for a Zionist state indebted to Britain and for continued British control over key geostrategic assets depending in large part on the forced movement of Arab populations With her detailed look at the development of the idea of partition from its origins in the 1920s Sinanoglou makes a bold contribution to our understanding of the complex interplay between internationalism and imperialism at the end of the British empire and reveals the legacies of British partitionist thinking in the broader history of decolonization in the modern Middle East      **Winston Churchill and the British Constitution** Kevin Theakston, 2004 A detailed account of Churchill's constitutional thinking and of his impact on the British constitution during the longest and most extraordinary political career in 20th century Britain      Malta University of London: Institute of Commonwealth Studies, 2006-12-08 The main purpose of the British Documents on the End of Empire Project BDEEP is to publish documents from British official archives on the ending of colonial and associated rule and on the context in which this took place This publication contains documents which trace British policy towards Malta from the restoration of responsible government in 1946 the attempts at integration and its failure during the years 1954 to 1958 the re imposition of direct rule from 1958 to 1962 to the achievement of its independence in September 1964 and post colonial Anglo Maltese relations during the period 1964 to 1972      *A Rough Passage: V. 2* Ken Barnes, 2007 This is an inspiring memoir of a colonial life set against the background of the ending of the British Empire Evacuated as a schoolboy from England to Malaya in 1940 and then to Australia Barnes returned to England in 1943 while the U boat war was still at its height After university he left England again to join the Colonial Administrative Service in Nigeria in 1954 as that country was rushed from Protectorate to independence While still on his first tour he caught polio which left him severely paralysed but was able to continue working In 1960 he was transferred to Malawi where the Federation of Rhodesia and Nyasaland was about to be dismantled even

more speedily and remained there until 1971 by which time the budget was balanced and he was able to hand over as Permanent Secretary of the Malawian Treasury to a Malawian. On his return from Africa soon after this Barnes was appointed to the staff of the European Commission in Brussels specialising in development aid to former European colonies. Tragically his wife died of leukaemia shortly after their arrival there and when the expansion of the Community provided the opportunity to take early retirement in 1987 he did so returning to an England in which he had never before lived on any long term basis. Full of vivid stories and colourful anecdotes about the management of Empire this moving personal history charts the author's journey from his childhood in Malaya before the Second World War to his present retirement in Hungerford.

*Bibliography of Imperial, Colonial, and Commonwealth History Since 1600* Andrew N. Porter, 2002. The twentieth century witnessed an unprecedented growth of research and publication on the history of Britain's empire, the Commonwealth and British expansion overseas. Historical work by area specialists has transformed the state of knowledge concerning colonial North America, India, the Caribbean, sub-Saharan Africa, South and South East Asia, the Pacific and Australasia. Much has been written about Britain's interests and presence in areas and societies never formally subjected to British rule such as Latin America and the Middle and Far East. Most recently a preoccupation with the reciprocal impact of overseas expansion and colonial possessions on Britain itself has produced a rapidly growing historiography. Publication on this scale has made it virtually impossible for anyone either to keep track of the results or to follow up particular interests. Britain's overseas history has never been well supplied with comprehensive bibliographical aids and despite extensive public interest in the subject the position has steadily worsened. Following the recent Oxford History of the British Empire this volume is therefore designed to provide a general source of reference and bibliographical guidance at once wide ranging up to date and accessible. **The British National Bibliography** Arthur James Wells, 2006. *Churchill: The Scottish Years* Andrew Liddle, 2022-10-06. This is the true story of Winston Churchill and Scotland. In the popular imagination Winston Churchill is the bulldog of 1940, uncompromising and Conservative. But in 1922 he was the reforming progressive Liberal MP for Dundee who after five successive election wins and a majority of 15,000 could confidently claim to have a seat for life. But one man had other ideas. This is the story of how God-fearing teetotaler Edwin Scrymgeour fought and won an election against Britain's most famous politician. Andrew Liddle vividly brings to life an extraordinary rivalry as it unfolded over fifteen years and also explores for the first time Churchill's controversial Scottish legacy including his attitude to devolution. Rich and well-written, a vital insight. *The Scotsman*. A fascinating story. *Times Radio*. A brilliant book. Andrew Adonis. *The Story of Britain: From the Romans to the Present: A Narrative History* Rebecca Fraser, 2006-11-17. A beautifully written story, a box of delights, a treasure trove, final proof of truth's superiority over fiction. Andrew Roberts. A sparkling anecdotal account with the pace of an epic about the men and women who created turning points in history. Rebecca Fraser's dramatic portrayal of the scientists, statesmen, explorers, soldiers, traders and artists who forged Britain's national institutions is the perfect introduction to British history.

Just as much as kings and queens battles and empire Britain's great themes have been the liberty of the individual the rule of law and the parliamentary democracy invented to protect them Ever since Caractacus and Boudicca surprised the Romans with the bravery of their resistance Britain has stood out as the home of freedom From Thomas More to William Wilberforce from Gladstone to Churchill Britain's history is studded with heroic figures who have resisted tyranny in all its guises whether it be the Stuart kings belief in divine right the institution of slavery or the ambitions of Napoleon and Hitler
