Scottish Motor Industry:

The Scottish Motor Industry Michael Worthington Williams, 2008-03-04 With the exception of the Hillman Imp plant at Linwood private car production in Scotland effectively ceased with the closure of the Arrol Johnston's factory in 1931 The story of the Scottish motor industry is the story of Argyll Arrol Johnston and Albion but of these only Albion survived into modern times At various times Scotland has supported well over fifty independent manufacturers of motor cars motorcycles trucks and buses and this book chronicles the rapid rise from 1897 and the slow decline of the Scottish industry which set in from 1914 onwards About the author Michael Worthington Williams is a member of the Society of Automotive Historians and the Guild of Motoring Writers a Sotheby's consultant and a regular contributor on early vehicle subjects to many magazines

The Motor Industry of Great Britain Society of Motor Manufacturers and Traders, 1929 **The Motor Car Journal**, 1901 The Decline of the British Motor Industry (Routledge Revivals) Peter Dunnett, 2013-09-05 First published in 1980 this book considers the British motor industry over the period between 1945 and 1979 analysing the ways in which the industry suffered a considerable decline in the post war era when compared to motor industries of other countries or to most other British industries Rather than blaming labour and management as has frequently been the case the author argues that the decline can be traced back to poor government policy Tracing how when and where government policies affected the industry the book examines policies clearly directed at the motor industry such as transport legislation and motor taxation In addition the work considers the consequences of many policies which were targeted only indirectly at the motor industry as the author argues that whilst government policy may have succeeded in its aim e.g. improving employment for the balance of payments the motor industry may have suffered as a consequence Written in non technical language the reissue will be of interest to those concerned with post war UK economic development the UK motor industry in particular and the history of government policy in general **Automotive Industry and Trade of Great Britain and Ireland** William M.
