The Eastern Screech Owl Frederick R. Gehlbach, 2009-06 The eastern screech owl widespread over the eastern half of North America

and noticeably tolerant of human activity is one of America's most familiar birds. Residing naturally in wooded environs with tree cavities, this owl lives well in suburbia and can be found nesting in mailboxes, porch columns, and purple martin houses. Based on a twenty-five year study, biologist Frederick R. Gehlbach tells the life story of the eastern screech owl, focusing on case studies of suburban and rural study plots in Central Texas. This is the first thorough study of major life history, behavioral, and ecological features of the species. Indeed, it is the first concurrent comparative study of an urban and a rural population of any New World animal. Told in a personal voice, the story of these birds will interest all who have not lost touch with their ancestral world. However, Gehlbach has also included quantitative data and analysis of interest to ecologists, wildlife biologists, and ornithologists. Photographs, including color shots of the gray and rufous phases, figures, and tables provide further detail. Gehlbach's investigations have been those of not only an academic ecologist but a suburbanite curious about his natural surroundings. The result is a model of research on species population dynamics and adaptation, yielding an emerging picture of what the eastern screech owl needs for successful coexistence with human neighbors. *Children's Books in Print*, R. The Screech Owls have come to Salt Lake City for the Peewee Winter Games with the championship game to be played on the same ice surface where the Canadian men and women won Olympic hockey gold. Nish has plans to run his own competition, the Gross Out Olympics, featuring everything from taping players to dressing room walls with duct tape to the Snot Shot, seeing how far they can fire a jellybean using only their noses. He also has a team contest to see who can figure out the Great Nish Secret and guess what the nuttiest Screech Owl of all has buried at centre ice for good luck. But that secret pales once the Owls find out something strange, something terrifying is going on in the tunnels deep beneath the magnificent hills surrounding the Olympic site.
