Hamid,2017-11-01 Digital technology and the Internet have revolutionized film criticism programming and preservation in deeply paradoxical ways The Internet allows almost everyone to participate in critical discourse but many print publications and salaried positions for professional film critics have been eliminated Digital technologies have broadened access to filmmaking capabilities as well as making thousands of older films available on DVD and electronically At the same time however fewer older films can be viewed in their original celluloid format and newer digitally produced films that have no material prototype are threatened by ever changing servers that render them obsolete and inaccessible Cineaste one of the oldest and most influential publications focusing on film has investigated these trends through a series of symposia with the top film critics programmers and preservationists in the United States and beyond This volume compiles several of these symposia Film Criticism in America Today 2000 International Film Criticism Today 2005 Film Criticism in the Age of the Internet 2008 Film Criticism The Next Generation 2013 The Art of Repertory Film Exhibition and Digital Age Challenges 2010 and Film Preservation in the Digital Age 2011 It also includes interviews with the late celebrated New Yorker film critic Pauline Kael and the critic John Bloom Joe Bob Briggs as well as interviews with the programmers curators Peter von Bagh and Mark Cousins and with the film preservationist George Feltenstein This authoritative collection of primary source documents will be essential reading for scholars students and film enthusiasts **Hollywood Drive** Eve Light

Before Breakfast at Tiffany s Audrey Hepburn was still a little known actress with few film roles to speak of after it indeed

because of it she was one of the world's most famous fashion style and screen icons. It was this film that matched her with Hubert de Givenchy's little black dress. Meanwhile, Truman Capote's original novel is itself a modern classic selling huge numbers every year and its high living author of perennial interest. Now this little book tells the story of how it all happened: how Audrey got the role for which at first she wasn't considered and which she at first didn't want; how long it took to get the script right; how it made Blake Edwards' name as a director after too many trashy films had failed to; and how Henry Mancini's soundtrack with its memorable signature tune Moon River completed the irresistible package. This is the story of how one shy, uncertain, inexperienced young actress was persuaded to take on a role she at first thought too hard-edged and amoral and how it made Audrey Hepburn into gamine elusive Holly Golightly in the little black dress and a star for the rest of her life.

[The History of British Literature on Film, 1895-2015](#) Greg M. Colón Semenza, Bob Hasenfratz, Robert J. Hasenfratz, 2017-01-26 From *The Death of Nancy Sykes* (1897) to *The Hobbit: The Battle of the Five Armies* (2014) and beyond, cinematic adaptations of British literature participate in a complex and fascinating history. *The History of British Literature on Film, 1895-2015* is the only comprehensive narration of cinema's 100-year-old love affair with British literature. Unlike previous studies of literature and film, which tend to privilege particular authors such as Shakespeare and Jane Austen or particular texts such as *Frankenstein* or particular literary periods such as Medieval, this volume considers the multiple functions of filmed British literature as a cinematic subject in its own right, one reflecting the specific political and aesthetic priorities of different national and historical cinemas. In what

ways has the British literary canon authorized and influenced the history and aesthetics of film and in what ways has filmed British literature both affirmed and challenged the very idea of literary canonicity Seeking to answer these and other key questions this indispensable study shows how these adaptations emerged from and continue to shape the social artistic and commercial aspects of film history
