Screening The Market A Four Step Method To Find Analyze Buy And Sell Stocks:

The Value Connection Marc H. Gerstein, 2003-10-07 A market beating method for finding success in trading stocks Value is a concept that frequently eludes investors especially when it comes to stocks In many cases successfully identifying value can make the difference between picking a winner and getting burned The Value Connection offers a systematic and doable method investors can use to take advantage of value in the stock market Based on author Marc Gerstein s Value Connection method this book will show investors how to find potentially attractive value connections analyze specific situations to see if the value connection is sound buy the best value connected opportunities and sell stocks for which the value connection has weakened The proven four step method outlined which allows investors to understand the relationship between a company and its stock will help any investor screen the stock market for the best values out there Real world examples make understanding this revolutionary investing method easy Marc H Gerstein New York NY is the Director of Investment Research at Multex Prior to that he was in the research and editorial department at Value Line Over the course of two decades he analyzed stocks across a wide variety of industries and sectors including household products specialty retail restaurants mining energy hotel gaming homebuilding airlines railroads and media Gerstein appears periodically on CNNfn Bloomberg TV and is often quoted in USA Today CBS MarketWatch The Wall Street Journal The New York Daily News and Money Online He is also the author of Screening the Market 0 471 21559 7 The Investor's Guide to Understanding Accounts Robert Leach, 2004 Many investors ignore company accounts because they think they are too difficult But as the great investor Peter Lynch said Investing without looking at the numbers is like playing bridge without looking at the cards The mission of this book is to explain to ordinary investors with no accounting knowledge what to look for in a set of accounts and how to interpret what you find so that you have an accurate health check on a company in ten simple steps Robert Leach considers the entire subject from an investor s point of view by asking and then answering the questions which matter most He also looks at the techniques which companies sometimes use to flatter their accounts and shows how accounts for companies in different sectors have to be looked at differently The 10 Crunch questions 1 Is the company growing 2 Are costs under control 3 Does it make a profit 4 How much cash does it have 5 Is its market value supported by assets 6 Is it using debt wisely 7 Are there any hidden nasties 8 Is management good enough 9 Can I expect a reliable income 10 Are there any threats to my interests **The Complete Guide to Single Stock Futures** Russell R.
