Stopping and seeing are sometimes referred to as the yin and yang of Buddhist meditation complementary twin halves of a unified whole In essence stopping and seeing refers to stopping delusion and seeing truth processes back to basic Buddhist practice One of the most comprehensive manuals written on these two essential points of Buddhist meditation is The Great Stopping and Seeing a monumental work written by sixth century Buddhist master Chih i Stopping and Seeing the first translation of this essential text covers the principles and methods of a wide variety of Buddhist meditation techniques and provides an in depth presentation of the dynamics of these practices The Spirit and the Screen Steven Félix-Jäger,Chris E. W.

Green,2023-05-15 The Spirit and the Screen engages contemporary films from the perspective of pneumatology to give theologies of culture fruitful new perspectives that begin with the Spirit rather than other common theological contact points Christology anthropology theological ethics creation eschatology etc This book explores pertinent pneumatological issues that arise in film as well as literary devices that draw allusions to the Spirit It offers three main contributions first it explores how Christian understandings of the person and work of the Spirit illuminate the nature of film and film making second it shows that there are in fact Spirit figures in film as distinct from but inseparable from Christ figures even if sometimes they re not intended as such Spirit led characters are moved to act prophetically against their inclinations and in excess of their skill or knowledge and with eccentric life giving creativity third it identifies subtle and explicit symbolizations of the Spirit in

pop culture symbolizations that requires deep careful thinking about the Christian doctrine of the Spirit and generate new horizons for cultural analysis The contributors of this book explore these issues asking how Christian convictions and experiences of the Spirit might shape the way one thinks about films and film making     *Natural Science and the Culture of Sages and Worthies* □□□,2018-01-28 Chapter Zero The Substitute Preface The Wuji and the Taiji Polar Relativity Slice up a Watermelon The Most Precision Instrument The moment one dharma arises all dharmas will follow Things based on causes and conditions do not really exist However as conditions arise they shouldn't be considered non-existent The Absolute Truth Every Dot is the Whole Chapter One Enter the Culture of Sages and Worthies from Natural Science Know the culture of sages and worthies again The Relationship of Matter and Emptiness in the Mass energy Equation 1 Matter itself is emptiness 2 Strange sparks in the air 3 Attach importance to traditional Chinese Culture III What is a Quantum The experiment of Water Knows verifies the relationship between the internal appearance and the external appearance of the mind Two Types of Spontaneity in Nature 1 The value and meaning of a human life exist in wisdom 2 How to use the two spontaneities in everyday life 3 The ten Dharma Realms and the transmigration of a life VI The Infinite Divisibility of a Particle 1 The relationship between matter energy and information 2 Because of the sensory dusts we produce knowledge Because of the sensory organs we find appearances Inside and outside have the same noumenon Chapter Two The perpetual motion machine Neutralization How to Make a Perpetual Motion Machine 1 A perpetual motion machine cannot be made by a dissipative structure system 2 The software civilization and the hardware civilization 3 The information structure of the software 4 The one appearance is the perpetual motion machine II Middle is the great root under heaven 1 The neutralization of carbon 2 Depolarization leads to neutralization III The phenomenon of neutralization and their applications 1 The stability of the structure of the octet 2 Like things repel and unlike things attract 3 Develop a harmonious society Chapter Three Ecological Civilization and Psychological Civilization The Present Situation of the Environment 1 The destruction and pollution of natural environment 2 The situation of social environment Mental pollution leads to environmental pollution 1 The scientific experiment of Water Knows 2 Mental pollution Ecology and Psychology Lecture One Effects of Psychology on Ecology 1 Is there an I a self What is an I a self 2 Ecological civilization 3 The polluted psychological civilization 4 The mind is the environment and the environment is the mind Restore psychological civilization Lecture Two The oneness of the mind and the environment Chapter Four Matter and field Matter and the field 1 No separation of subjectivity and objectivity no separation of matter and energy 2 Matter is from energy Matter energy and conservation 3 The modes of motion 4 Period and cycle is the fundamental law in the physical world 5 Energy comes from information structures 6 The pure information structure of zero destiny and the still and changeless state Discoveries are made according to one's own karmas 1 Strange sparks in the sky Zhuang Zhou's dream and the butterfly's dream 2 Wave particle Duality and discoveries made according to one's own karmas 3 Understand the mechanism of Discovery Chapter Five The Original Source and Origins of the Universe
