The Concept of Self in Hinduism, Buddhism, and Christianity and Its Implication for Interfaith Relations Kiseong Shin, 2017-05-05 This is the first comparative study of the self and no self in Hinduism Buddhism and Christianity In spite of doctrinal differences within these three belief systems they agree that human beings are in a predicament from which they need to be liberated Indian religions including Hinduism and Buddhism share the belief that human nature is inherently perfectible while the epistemological and psychological limitation of the human being is integral to Christian belief Regarding the immortality of the human being Hinduism and Christianity traditionally and generally agree that human beings as atman or soul possess intrinsic immortality On the contrary Buddhism teaches the doctrine of no self anatta Further in their quest to analyze the human predicament and attempt a way out of it they employ different concepts such as sin and salvation in Christianity attachment tanka and enlightenment nirvana in Buddhism and ignorance avidya and liberation moksa in Hinduism This volume seeks to show that behind these concepts are deep concerns related to human existence and its relationship with the whole creation These common concerns can be a basis for a greater understanding and dialogue between Christians Hindus and Buddhists

The Crucible of Religion Wojciech Maria Zalewski, 2012-02-13 Religion is commonly viewed through the

lens of the world's religious traditions stressing the differences and often the conflicts among them. The author of this book instead presents religion as a common and universal human phenomenon based deeply in a human nature shared by all. In this view the underlining and unifying principle of religion is a particular affirmative attitude toward life which he presents as the Ultimate Value and as such the key cultural constituent and defining factor of all religion. This Ultimate Value finds its expressions in various civilizations and results in a variety of forms; these are what we know as the world's religious traditions. By analyzing the roles of both culture and civilization in their attitudes toward life, the author places religion beyond religious traditions and shows how the latter, regardless of whether they are theistic or atheistic, draw their principles from the former mainly by promoting the Golden Rule in its applications.

Mantra Harold Coward, Harold G. Coward And David J. Goa, 2008-01-30. The experience of the divine in India has three components: sight, performance, and sound. One in a trilogy of books that include Diana Eck's *Darsan: Seeing the Divine in India* and Susan L. Schwartz's *Rasa: Performing the Divine in India*, *Mantra* presents an introduction to the use of sound mantra in the practice of Indian religion. Mantra in the form of prayers, rituals, and chants permeates the practice of Indian religion in both temple and home settings. This book investigates the power of mantra to transform consciousness. It examines the use and theory of mantra under various religious schools such as the Patanjali sutras and tantra and includes references to Hindu, Sikh, Sufi, Islam, and Buddhist traditions. This edition adds new sections on the use of sacred sound in Hindu and Sikh North American diaspora communities and on the North American non-Indian practice of yoga and mantra.

Religion Martin Forward, 2012-12-01. All too frequently humans are involved only in seeing religion from either an academic or a proselytising point of view; we forget the human side, the faith and belief, the wonder that is the driving force behind religion. Launching Oneworld's series of Beginner's Guides introductory titles with a twist, this study probes to the heart of religion, examining a range of issues with clarity and concision. From the origins of religious belief to the role of festivals and the life beyond this one, this incisive little volume draws on history, theology, philosophy, and the words of great thinkers, old and new, to introduce the timeless truths behind our common spiritual quests.

Doing the Work of Comparative Theology Veli-Matti Kärkkäinen, 2020-01-28. In a world that is more religiously diverse than ever before, our coworkers and neighbors may well be adherents of other faiths. But how many of us really grasp the similarities and differences between the major world religions? Comparative theology is one increasingly important way to bridge this gap, especially for Christian leaders and professors, but also for lay people and students. Veli-Matti Kärkkäinen introduces the nature and work of comparative theology, then delves into a detailed doctrine-by-doctrine comparison of Christian teachings with those of historical and contemporary Judaism, Islam, Buddhism, and Hinduism. With every doctrine, he first presents a summary of consensual Christian belief and then orients the reader to the distinctive teachings of other faith traditions, highlighting parallels and differences. Ideal for students, ministers, instructors, and lay people interested in interfaith dialogue, *Doing the Work of Comparative Theology* distills the comparative theological rigor of

Kirk's Constructive Christian Theology for the Pluralistic World series into an accessible and user friendly textbook Readers will not only learn basic methodology but also begin to undertake the actual work of comparative theology

Understanding World Religions Irving Hexham, 2011-03-22 Globalization and high speed communication put twenty first century people in contact with adherents to a wide variety of world religions but usually valuable knowledge of these other traditions is limited at best On the one hand religious stereotypes abound hampering a serious exploration of unfamiliar philosophies and practices On the other hand the popular idea that all religions lead to the same God or the same moral life fails to account for the distinctive origins and radically different teachings found across the world's many religions Understanding World Religions presents religion as a complex and intriguing matrix of history philosophy culture beliefs and practices Hexham believes that a certain degree of objectivity and critique is inherent in the study of religion and he guides readers in responsible ways of carrying this out Of particular importance is Hexham's decision to explore African religions which have frequently been absent from major religion texts He surveys these in addition to varieties of Hinduism Buddhism Judaism Christianity and Islam

Scoffing at Scripture Frank Bolger Kelly, 2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world's major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and *Scoffing at Scripture* A Commoner Reads the World's Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world's priestly and virtually all-male elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly's intent is to facilitate critical analysis of the world's holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non-sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world's major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them

Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born Scoffing at Scripture A Commoner Reads the World s Holy Writ and Rejects Traditional Religion a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance
