hearts struggle seriously with this issue Although these children will eventually adapt in a healthy fashion the road to emotional health and harmony can be a rocky one Becoming a Family tackles this intricate issue head on It provides parents with effective strategies for ensuring that their adopted child adjusts as quickly and seamlessly as possible Practical and accessible this book will help parents identify severe problems before the adoption significantly reduce the risk of future difficulty improve the damage already done to the child s otherwise normal healthy development and dramatically help enfold the child into a family ready to give love security and a new life
