Looking at Philosophy Donald Palmer, 2024 Wittgenstein once said that a whole philosophy book could be written consisting of nothing but jokes This is not that book nor does this book treat the history of philosophy as a joke This book takes philosophy seriously but not gravely As the subtitle indicates the goal of the book is to lighten the load a bit How to do this without simply throwing the cargo overboard First by presenting an overview of Western philosophy from the sixth century B C E into the early twenty first century in a way that introduces the central philosophical ideas of the West and their evolution in a concise readable format without trivializing them but at the same time without pretending to have exhausted them or to have plumbed their depths Second following a time honored medieval tradition by illuminating the margins of the text *Looking At Philosophy: The Unbearable Heaviness of Philosophy Made Lighter* Donald Palmer, 2009-06-12 Distilled from Donald Palmer's more than 30 years of teaching experiences this approachable historically organized text exemplifies Dr Palmer's very successful light hearted approach to teaching introduction to philosophy Through the use of humor drawings charts and diagrams serious philosophical topics come alive for the readers without compromising the seriousness of the subject matter The text can be used as a core text or as a supplement to any reader **Looking At Philosophy: The Unbearable Heaviness Of Philosophy Made Lighter ISE** Donald Palmer, 2023-05-12 **Looking At Philosophy: The Unbearable Heaviness of Philosophy Made Lighter** Donald Palmer, 2005-06-07 Distilled from Donald Palmer's more than 30 years of teaching experiences this approachable text historically organized text exemplifies Dr Palmer's very successful light hearted approach to teaching introduction to philosophy Through the use of humor drawings charts and diagrams serious philosophical topics come alive for the readers without compromising the seriousness of the subject matter The text can be used as a core text or as a supplement to any reader **Looking at Philosophy** PALMER, 2019-03-29 The Writer's Book of Memory Janine Rider, 2013-11-05 Memory has long been ignored by rhetoricians because the written word has made memorization virtually obsolete Recently however as part of a revival of interest in classical rhetoric scholars have begun to realize that memory offers vast possibilities for today's writers Synthesizing research from rhetoric psychology philosophy and literary and composition studies this volume brings together many historical and contemporary theories of memory Yet its focus is clear memory is a generator of knowledge and a creative force which deserves attention at the beginning of and throughout the writing process This volume emphasizes the importance of recognizing memory's powers in an age in which mass media influence us all and electronic communication changes the way we think and write It also addresses the importance of the individual memory and voice in an age which promotes conformity Written in a strong lively personal manner the book covers a great deal of scholarly material It is never overbearing and the extensive bibliography offers rich vistas for further study **The Complete Home Learning Sourcebook** Rebecca Rupp, 1998 Lists all the resources needed to create a balanced curriculum for homeschooling from preschool to high school level **A Sneetch is a**

Sneetch and Other Philosophical Discoveries Thomas E. Wartenberg, 2013-02-28 Taking Picture Books Seriously What can we learn about philosophy through children's books This warm and charming volume casts a spell on adult readers as it unveils the surprisingly profound philosophical wisdom contained in children's picture books from Dr Seuss's Sneetches to William Steig's Shrek With a light touch and good humor Wartenberg discusses the philosophical ideas in these classic stories and provides parents with a practical starting point for discussing philosophical issues with their children Accessible and multi-layered it answers questions like Is it okay for adults to deceive kids What's the difference between saying the Mona Lisa is a great painting and vanilla is your favorite flavor Each chapter includes illustrations commissioned especially for this book

Thoughtful Images Thomas E. Wartenberg, 2023-01-17 Thoughtful Images demonstrates that there is a rich tradition of illustrations of philosophy that originated in Ancient Greece spread throughout Europe thrived in twentieth century America and continues to this day Illustration is not generally regarded as a genuine art form on a par with painting and sculpture and many believe that the abstract claims made by philosophers are not amenable to being rendered in visual images Wartenberg shows that the denigration of illustration as an art form is misguided in a number of ways
