Roy MacGregor, 2002 In February 2002 the greatest hockey teams this country could muster headed to Salt Lake City to compete in the Winter Olympics Our men and women hoped to go all the way to the finals but it had been fifty long years since the Canadians had won Olympic gold In the past they had come close it was just that luck always seemed to be against them This time however their chances to end the long drought were good The women looked set for a medal although the all powerful American team stood between them and the ultimate prize The Canadian men faced strong opponents too but prospects were good for the all star team assembled by the great Wayne Gretzky And this time both teams had a secret weapon So secret in fact they didn't even know it existed At first Like all good secrets this one was too good not to pass along Under the surface at centre ice Trent Evans had hidden a Canadian loonie The expert ice maker had been invited down from Edmonton to help install the ice for the Games and this was his little good luck charm for our Olympic hockey teams Perhaps he figured the guys could use some home ice advantage A Loonie for Luck is the true story of that loonie and the magic it wove at Salt Lake City It follows Wayne Gretzky Trent Evans and the men's and women's teams through their time at the Games And it pays tribute to the role of superstition and chance in hockey a part of the sport not always acknowledged but one that brings real magic to the game With the close co operation of Wayne Gretzky and Trent Evans Roy MacGregor tells the inside story of how the coin came to be in Trent Evans pocket and then buried under centre ice He tells how throughout the Games the loonie was in danger of being uncovered as the secret began to spread and how as the tournament progressed
