Mayer, 1985-09-01 For too long the study of law and society in the modern Middle East has been left to specialists in narrow subcategories of law or the social sciences *Property Social Structure and Law in the Modern Middle East* lays the groundwork for a new field of scholarship in which analysis of the social dimensions of law and the legal dimensions of social structure are integrated It offers the stimulus of a variety of new models of scholarship by a distinguished international group of contributors whose work shares a common focus on regimes of property in the societies of the modern Middle East The case studies examine the regulations of many kinds of property in relation to the social structures of selected Middle Eastern communities from the eighteenth century to the present Most of the societies studied are subjected to pressures for rapid modernization and adjustment to major economic transformations The book features comparisons of property rights and relations under regimes of Islamic and customary law as well as modern statutory law Highlighted are new patterns of intervention by modern Middle Eastern states to alter traditional regimes of property and to transform the accompanying social structures Their implications for development are also considered The book's notes and bibliographies constitute a valuable resource for anyone interested in further research **Urbanisation and State Formation in the Ancient Sahara and Beyond** Martin Sterry, David J. Mattingly, 2020-03-26 This ground breaking volume pushes back conventional dating of the earliest sedentarisation urbanisation and state formation in the Sahara **Murder in Marrakesh** Jonathan G. Katz, 2006-11-16 In Morocco nobody dies without a reason Susan Gilson Miller Harvard University In the years leading up to World War I the Great Powers of Europe jostled one another for control over Morocco the last sovereign nation in North Africa France beat out its rivals and added Morocco to its vast colonial holdings through the use of diplomatic intrigue and undisguised force But greed and ambition alone do not explain the complex story of imperialism in its entirety Amid fears that Morocco was descending into anarchy Third Republic France justified its bloody conquest through an appeal to a higher ideal France's self proclaimed civilizing mission eased some consciences but led to inevitable conflict and tragedy *Murder in Marrakesh* relates the story of the early days of the French conquest of Morocco from a new perspective that of mile Mauchamp a young French doctor his compatriots and some justifiably angry Moroccans In 1905 the French foreign ministry sent Mauchamp to Marrakesh to open a charitable clinic He died there less than two

years later at the hands of a mob Reviled by the Moroccans as a spy Mauchamp became a martyr for the French His death a tragedy for some created opportunity for others and set into motion a chain of events that changed Morocco forever As it reconstructs Mauchamp s life this book touches on many themes medicine magic vengeance violence mourning and memory It also considers the wedge French colonialism drove between Morocco s Muslims and Jews This singular episode and compelling human story provides a timely reflection on French Moroccan relations colonial pride and the clash of civilizations

Moroccan Monarchy and the Islamist Challenge M. Daadaoui,2011-08-15 This book examines the factors behind the survival and persistence of monarchical authoritarianism in Morocco and argues that state rituals of power affect the opposition forces ability to challenge the monarchy

French Military Rule in Morocco Moshe Gershovich,2012-10-12 This analysis of French colonial ideology and interest in Morocco delineates the manner in which the agents of the protectorate regime sought to conquer the country and control its indigenous inhabitants Numerous comparative perspectives are offered placing the French policy towards Morocco in a wider context making this study relevant to not only North Africa but also to other parts of the post colonial world

The Berbers Robert Montagne,2020-07-15 France entered the North African world in 1830 Its overt political role there ended in 1962 The interpenetration of cultures and languages which resulted from the colonial conquest has not ended yet No doubt a time will come when an intellectual balance sheet of this epoch comes to be drawn up When this is done Robert Montagne s name will head the list of those Frenchmen who have made a study of Berber society The brilliance of his ideas the thoroughness and perceptiveness of his documentation the range of his historical and comparative vision and a trait not always found in scholarly writing on North Africa the simplicity and vigour of his style all help to make plain that we have here a social thinker and observer of the very first rank and one who deserves to be far better known outside the French speaking world than he is at present
