O'Deane,2011-12-20 As gang violence continues to rise across the country and the world police departments prosecutors and community members are seeking new methods to reduce the spread of gang related criminal activity Civil gang injunctions have become a growing feature of crime control programs in several states across the nation Gang Injunctions and Abatement *Black and Brown in Los Angeles* Josh Kun,Laura Pulido,2014 *Black and Brown in Los Angeles* is a timely and wide ranging interdisciplinary foray into the complicated world of multiethnic Los Angeles The first book to focus exclusively on the range of relationships and interactions between Latinas os and African Americans in one of the most diverse cities in the United States the book delivers supporting evidence that Los Angeles is a key place to study racial politics while also providing the basis for broader discussions of multiethnic America Students faculty and interested readers will gain an understanding of the different forms of cultural borrowing and exchange that have shaped a terrain through which African Americans and Latinas os cross paths intersect move in parallel tracks and engage with a whole range of aspects of urban living Tensions and shared intimacies are recurrent themes that emerge as the contributors seek to integrate artistic and cultural constructs with politics and economics in their goal of extending simple paradigms of conflict cooperation or coalition The book features essays by historians economists and cultural and ethnic studies scholars alongside contributions by photographers and journalists working in Los Angeles Gold Line Phase II, Pasadena to Montclair, Los Angeles and San Bernardino Counties ,2004 Taser Electronic Control Devices and Sudden In-custody Death Howard E. California. Legislature. Assembly, **American Philanthropic Foundations** David C. Hammack, Steven Rathgeb
Smith, 2018-04-16 Once largely confined to the biggest cities in the mid Atlantic and Great Lakes states philanthropic
foundations now play a significant role in nearly every state Wide ranging and incisive the essays in American Philanthropic
Foundations Regional Difference and Change examine the origins development and accomplishments of philanthropic
foundations in key cities and regions of the United States Each contributor assesses foundation efforts to address social and
economic inequalities and to encourage cultural and creative life in their home regions and elsewhere This fascinating and
timely study of contemporary America s philanthropic foundations vividly illustrates foundations commonalities and
differences as they strive to address pressing public problems **Redistributing the Poor** Armando Lara-Millán, 2021
Whenever the topic of large jails and public hospitals in urban America is raised a single idea comes to mind It is widely
believed that because we as a society have dis invested from public health the sick and poor now find themselves within the
purview of criminal justice institutions In *Redistributing the Poor* ethnographer and historical sociologist Armando Lara Mill
n takes us into the day to day operations of running the largest hospital and jail system in the world and argues that such
received wisdom is a drastic mischaracterization of the way that states govern urban poverty at the turn of the 21st century
Rather than focus on our underinvestment of health and overinvestment of criminal justice his idea of redistributing the poor
draws attention to how state agencies circulate people between different institutional spaces in such a way that generates
revenue for some agencies cuts costs for others and projects illusions that services have been legally rendered By centering
the state s use of redistribution Lara Mill n shows how certain forms of social suffering the premature death of mainly poor
people of color are not a result of the state s failure to act but instead the necessary outcome of so called successful policy
