Miguel Leon-Portilla

Los Informantes the Informants:

A History of Colombian Literature Raymond Leslie Williams, 2016-06-13 In recent decades the international recognition of Nobel Laureate Gabriel García Márquez has placed Colombian writing on the global literary map. A History of Colombian Literature explores the genealogy of Colombian poetry and prose from the colonial period to the present day. Beginning with a comprehensive introduction that charts the development of a national literary tradition, this History includes extensive essays that illuminate the cultural and political intricacies of Colombian literature. Organized thematically, these essays survey the multilayered verse and fiction of such diverse writers as José Eustacio Rivera, Tomás Carrasquilla, Álvaro Mutis, and Darío Jaramillo Agudelo. Written by a host of leading scholars, this History also devotes special attention to the lasting significance of colonialism and multiculturalism in Colombian literature. This book is of pivotal importance to the development of Colombian writing and will serve as an invaluable reference for specialists and students alike.

La droga Benjamin Smith, 2022-11-08 La verdadera historia del narcotráfico en México. A partir de una investigación de archivo sin precedentes, documentos filtrados de la DEA, la policía mexicana y canales como docenas de entrevistas desgarradoras, Smith cuenta una historia emocionante y llena de personajes vívidos como Ignacia La Nacha Jasso, la Reina de las Drogas de Ciudad Juárez, Leopoldo Salazar Viniegra, el médico que argumentó que la marihuana era inofensiva y trató de despenalizar la morfina, o Harry Anslinger, el maquillado fundador de la Oficina Federal de Narcóticos de Estados Unidos, quien incitó el pánico racista por las drogas para aumentar su presupuesto y poder. Smith también perfila los relatos cotidianos de los trabajadores agrícolas cuyas historias revelan tanto los beneficios económicos como el costo humano del tráfico de sustancias ilegales. La droga explica la complicada dinámica que ha impulsado el combate a las drogas desde principios del siglo XX hasta la actualidad, así como su fracaso. Investiga las políticas respaldadas por Estados Unidos que han exacerbado la carnicería en territorio mexicano y explora la corrupción en ambos lados de la frontera. Un libro clave para comprender la perspectiva histórica del narcotráfico en México y cómo los mitos alrededor de él han conformado una imagen distorsionada de este país en el imaginario estadounidense actual. La droga es impresionante. Arroja una luz implacable sobre los rincones más oscuros de una historia siniestra, revela el empoderamiento de los narcotraficantes mexicanos y las responsabilidades de los gobiernos de Estados Unidos y México.

Sergio Aguayo, profesor investigador del Centro de Estudios Internacionales de El Colegio de México. Con las habilidades de un buen historiador y el entusiasmo de un verdadero narrador, Benjamin T. Smith descubre las raíces retorcidas de la catastrófica guerra contra las drogas. Una historia fascinante, surrealista y trágica. Ioan Grillo, autor de *El narco*. La droga ofrece una historia amplia y compulsivamente atractiva que da un vuelco a más de un siglo de falsa retórica, destrozando los mitos más insidiosos y persistentes sobre el narcotráfico en México.

Francisco Cantó, autor de *La línea se convierte en río*. Benjamin T. Smith disipa los mitos con una dosis de realidad muy necesaria. Las guerras contra las drogas en México son la consecuencia sangrienta de la voraz demanda de drogas de Estados Unidos y la insistencia simultánea en

prohibirlas El costo ha sido sorprendente como lo demuestra Smith en este libro Daniel Immerwahr autor de *How to Hide an Empire* La profundidad de los conocimientos de Smith asombra y sus agudas crónicas a la política de drogas de Estados Unidos dan en el blanco Esta historia punzante deja una huella Publishers Weekly Bernardino de Sahagún Miguel Leon-Portilla,2012-09-13 He was sent from Spain on a religious crusade to Mexico to detect the sickness of idolatry but Bernardino de Sahagún c 1499 1590 instead became the first anthropologist of the New World The Franciscan monk developed a deep appreciation for Aztec culture and the Nahuatl language In this biography Miguel Leon Portilla presents the life story of a fascinating man who came to Mexico intent on changing the traditions and cultures he encountered but instead ended up working to preserve them even at the cost of persecution Sahagún was responsible for documenting numerous ancient texts and other native testimonies He persevered in his efforts to study the native Aztecs until he had developed his own research methodology becoming a pioneer of anthropology Sahagún formed a school of Nahuatl scribes and labored with them for more than sixty years to transcribe the pre conquest language and culture of the Nahuas His rich legacy our most comprehensive account of the Aztecs is contained in his *Primeros Memoriales* 1561 and *Historia General de las Cosas de Nueva España* 1577 Near the end of his life at age 91 Sahagún became so protective of the Aztecs that when he died his former Indian students and many others felt deeply affected Translated into English by Mauricio J Mixco Leon Portilla's absorbing account presents Sahagún as a complex individual a man of his times yet a pioneer in many ways Visiones y revisiones de la discapacidad Brogna, Patricia,2024-06-17 *Visiones y revisiones de la discapacidad* es una obra que reúne numerosos puntos de vista análisis ensayos estudios y estadísticas de autores de diferentes países acerca de un problema asociado ya a los derechos civiles y a una reformulación de las políticas públicas Se trata desde luego de un libro interdisciplinario que nos llevar a una nueva forma de pensar respecto a la discapacidad casi siempre envuelta de historias de segregación y discriminación **The Awakening of Man** Daath Gnosis,Samael Aun Weor,2014-03-18 Fragments of diverse lectures centered around the theme of the three factors of the revolution of the consciousness Published in 1979 Read this booklet casual reader and you can be sure you have got in your hands a Wisdom which can convert you into a Superman which gives you power in order to break all the chains that bind you to vices and pleasures paths which lead to the devastation Here is the fulcrum of Archimedes that he had asked for in order to move the universe Lee este librito lector ocasional y puedes estar seguro que ha llegado a tus manos una Sabiduría que puede convertirte en Superhombre que te da poder para romper todas las cadenas que te atan a vicios y placeres caminos que conducen a la devastación Aquí tienes el punto de apoyo que pedía Arquímedes para mover el universo **The Aesthetic Border** Brantley Nicholson,2022-05-22 This groundbreaking study examines how modern Colombian literature from Gabriel García Márquez to Juan Gabriel Vásquez reflects one of the world's most tumultuous entrances into globalization While these literary icons one canonical the other emergent bookend Colombia's fall and rise on the world stage the period between the two was inordinately violent spanning

the Colombian urban novel's evolution into narco literature Marking Colombia's cultural and literary manifestations as threefold this book explores García Márquez's retreat to a rural romanticism that paradoxically made him a global literary icon the country's violent end to the twentieth century when its largest economic export was narcotics and the contemporary period in which a new major author has emerged to create a literature of national reconstitution Harkening back to the Regeneration movement and extending through the early twenty first century this book analyzes the cultural implications of Colombia's relationship to the wider world *Language Mapping* Jürgen Erich Schmidt, 2011-03-30 The Handbook of Language Mapping aims to explore the core methodological and theoretical approaches of linguistic cartography In both empirical and theoretical linguistics the spatial variation of language is of increasing interest and the visualization of language in space is therefore also of growing significance It is the precondition for correct data interpretation But how does it work What has to be considered when drawing a map And how has the problem been tackled so far This book provides answers to such questions by taking a closer look at the theoretical issues surrounding cartography and at the concrete practice of mapping The fundamental issues raised are addressed particularly well since linguistic geography is not only one of the domains with a lengthy tradition it is also one of the most progressive fields in linguistics At the same time because of their visual primacy linguistic maps directly confront the challenges of human perception and aesthetics In this context envisioning the fruits of language mapping is a fascinating and inspiring endeavor not just for experts With its accessible texts and wealth of full color images the handbook not only represents a comprehensive manual serving the interests of a variety of readers it also fills a gap in the ongoing linguistic discourse Plantas y sabiduría popular del Parque Natural de Montesinho Ana María Carvalho, 2010 *Carlos Monsivís* Linda Egan, 2001-09 One of Mexico's foremost social and political chroniclers and its most celebrated cultural critic Carlos Monsivís has read the pulse of his country over the past half century The author of five collections of literary journalism pieces called *crónicas* he is perhaps best known for his analytic and often satirical descriptions of Mexico City's popular culture This comprehensive study of Monsivís's *crónicas* is the first book to offer an analysis of these works and to place Monsivís's work within a theoretical framework that recognizes the importance of his vision of Mexican culture Linda Egan examines his ideology in relation to theoretical postures in Latin America the United States and Europe to cast Monsivís as both a heterodox pioneer and a mainstream spokesman She then explores the poetics of the contemporary chronicle in Mexico reviewing the genre's history and its relation to other narrative forms Finally she focuses on the canonical status of Monsivís's work devoting a chapter to each of his five principal collections Egan argues that the five books that are the focus of her study tell a story of ever renewing suspense we cannot know the end until Monsivís is through constructing his literary project Despite this she observes his work between 1970 and 1995 documents important discoveries in his search for causes effects and deconstructions of historical obstacles to Mexico's passage into modernity While anthropologists and historians continue to introduce new paradigms for the study of

Mexico's cultural space Egan's book provides a reflexive twist by examining the work of one of the thinkers who first inspired such a critical movement More than an appraisal of Monsiv is it offers a valuable discussion of theoretical issues surrounding the study of the chronicle as it is currently practiced in Mexico It balances theory and criticism to lend new insight into the ties between Mexican society social conscience and literature *Occasional Papers*, 1980 Indigenous America in the Spanish Language Classroom Anne Fountain, 2023-06-01 A critical resource for inclusive teaching in the Spanish classroom Although Indigenous peoples are active citizens of the Americas many Spanish language teachers lack the knowledge and understanding of their history culture and languages that is needed to present the Spanish language in context By presenting a more complete picture of the Spanish speaking world Indigenous America in the Spanish Language Classroom invites teachers to adjust their curricula to create a more inclusive classroom Anne Fountain provides teachers with key historical and cultural information about Indigenous peoples throughout the Americas and explains how to incorporate relevant resources into their curricula using a social justice lens This book begins with an overview of the Iberian impact on Indigenous Americans and connects it to language teaching giving practical ideas that are tied to language learning standards Each chapter finishes with a list for further reading inviting teachers to dig deeper The book ends with a set of ten conclusions and an extensive list of resources organized by topic to help teachers find accurate information about Indigenous America to enrich their teaching Fountain includes illustrations that relate directly to teaching ideas Hard to find resources and concrete teaching ideas arranged by level as well as a glossary of important terms make this book an essential resource for all Spanish language teachers **Common Knowledge** Christian Isendahl, 2002 *Etnobotánica en el Alto Valle del Reno (Toscana y Emilia-Romagna, Italia)* MARÍA TERESA EGEA MOLINES, 2018 The Upper Rhine Valley AVR is borderland between the Italian regions of Tuscany and Emilia Romagna The natural and cultural heritage based upon ethnobotanical knowledge in the AVR area has been studied documented and analysed using semi structured interviews The information is presented through an ethnological and floristic catalogue including both cultivated and wild species known to the local community Although there is evidence of a great biocultural richness in the old oral tradition important erosion phenomena threatening the conservation of ethnobotanical knowledge immaterial culture and associated plants material culture have been highlighted The reasons behind the phenomena are partly due to the abandonment of agro pastoral practices as well as to the significant changes in the management of the territory and in the life forms **Rhetorical Visions of Medicine Compared and Contrasted** Margarita Gangotena-González, 1981 **Mexican Literature** David William Foster, 2010-07-22 Mexico has a rich literary heritage that extends back over centuries to the Aztec and Mayan civilizations This major reference work surveys more than five hundred years of Mexican literature from a sociocultural perspective More than merely a catalog of names and titles it examines in detail the literary phenomena that constitute Mexico's most significant and original contributions to literature Recognizing that no one scholar can authoritatively cover so much territory David

William Foster has assembled a group of specialists some of them younger scholars who write from emerging trends in Latin American and Mexican literary scholarship The topics they discuss include pre Columbian indigenous writing Joanna O Connell Colonial literature Lee H Dowling Romanticism Margarita Vargas nineteenth century prose fiction Mario Mart n Flores Modernism Bart L Lewis major twentieth century genres narrative Lanin A Gyurko poetry Adriana Garc a theater Kirsten F Nigro the essay Martin S Stabb literary criticism Daniel Altamiranda and literary journals Luis Pe a Each essay offers detailed analysis of significant issues and major texts and includes an annotated bibliography of important critical sources and reference works

Now You are a Woman Maria-Barbara Watson-Franke,1983 *Benjamin Lee Whorf y el problema de la intelección* Jesús Gerardo Martínez del Castillo,2001 El problema del conocimiento en su manifestaci n ling stica es estudiado por Whorf como el problema de la variedad y el relativismo ling sticos tos se manifiestan en la lengua en el pensamiento en la manera de concebir la realidad y en la conducta de los hablantes La base de los mismos est en la lengua misma Estudiar hoy a Whorf tiene un doble inter s por el problema en s y por los fundamentos atribuye al mismo A Whorlf se le atribuye una concepci n determin sticas sobre la intelecci n de las cosas Para Whorf el supuesto determinismo era un relativismo en la concepci n de las cosas seg n patrones ling sticos El inter s de Whorf no obstante estaba en desentra ar las influencias ling sticas de los hablantes al hablar y concebir la realidad para conocer m s y mejor la realidad

From Viracocha to the Virgin of Copacabana Verónica Salles-Reese,2010-07-05 Surrounded by the peaks of the Andean cordillera the deep blue waters of Lake Titicaca have long provided refreshment and nourishment to the people who live along its shores From prehistoric times the Andean peoples have held Titicaca to be a sacred place the source from which all life originated and the site where the divine manifests its presence In this interdisciplinary study Ver nica Salles Reese explores how Andean myths of cosmic and ethnic origins centered on Lake Titicaca evolved from pre Inca times to the enthronement of the Virgin of Copacabana in 1583 She begins by describing the myths of the Kolla pre Inca people and shows how their Inca conquerors attempted to establish legitimacy by reconciling their myths of cosmic and ethnic origin with the Kolla myths She also shows how a similar pattern occurred when the Inca were conquered in turn by the Spanish This research explains why Lake Titicaca continues to occupy a central place in Andean thought despite the major cultural disruptions that have characterized the region s history This book will be a touchstone in the field of Colonial literature and an important reference for Andean religious and intellectual history

Etnógrafos coloniales David Mauricio Adriano Solodkow,2022-03-14 Etn grafos coloniales reflexiona sobre los dispositivos de saber y las relaciones de dominaci n simb lica y material que se ejercieron mediante el discurso etnogr fico sobre diversas etnias ind genas de la Am rica colonial en el Caribe y en Nueva Espa a principalmente aunque no se limita a estos espacios geogr ficos Tambi n analiza c mo y por qu se diseminan en este discurso una serie de enunciados que colaboran en la construcci n de la diferencia cultural la negaci n creaci n de la alteridad la producci n del saber sobre el ind gena y la configuraci n de nuevas identidades sociales y tnicas

Asimismo el volumen explora las relaciones de instrumentalidad política soberana jurídica encomienda y religiosa conversión que el discurso etnográfico del imperio español mantuvo con respecto a la justificación de la ocupación colonial y con la llamada misión civilizadora de Europa sobre la América conquistada. Se propone así un análisis de tipo interdisciplinario que estudia géneros variados crónicas tratados religiosos cédulas leyes utilizando las herramientas metodológicas y técnicas de la crítica literaria y cultural los estudios coloniales el análisis del discurso y la antropología.

Fifteen Poets of the Aztec World

Miguel León-Portilla, 1992. In this first English language translation of a significant corpus of Nahuatl poetry into English Miguel León Portilla was assisted in his rethinking augmenting and rewriting in English by Grace Lobanov. Biographies of fifteen composers of Nahuatl verse and analyses of their work are followed by their extant poems in Nahuatl and in English.

Decoding **Los Informantesthe Informants**: Revealing the Captivating Potential of Verbal Expression
