

(((Six Signs of Hearing Loss)))

About one-third of older adults have hearing loss, and the chance of developing it increases with age.

Trouble understanding
people over the phone

Finding it hard to
follow conversations
when two or more
people are talking

Often asking people
to repeat themselves

Needing to turn up the
TV volume higher than
other people do

Trouble understanding
others because of
background noise

Thinking that others
seem to mumble

Loss Of Hearing

Ravonne A. Green,Vera Blair

Loss Of Hearing:

The Hearing-Loss Guide John M. Burkey, 2015-03-01 Although millions of people could use good advice about hearing loss it turns out that asking is difficult and accurate advice is hard to come by This book directly addresses the problem it provides useful first hand advice from people who have experienced hearing loss themselves along with accurate treatment information from a highly experienced audiologist Prompted to write this book by a patient who thought the reality of hearing loss and its associated problems could only be truly understood by someone with personal experience audiologist John M Burkey gathered information from his own patients and their spouses The Hearing Loss Guide presents their candid recommendations for anyone who suffers hearing loss as well as families friends and co workers The author opens with chapters on the basics of hearing loss hearing aids and other devices and treatments He then turns to his patients who discuss coping with hearing loss the real life consequences of losing hearing how to get help adapting to a hearing aid and other useful topics Family members also offer valuable advice A resource guide completes this indispensable volume

Hearing Loss Michael Martin (OBE.), Brian Grover, 1986 **Hear what You've Been Missing** Donna S.
