silent war is taking place in cities all over the planet It is covered up by the media mental health system NGOs and our elected officials Now that the financial elite are finished using the US military and allied forces to conquer nations in their quest for global domination they re neutralizing individuals and groups of resisters who live among the people To do this they have recruited a major portion of the civilian population which is used as a surrogate force to persecute those who have been identified as enemies As part of the same agenda the security forces are conducting psychological operations on civilians and torturing them with directed energy weapons The entire operation is in service to some very wealthy psychopaths who rule our society as part of a global revolution intended to result in a planetary dictatorship known as the New World Order

and 20th Century experiments To say that there are other black budget projects involving Tesla based research would vastly underestimate the total amount of research and development being conducted right now by many countries worldwide And these are the projects that we know about Who knows how many deep dark secret projects are being conducted right now with science that could be decades even hundreds of years beyond what civilian science knows about today This work exposes such topics as Reverse Gravity Free Energy Contact With Hidden Dimensions Mysterious Radio Signals From Space Earth Changes Freak Weather Patterns Electric Death Rays UFOs Particle Beam Weapons and much much more
