Cosmic American Rhapsody Ray Sweatman,2024-08-12 Get ready for a wild ride as country rock pioneer Gram Parsons struggles to survive both physically and spiritually at the Lost Highway Motel As his life flashes before him several colorful

characters try to help him find the meaning of life such as the ghosts of his parents a strange policeman a transcendentalist and the animated animals from Hee Haw With rich allusions to both popular and classical culture it is at turns hilarious poetic tragic and thought provoking **EXploZion!** Ross Wells,2002 Were you first attracted to me or my art the dangerous feline beauty purred coyly curling on the soft black leather chair in the dark southwestern corner of the Pink Iguana coffee house Isis an intoxicating beatnik poet encourages a cowboy drifter to resurrect his lost dream regardless of the consequences In Beat Generation fashion modeled after their icons novelist William S Burroughs and film director David Cronenberg Gabriel a traveling folk rock artist and Isis his oriental muse compose an explosive New Wave film that exposes corruption abuse harassment censorship and mind control in contemporary society As a result the couple fights for their lives against the corrupt bureaucratic establishment This revolutionary first novel by Texas playwright Ross Wells also features a unique guide to the most unusual yet influential films ever made So get hip and dig this incendiary film trip You ve never experienced anything like it *Texture In Film* Lucy Fife Donaldson,2014-08-13 Drawing on interdisciplinary perspectives of art literature and music Donaldson develops a stimulating understanding of a concept that has received little detailed attention in relation to film Based in close analysis *Texture in Film* brings discussion of style and affect together in a selection of case studies drawn from American cinema **The Oneiric in the Films of David Lynch** Raphael Morschett,2024-06-27 *The Oneiric in the Films of David Lynch* is the first systematic book length study to explore the nature and function of dreams in David Lynch s different phases and audio visual formats There is hardly a contemporary film director whose name is as closely linked to the dream like as that of David Lynch Both popular and academic discourse frequently identify Lynch s films by their dreamlike qualities However in the existing literature on Lynch these qualities tend to remain underspecified in terms of their experiential dimension Departing from an interest in the phenomenon of dream experience this is the first systematic book length study exploring the nature and function of the oneiric in the director s different phases and audio visual formats It shows that over the course of 50 years Lynch has developed a cinematic aesthetics of the oneiric an ensemble of four dream related dimensions that unfolds its full potential in the dynamic interplay between sensory address and reflective medialization On the one hand the Lynchian oneiric presents a markedly sensory perceptual mode of experience both characters and viewers are challenged in their perceptual patterns while at the same time being immersed in the material dream scenario On the other hand the Lynchian oneiric provides a mode of both psychological and medial reflection Not only the characters but the films themselves are inclined to turn back on themselves in a dream exploring the preconditions possibilities and limitations of their own existence and ability to know the world The oneiric in Lynch s films is thus of phenomenological media theoretical and philosophical interest *Pulling Focus* Jane Stadler,2008-09-15 The most powerful films have an afterlife Their sensory appeal and their capacity to elicit involvement in story character and conflict reaches beyond the screen to subtly reframe the way spectators view ethical issues and agents within the narrative and in

the world outside the cinema Pulling Focus Intersubjective Experience and Narrative Film questions how cinematic narratives relate to and affect ethical life Extending Martha Nussbaum and Wayne Booth's work on moral philosophy and literature to consider cinema Dr Stadler shows that film spectatorship can be understood as a model for ethical attention that engages the audience in an affective relationship with characters and their values Building on Vivian Sobchack's Address of the Eye and Carnal Thoughts she uses a phenomenological approach to analyse ethical dimensions of film extending beyond narrative content arguing that the camera describes experience and views screen characters with an evaluative form of perception an ethical gaze in which spectators participate Films discussed include Dead Man Walking Lost Highway Batman Begins Nil By Mouth and Eternal Sunshine of the Spotless Mind **David Lynch** Justus Nieland,2012-04-15 A key figure in the ongoing legacy of modern cinema David Lynch designs environments for spectators transporting them to inner worlds built by mood texture and uneasy artifice We enter these famously cinematic interiors to be wrapped in plastic the fundamental substance of Lynch's work This volume revels in the weird dynamism of Lynch's plastic worlds Exploring the range of modern design idioms that inform Lynch's films and signature mise en scene Justus Nieland argues that plastic is at once a key architectural and interior design dynamic in Lynch's films an uncertain way of feeling essential to Lynch's art and the prime matter of Lynch's strange picture of the human organism Nieland's study offers striking new readings of Lynch's major works Eraserhead Blue Velvet Wild at Heart Mulholland Dr Inland Empire and his early experimental films placing Lynch's experimentalism within the aesthetic traditions of modernism and the avant garde the genres of melodrama film noir and art cinema architecture and design history and contemporary debates about cinematic ontology in the wake of the digital This inventive study argues that Lynch's plastic concept of life supplemented by technology media and sensuous networks of an electric world is more alive today than ever **The Complete Lynch** David Hughes,2014-04-30 After working with David on his previous work for the series The Complete Kubrick we knew we were on to a winner for this book Not only is David Lynch a master of modern film making but David Hughes is well qualified to write this complete book The book covers all Lynch's films including Mulholland Drive TV and other projects as well as the unrealised ventures such as Revenge of the Jedi later directed by Richard Marquand as Return of the Jedi It also includes a foreword by Barry Gifford the novelist behind Wild at Heart and co writer with Lynch of the screenplay for Lost Highway and excerpts from a new interview David Hughes carried out with David Lynch himself The Complete Lynch is the only comprehensive study of this great director **Impure Cinema** Lúcia Nagib,Anne Jerslev,2013-10-24 Impure Cinema goes back to Bazin's original title precisely for its defence of impurity applying it on the one hand to cinema's interbreeding with other arts and on the other to its ability to convey and promote cultural diversity In contemporary progressive film criticism ideas of purity essence and origin have been superseded by favourable approaches to hybridization transnationalism multiculturalism and cross fertilizations of all sorts Impure Cinema builds on this idea in novel and exciting ways as it draws on cinema's combination of intermedial and

intercultural aspects as a means to bridge the divide between studies of aesthetics and culture Film is revealed here as the location par excellence of media encounters mutual questioning and self dissolution into post medium experiments Most importantly the book argues film s intermedial relations can only be properly understood if their cultural determinants are taken into account Scholars and students of film cinefiles and students of the arts will discover here unexpected connections across many artistic practices

The Shape of Things to Come Greil Marcus, 2007-08-21 From the author of *Mystery Train* and *Lipstick Traces* an exhilarating and provocative investigation of the tangle of American identity America is a place and a story made up of exuberance and suspicion crime and liberation lynch mobs and escapes its greatest testaments are made of portents and warnings biblical allusions that lose all certainty in the American air It is this story of self invention and nationhood that Greil Marcus rediscovers beginning with John Winthrop s invocation of America as a city on the hill Lincoln s second inaugural address and Martin Luther King Jr s speech about his American dream Listening to these prophetic founding statements Marcus explores America s promise as a New Jerusalem and the nature of its covenant first with God and then with its own citizens In the nineteenth century this vision of the nation s story was told in public as part of common discourse to be fought over in plain speech and flights of gorgeous rhetoric Since then Marcus argues it has become cryptic a story told more in art than in politics He traces it across the continent and through time hearing the tale in the disparate voices of writers filmmakers performers and actors Philip Roth David Lynch David Thomas Allen Ginsberg Sheryl Lee and Bill Pullman In *The Shape of Things to Come* the future and the past merge in extraordinary and uncanny ways and Marcus proves once again that he is our most imaginative and original cultural critic

Richard Pryor in Hollywood Anthony Balducci, 2018-07-05 Hollywood studios were once eager to bring stand up comedy king Richard Pryor s dynamic humor to the big screen so much so that studio executives gave him full access to available resources and creative control to develop his own projects Unfortunately Pryor s screen talents were far less acclaimed than his stage ones and flops such as *The Toy* and *Superman III* greatly diminished his reputation The author examines how this downfall unfolded through comprehensive analyses of each of Pryor s movies

David Lynch and the American West Rob E. King, Christine Self, Robert G. Weaver, 2023-02-09 This collection convenes diverse analyses of David Lynch s newly conceived dreamlike neo noir representations of the American West a first in studies of regionalism and indigeneity in his films Twelve essays and three interviews address Lynch s image of the American West and its impact on the genre Fans and scholars of David Lynch s work will find a study of his interpretations of the West as place and myth spanning from his first feature film *Eraserhead* 1977 through the third season of *Twin Peaks* in 2017 Symbols of the West in Lynch s work can be as obvious as an Odessa Texas street sign or as subtle as the visual themes rooted in indigenous artistry Explorations of cowboy masculinity violence modern frontier narratives and representations of indigeneity are all included in this collection

David Lynch Tom Huddleston, 2025-09-09 An in depth richly illustrated exploration of the work and life of cinema and TV s greatest cult creator Without David Lynch our world would have been a much more ordinary place As a filmmaker screenwriter designer musician visual artist and living avatar of all things uncanny his influence pervaded every corner of our culture Alongside his game changing TV series *Twin Peaks* Lynch also created big screen masterpieces such as his DIY debut *Eraserhead* and

unconventional mystery thrillers *Blue Velvet*, *Lost Highway* and *Mulholland Drive*. But Lynch was also a cult figure in his own right, releasing albums under his own name, staging art shows, photography exhibitions and design showcases from LA to Milan, and sharing his spiritual philosophy and love of Transcendental Meditation with audiences around the globe. Published in a lavish slip-cased edition, *David Lynch: His Work, His World* covers all aspects of this truly eclectic output while also exploring Lynch's many influences to tell the full story of how he worked, created, thought and lived.
