

A person wearing a cowboy hat and a long-sleeved shirt is riding a dark horse. The scene is set against a bright sunset or sunrise, with the sun low on the horizon, creating a strong silhouette effect. The rider is looking down and to the left. The horse is in motion, and the rider's legs are visible. The background shows a hazy landscape with hills and a fence line.

Lost Horse:

Record of the Services of Illinois Soldiers in the Black Hawk War 1831-32, and in the Mexican War, 1846-8

Anonymous, 2024-04-10 Reprint of the original first published in 1813 *Montana Geographic Names Geological Survey* (U.S.). Branch of Geographic Names, 1982 **Hooked on Hiking: Southern California** Ann Marie Brown, Tim Lohnes, Bart

Wright, 2013-07-23 Each of these decks is packed with 50 hiking adventures and comes equipped with a handy clip on carabiner for bringing cards along wherever the trail leads Take a hike through Southern California's beautiful parks forests and more Hikes include Joshua Tree Death Valley Channel Islands National Park Kings Canyon **Emperor's World**

William "Bill" Gibson, James William "Bill" Gibson, 2009-10 Emperor's World is the story of a stallion and a herd of mares that he rustled from ranches in Colorado He leads his herd up into the rugged mountain valleys of western Colorado The herd affects many people who come into contact with the horses An old Indian eventually affects all the people's lives even more profoundly than the horses Three young couples and their parents' lives are followed as the youngsters mature from teenagers to adulthood all affected by the horses in the hills There are light and happy moments during their carefree years as well as more serious consequences One girl miraculously recovers from a near death accident The Angel that brought the miracle had also had contact with the herd A kidnapping and a murder are also caused by the herd of horses' presence This crime leads to an investigation that has several unexpected turns A dangerous high speed pursuit leads to the end of the criminal acts and a tragedy for two families Emperor's World has two parallel paths One tells about the horses and their lives up in the mountains The second path is about all the people involved The story merges the two paths into one Emperor's World is an entertaining and easy read The story orchestrates all the human emotions love hate greed happiness with large choruses of humor smiles and tears Footnote, 1977 Property and the Law of Finders Robin

Hickey, 2010-01-20 Are finders keepers This most simple of questions has long evaded a satisfactory legal answer Generally it seems to have been accepted that a finder acquires a property right in the object of her find and can protect it from subsequent interference but even this turns out to be the baldest statement of principle resting on obscure and confused authority This first full length treatment of finders sets them in their legal historical context and discovers a fascinating area of law lying at the crossroads of crime obligations and property That on the same facts a finder might be thief bailee and or property right holder has clouded our conceptual analysis and prevented us from stating simply our rules about finding Nonetheless when the applicable doctrines and policies of our property law particularly the central concept of possession are explored and understood in the light of countervailing rules of crime and tort we can argue confidently that despite centuries of doubt and confusion English law has succeeded in producing a body of law that is theoretically and practically coherent Property and the Law of Finders makes this argument and will appeal to anyone specifically interested in the law of personal property and also to those with broader concerns about the evolution of common law concepts and their ability to yield
