Lost in Spain John Wilson,2000 When Ted and his parents are vacationing in Europe during the summer of 1936 they become embroiled in the burgeoning Spanish Civil War **Spain's Lost Jewels: Cuba and Mexico** Thomas Rees,1906

Lost in Spain John Wilson,2000-03-01 During a European summer holiday in 1936 Ted discovers his own sense of courage when violent incidents separate his family and he decides to help a girl who is involved in the Spanish Civil War

Lost Oklahoma Treasure W. Craig Gaines,2021-03-22 Oklahoma keeps its secrets Adventurers combing the Wichita Mountains for the legendary Lost Cave with an Iron Door can slake their thirst at Cache Creek or Treasure Lake Following the tradition of French and Spanish explorers miners and pioneers stashed their valuable discoveries along the Santa Fe Trail and the California Road Chief Opothleyahola reportedly buried gold coins that could be worth more than 14 million today while businessman Dr John J Hayes never returned from a Confederate refugee camp to reclaim his hidden fortune From the unrecovered loot of the James Gang to the fabled funds of the Knights of the Golden Circle W Craig Gaines tracks tales of treasure across sixty Oklahoma counties *Lost Treasures of American History* W.C. Jameson,2006-10-09 With his

storyteller s gift Jameson relates episodes from early explorers through the colonial period the Civil War the settling of the West and the roaring 1920s As a professional treasure hunter he has followed the trails of many of the lost mines and buried treasures he describes Sample treasures include Sir Francis Drake Treasure Benedict Arnold Treasure Lafayette s Sunken Riches Maryland s Lost Silver Mine The Wandering Confederate Treasury Lost Treasure of the Gray Ghost Oklahoma Outlaw Cache and Lost Spanish Gold in the Sandia Mountains *Love's Labour's Lost* William Shakespeare,1906 **My Lost**

Poets Philip Levine,2018-04-03 Now in paperback essays speeches and journal entries from one of our most admired and best loved poets that illuminate how he came to understand himself as a poet the events and people that he wrote about and the older poets who influenced him In prose both as superbly rendered as his poetry and as down to earth and easy as speaking Levine reveals the things that made him the poet he became In the title essay originally the final speech of his poet laureate year he recounts how as a boy he composed little speeches walking in the night woods near his house and how he later realized these were his first poems He wittily takes on the poets he studied with in the Iowa Writers Workshop John Berryman who was his great teacher and lifelong friend and Robert Lowell who was neither His deepest influences jazz Spain the working people of Detroit are reflected in many of the pieces There are essays on the Spanish poets he admires on William Carlos Williams Wordsworth Keats and others A wonderful moving collection of writings that add to our knowledge and appreciation of Philip Levine both the man and the poet *The Eve of Spain* Patricia E. Grieve,2020-03-03 The Eve of Spain demonstrates how the telling and retelling of one of Spain s founding myths played a central role in the formation of that country s national identity King Roderigo the last Visigoth king of Spain rapes or possibly seduces La Cava the daughter of his friend and counselor Count Julian In revenge the count travels to North Africa and conspires with its Berber rulers to

send an invading army into Spain So begins the Muslim conquest and the end of Visigothic rule A few years later in Northern Spain Pelayo initiates a Christian resistance and starts a new line of kings to which the present day Spanish monarchy traces its roots Patricia E Grieve follows the evolution of this story from the Middle Ages into the modern era as shifts in religious tolerance and cultural acceptance influenced its retelling She explains how increasing anti-Semitism came to be woven into the tale during the Christian conquest of the peninsula in the form of traitorous Jewish conspirators In the sixteenth century the tale was linked to the looming threat of the Ottoman Turks The story continued to resonate through the Enlightenment and into modern historiography revealing the complex interactions of racial and religious conflict and evolving ideas of women's sexuality In following the story of La Cava Rodrigo and Pelayo Grieve explains how foundational myths and popular legends articulate struggles for national identity She explores how myths are developed around few historical facts how they come to be written into history and how they are exploited politically as in the expulsion of the Jews from Spain in 1492 followed by that of the Moriscos in 1609 Finally Grieve focuses on the misogynistic elements of the story and asks why the fall of Spain is figured as a cautionary tale about a woman's sexuality

Lost in Spain John Wilson, 2023-06 Wilson offers a unique perspective on this fascinating era even minor characters are brought to life Library Journal Ted Ryan and his parents have a chance to escape the drudgery of the Depression in Canada for a holiday in Europe Unfortunately it is the summer of 1936 and Spain where Ted longs to see a bullfight is exploding in civil war Swept up in the chaos Ted finds himself alone and searching for his missing father The only person who can help him is Dolores a beautiful Spanish revolutionary who can explain what is going on but who is in just as much danger as Ted as they travel across the war-torn countryside replete with the constant menace of danger and death Recommended Canadian Book Review Annual moves along at a breakneck pace CCL The Caught in Conflict Collection is an imprint of fast-paced historically accurate morally complex quick reads for Teens and Adults

The Lost War for Texas James Aalan Bernsen, 2024-07-08 One of the most important themes in US history is the series of struggles that transformed the Southwest from a Spanish to an American possession the Texas Revolution of 1836 and the Mexican American War of 1845 But what if historians have been overlooking a key event that led to these wars another war almost entirely unknown that took place on what is now US soil and dramatically shaped the development of the American Southwest to this day The true story of this war presented in The Lost War for Texas Mexican Rebels American Burrites and the Texas Revolution of 1811 is only now being revealed by never before published research which will challenge paradigms and reshape much of what we know about United States Texas and even Mexican history In the early 1800s the impact of the Napoleonic Wars rippled across the Atlantic Within weeks of the United States's declaration of war on England in 1812 hundreds of western militia forces rallied to a flag and marched boldly to war but not for the United States They instead invaded the province of Texas to make common cause with Mexican rebels who had launched their struggle against the Spanish monarchy the year before The resulting war changed the Southwest forever Author James Aalan

Bernsen places a spotlight on division and separatism at this pivotal moment of the second revolution of the United States

The Lost War for Texas by revealing the forgotten war of 1811 1812 will profoundly change how we understand the birth of the American Southwest Lost Texas Treasure: Sunken Ships, Rawhide Maps and Buried Plunder W. Craig Gaines,2022

Track pirate gold and misplaced riches across 168 counties in this comprehensive guide to the lost treasures of Texas

Countless fortunes have disappeared into the vast expanse of the Lone Star State The history of the coast is cluttered with shipwrecks like that of the 1554 Spanish fleet Even when pirates such as Jean Laffite managed to get their ill gotten gains ashore their loot vanished just as completely as if it had sunk beneath the waves Entire mines including the ventures of Jim Bowie and San Saba Presidio have been reclaimed by the earth The unmarked caches of bandits like Jesse James and Pancho Villa still bedevil the dreams of treasure seekers today W Craig Gaines reveals what has been lost what has been found and what remains to be recovered The Works of William Shakespeare: Much ado about nothing. Love's labour's lost. A midsummer-night's dream. The merchant of Venice. As you like it William Shakespeare,1921 **The Sister Republics**,1906 *The Spanish Civil War and the British Labour Movement* Tom Buchanan,1991-02-21 This book draws on a mass of documentary material to provide a major reinterpretation of British labour s response to the Spanish Civil War It challenges the view that the labour leadership betrayed the Spanish Republic and that this polarised the movement along left versus right lines Instead it argues that the overriding concern of the major leaders was to defend labour s institutional interests against the political destabilisation caused by the conflict rather than to defend Spanish democracy Although the main advocates of this position were trade union leaders associated with the labour right such as Walter Citrine and Ernest Bevin the book argues that their dominance reflected the centrality of the trade unions to labour movement decision making rather than the abuse of union power to achieve political goals Routledge Handbook of Islam in the West Roberto Tottoli,2014-09-19 Islam has long been a part of the West in terms of religion culture politics and society Discussing this interaction from al Andalus to the present this Handbook explores the influence Islam has had and continues to exert particularly its impact on host societies culture and politics Highlighting specific themes and topics in history and culture chapters cover European paradigms Muslims in the Americas Cultural interactions Islamic cultural contributions to the Western world Western contributions to Islam Providing a sound historical background from which a nuanced overview of Islam and Western society can be built the Routledge Handbook of Islam in the West brings to the fore specific themes and topics that have generated both reciprocal influence and conflict Presenting readers with a range of perspectives from scholars based in Europe the US and the Middle East this Handbook challenges perceptions on both western and Muslim sides and will be an invaluable resource for policymakers and academics with an interest in the History of Islam Religion and the contemporary relationship between Islam and the West **An elementary atlas of history and geography** John Sherren Brewer,1871 *The History of Rome with the Epitomes and Fragments of the Lost Books (Complete)* Titus
