Propuestas de investigación Susana Rida Rodríguez, 2008-05-19 Nuestras pretensiones en esta investigación se centran en analizar las mediaciones laborales desde la perspectiva de la pragmalingüística si bien es cierto que para delimitar el terreno propio de este género discursivo hacemos un estudio comparativo de los juicios los arbitrajes las conciliaciones y las mediaciones en este último caso abordamos también las mediaciones educativas en contextos interculturales Para llevar a cabo este análisis ofrecemos un capítulo introductorio donde tratamos el conflicto as

como una aclaración sobre los géneros extrajudiciales de resolución de conflictos haciendo hincapi en las mediaciones. A continuación ofrecemos un repaso diacrónico de estos géneros anexo 1. Del mismo modo aportamos un estado de la cuestión comentando algunos trabajos que se han realizado sobre este tema cuya base sea lingüística en particular o bien comunicativa en general. En el apartado de fundamentación teórica incluimos la descripción del marco comunicativo puesto que en los distintos géneros analizados nos encontramos con una estructura triádica en lugar de los clásicos estudios binarios que habitualmente han sido descritos en las investigaciones sobre comunicación. De otro lado mostramos un análisis léxico semántico de los diferentes vocablos que estamos manejando sirviéndonos de fuentes tan dispares como las diversas ediciones de los diccionarios de la Real Academia de la Lengua Española, diccionarios jurídicos, manuales de derecho y manuales sobre los mismos géneros extrajudiciales de resolución de conflictos. También presentamos un estudio de las Contemporary Issues in International Arbitration and Mediation Arthur W. Rovine, 2008. The 2007 volume of Contemporary Issues in International Arbitration and Mediation The Fordham Papers is a collection of important works in international arbitration and mediation written by the prominent speakers at the 2007 Fordham Law School Conference on International Arbitration and Mediation. The 24 papers are organized into the following five parts: Part I Investor State Arbitration; Part II Conduct of International Arbitration and Jurisdictional Issues; Part III Remedies and Defenses; Part IV Ethics Issues in International Arbitration; Part V Mediation.
