Natchez Moon:

Proceedings of the Philological Society Philological Society, 1846 *Moon Hunt* W. Michael Gear, Kathleen O'Neal Gear, 2017-11-21 An evocative novel of America's greatest pre-Columbian city by New York Times bestselling authors W. Michael Gear and Kathleen O'Neal Gear *The French domination* Charles Gayarré, 1867 **Native Land** Mary Ann Wells, 1994-01-01 From the Native American viewpoint a personal yet carefully documented chronicle about the lands that became the state of Mississippi. Virtually all written accounts of Native American history of the southeastern United States came from Europeans. Here filtered through a Native American perspective is a story of early Indian life in a region of the American South. This history for general readers has been assembled from many documentary resources to give the fascinating history of an enduring heritage. In pre-Columbian times the fertile and lushly forested lands that were destined to become the state of Mississippi had a flourishing population of many native tribes: Chickasaw, Taposa, Tunica, Yazoo, Chakchiuma, Koroa, Grigra, Natchez, Choctaw, Acolapissa, Biloxi, Pascagoula, and others. Few accounts have been written from their perspective. Until now there has been no book-length investigation of their history as told from their viewpoint.

Native American Stories of the Sacred, 2011-06-29 The wisdom from these stories can become a companion on your own spiritual journey. Native American stories of the sacred are intended for more than entertainment; they are teaching tales containing elegantly simple illustrations of time-honored truths. From tales of Creation to Why stories that help explain the natural world around us, these stories highlight the sacredness of all life and affirm that we are each an integral part of all that is holy. Drawn from tribes across North America, these are careful retellings of traditional stories such as Son of Light's quest to win back his captured wife from the monstrous Man Eagle, humble Muskrat's noble self-sacrifice to establish solid land so other beings might live, Water Spider's creative solution for retrieving fire for all the animals, and White Buffalo Calf Woman's profound gift of the sacred pipe to the people. Each of the compelling stories in this collection illustrates principles that can guide you on your own spiritual quest. Now you can experience the wisdom of these teaching tales even if you have no previous knowledge of Native American traditions. SkyLight Illuminations provides insightful yet unobtrusive commentary that explains the cultural and spiritual significance of the seemingly mundane objects found in these stories: tobacco, gambling, even the exploits of mischievous tricksters such as Coyote and Weasel, while gracefully drawing comparisons to Christian, Jewish, Buddhist, and Hindu religious traditions among others. Whatever your spiritual heritage, these Native American stories of the sacred are sure to delight and inspire you with the sacredness of all Creation and remind you that the earth does not belong to us; we belong to the earth. *Secret Cities of Old South America* Harold T. Wilkins, 2008-11-01 Monstrous beasts, lost worlds, vanished civilizations, Amazon warriors, even Atlantis and Noah's ark figure in this wondrous and rare book. Hard to find in print before now, this obscure 1952 work is an artifact itself of the postwar fascination with all things mysterious, from flying saucers to ancient astronauts to the third eye. In this wildly entertaining and more than a little

bit preposterous document Wilkins takes us from mountain jungles to unexplored swamps on a search for the hidden secrets of old South America Seekers after the arcane and fans of the paranormal will delight in this odd and extraordinary volume British journalist and historian HAROLD T WILKINS 1891-1960 is also the author of *Mysteries of Ancient South America* 1945 and *Mysteries of Time and Space* 1958 *The Indians of the Southeastern United States* John Reed Swanton, 1946
