Nation And State In Late Imperial Russia:

Nation and State in Late Imperial Russia Theodore R. Weeks, 2008 *Nation and State in Late Imperial Russia* Theodore R. Weeks, 2008 If one were to pick a single explanation for the fall of the tsarist and Soviet empires it might well be Russia's inability to achieve a satisfactory relationship with non-Russian nationalities. Perhaps no other region demonstrates imperial Russia's national dilemma better than the western provinces and Kingdom of Poland, an extensive area inhabited by a diverse group of nationalities including Poles, Jews, Ukrainians, Belorussians, Russians, and Lithuanians. Taking an in-depth look at this region during an era of intensifying national feeling, Weeks shows that the Russian government, even at the height of its empire, never came to terms with the question of nationality. Drawing upon little-known Russian and Polish archives, Weeks challenges widely held assumptions about the national policy of late imperial Russia and provides fresh insights into ethnicity in Russia and the former Soviet Union. He demonstrates that rather than pursuing a plan of russification, the tsarist government reacted to situations and failed to initiate policy. In spite of the Russians' great distrust of certain minority nationalities, especially Jews and Poles, the ruling elite was equally uncomfortable with modern nationalism, even in its Russian form. Weeks demonstrates Russia's unwillingness or inability to use nationalistic policies to save the empire by examining its dilatory and contradictory actions regarding efforts to institute reforms in the western lands.

Russian Nationalism Since 1856 Astrid S. Tuminez, 2000 This thoughtful book describes the range of nationalist ideas that have taken root in Russia since 1856. Drawing on a wide range of archival documents and unparalleled interview material from the post-Soviet period, Tuminez analyzes two cases: Russian panslavism in 1856-1878 and great power nationalism in 1905-1914, when aggressive nationalist ideas clearly influenced Russian foreign policy and contributed to decisions to go to war. Yet not all forms of nationalism have been malevolent, and the author assesses competing nationalist ideologies in the post-Soviet period to clarify the conditions under which a particularly belligerent nationalism could flourish and influence Russian international behavior.

Late Imperial Russia Ian Thatcher, 2024-06-04 This volume offers a detailed examination of the stability of the late imperial regime in Russia. Students and scholars will appreciate the lively summaries of the latest scholarship in political, economic, social, cultural, and international history. Accessible yet insightful contributions cover the historiography of complex topics such as peasants, workers, revolutionaries, foreign relations, and Nicholas II. In addition, there are original studies of some of the leading intellectuals of the time. The late imperial economy is examined through the writings of Tugan-Baranovsky. There is an account of M. N. Pokrovskii's radical interpretation of late imperial Russia's historical path of development. The state of the Russian theatre is studied through the lives of theatrical impresarios. Each chapter also highlights a unique interpretation, suggesting new lines of inquiry and research. This book will be compulsory reading for students of Russian and European history of the late nineteenth and early twentieth centuries seeking to better understand why Tsarism collapsed in 1917.

Late Tsarist Russia, 1881-1913 Beryl Williams, 2020-09-17 This book brings

together the large volume of work on late Tsarist Russia published over the last 30 years to show an overall picture of Russia under the last two tsars before the war brought down not only the Russian empire but also those of Germany Austria Hungary and Turkey It turns the attention from the old emphases on workers revolutionaries and a reactionary government to a more diverse and nuanced picture of a country which was both a major European great power facing the challenges of modernization and industrialization and also a multi ethnic and multi confessional empire stretching across both Europe and Asia

A History Of Russia Volume 2 Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

Literary Scholarship in Late Imperial Russia (1870s-1917) Andy Byford, 2017-12-02 The turn of the twentieth century was a decisive moment in the institutionalisation of Russia's literary scholarship This is the first book in the English language to provide an in depth analysis of the emergence of Russia's literary academia in the pre Revolutionary era In particular Byford examines the rhetoric of self representation of major academic establishments devoted to literary study the canonisation of exemplary literary historians and philologists Buslaev Grot Veselovskii Potebnia Ovsianiko Kulikovskii and attempts by Russian literary academics of this era to define their work as a distinct form of scholarship nauka By analysing a range of academic rituals from celebrations of institutional anniversaries to professors inaugural lectures and by dissecting the discourse of scholars obituaries commemorative speeches and manuals in scholarly methodology Byford reveals how the identity of literary studies as a discipline was constructed in Russia He provides not only a unique insight into fin de siecle Russian literary scholarship but also an original approach to academic institutionalisation more widely

What Is a Nation? Timothy Baycroft, Mark Hewitson, 2006-06-29 This volume analyses and compares different forms of nationalism across a range of European countries and regions during the long nineteenth century It aims to put detailed studies of nationalist politics and thought which have proliferated over the last ten years or so into a wider European context By means of such contextualization together with new and systematic comparisons What is a Nation Europe 1789 1914 reassesses the arguments put forward in the principal works on nationalism as a whole many of which pre date the proliferation of case studies in the 1990s and which as a consequence make only inadequate reference to the national histories of European states The study reconsiders whether the distinction between civic and ethnic identities and politics in Europe has been overstated and whether it needs to be replaced altogether by a new set of concepts or types What is a Nation explores the relationship between this and other typologies relating them to complex processes of industrialization increasing state intervention secularization democratization and urbanization Debates about citizenship political economy liberal institutions socialism empire changes in the states system Darwinism high and popular culture

Romanticism and Christianity all affected and were affected by discussion of nationhood and nationalist politics The volume investigates the significance of such controversies and institutional changes for the history of modern nationalism as it was defined in diverse European countries and regions during the long nineteenth century By placing particular nineteenth century nationalist movements and nation building in a broader comparative context prominent historians of particular European states give an original and authoritative reassessment designed to appeal to students and academic readers alike of one of the most contentious topics of the modern period **A History of Eastern Europe 1740-1918** Ian D.

Armour,2012-11-22 A History of Eastern Europe 1740 1918 Empires Nations and Modernisation provides a comprehensive authoritative account of the region during a troubled period that finished with the First World War Ian Armour focuses on the three major themes that have defined Eastern Europe in the modern period empire nationhood and modernisation whilst chronologically tracing the emergence of Eastern Europe as a distinct concept and place Detailed coverage is given to the Habsburg Ottoman German and Russian Empires that struggled for dominance during this time In this exciting new edition Ian Armour incorporates findings from new research into the nature and origins of nationalism and the attempts of supranational states to generate dynastic loyalties as well as concepts of empire Armour s insightful guide to early Eastern Europe considers the important figures and governments analyses the significant events and discusses the socio economic and cultural developments that are crucial to a rounded understanding of the region in that era Features of this new edition include A fully updated and enlarged bibliography and notes Eight useful maps Updated content throughout the text A History of Eastern Europe 1740 1918 is the ideal textbook for students studying Eastern European history *Church and State in Late Imperial Russia* John D.
