National Epics Kate Milner Rabb, 1896 *National Epics* Kate Milne Rabb, 1896 National Epics Kate Milner Rabb, 2015-06-16 This volume is intended for an introduction to the study of the epics While the simplicity and directness of the epic style seem to make such a book unnecessary the fact that to many persons of literary tastes some of these great poems are inaccessible and that to many more the pleasure of exploring for themselves the realms of gold is rendered impossible by the cares of business has seemed sufficient excuse for its being Though the beauty of the original is of necessity lost in a condensation of this kind an endeavor has been made to preserve the characteristic epithets and to retain what Mr Arnold called the simple truth about the matter of the poem It is believed that the sketch prefacing each story giving briefly the length versification and history of the poem will have its value to those readers who have not access to the epics and that the selections following the story each recounting a complete incident will give a better idea of the epic than could be formed from passages scattered through the text Tajikistan's National Epics Sadriddin Ayni, 2023-09-22 Sadriddin Ayni 1878 1954 was a Tajik intellectual regarded by many as one of the most important writers in the country's history This book provides a translation of two historical monographs by Ayni Is yoni Muqanna Muqanna's Rebellion and Qahramoni Khalqi Tojik Temurmalik The Tajik People's Hero Temur Malik These works tell the story of two great Tajik heroes who fought against the Arabs and the Mongols Besides the translations the book discusses Ayni's life and work highlighting his role especially through these two monographs in awakening and strengthening Tajik national consciousness In addition the book provides detailed background information on the historical events portrayed in the epics **National epics volume 1** Kate Milner Rabb, 2017-07-30 A stunning collection of epic texts and bibliographies in accessible translation gathered together in the nineteenth century the great age of nationalism when every nation worthy of its name had to possess or discover its own distinctive national epic Every library should possess a copy of this unique and authoritative 2 volume collection *National Epics; A Study of Epics from Cultures Worldwide* Kate Milner Rabb, 2025-08-19 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Poetics and Politics of Iran's National Epic, the Sh?hn?meh M. Omidshah, 2011-11-16 This book considers some of the Western interpretations of The Shahnameh Iran's national epic and argues that these interpretations are not only methodologically flawed but are also more revealing of Western concerns and anxieties about Iran than they are about the Shahnameh **NATL EPICS** Kate Milner 1866-1937 Rabb, 2016-08-27 Constructing Cultures Susan Bassnett, André Lefevere, 1998 This collection brings together two leading figures in the discipline of translation studies The essays cover a range of fields and combine theory with practical case studies involving the translation of literary texts **Oral Epic Traditions in China and Beyond** Chao Gejin, 2021-12-30 This volume is the masterpiece of Chao Gejin one of the best known Chinese scholars of epic studies during

the last several decades between the 20th and 21st centuries The discussion ranges from Homeric and Indo European epics to renewed discoveries of age old African and Asian epics The author details developments in research from Parry and Lord s work on Homeric epics and Serbo Croatian oral poetry to his own research on the Mongol heroic epic The book traces the formation of theoretical systems such as Oral Formulaic Theory Ethnopoetics and Performance Theory and ends with the author s explorations of the 20th century Mongolian singer Arimpil s singing of his native epic poetry By combining China s theoretical concerns in verbal art and Western theories in folklore Chao illustrates the nature and feature of oral epic in many ways and is heading for constructing an oral poetics in a broader sense Students and scholars of epic studies literature folklore and anthropology will find this an essential reference
