

The background of the slide is an abstract composition of green and blue textures. On the left side, there is a dark, textured area in shades of blue and green, resembling a close-up of a rock or a dense forest. On the right side, there is a lighter, more uniform green area with some subtle variations in tone, suggesting a grassy field or a different type of vegetation. The overall effect is a natural, organic feel.

Mignolo, 2021-07-09 In *The Politics of Decolonial Investigations* Walter D Mignolo provides a sweeping examination of how coloniality has operated around the world in its myriad forms from the sixteenth century to the twenty first Decolonial border thinking allows Mignolo to outline how the combination of the self fashioned narratives of Western civilization and the hegemony of Eurocentric thought served to eradicate all knowledges in non European languages and praxes of living and being Mignolo also traces the geopolitical origins of racialized and gendered classifications modernity globalization and cosmopolitanism placing them all within the framework of coloniality Drawing on the work of theorists and decolonial practitioners from the Global South and the Global East Mignolo shows how coloniality has provoked the emergence of decolonial politics initiated by delinking from all forms of Western knowledge and subjectivities The urgent task Mignolo stresses is the epistemic reconstitution of categories of thought and praxes of living destituted in the very process of building Western civilization and the idea of modernity The overcoming of the long lasting hegemony of the West and its distorted legacies is already underway in all areas of human existence Mignolo underscores the relevance of the politics of decolonial investigations in and outside the academy to liberate ourselves from canonized knowledge ways of knowing and praxes of living

COVID-19's political challenges in Latin America Michelle Fernandez, Carlos Machado, 2021-10-18 This book analyzes how COVID 19 impacted politics and how politics shaped the response to the pandemic in Latin America the region which has become the epicenter of the global health crisis started in China The volume brings together studies carried out in eight countries of the region Argentina Brazil Chile Colombia Ecuador Mexico Nicaragua and Uruguay and show how the impacts and outcomes varied a lot across the region depending on the political processes under way in each country in the years preceding the pandemic and on the political responses adopted by each government to deal with the health crisis The volume is divided into four parts each one dedicated to a specific dimension of the relation between politics and COVID 19 in Latin America The first part is dedicated to denialism and presents three case studies of governments that denied the importance of the health crisis Brazil Mexico and Nicaragua The second part takes Uruguay and Colombia as two opposite examples of successful and failed state action against COVID 19 The third part analyzes how social movements faced the pandemic in Brazil and Chile Finally the fourth part analyzes how public opinion reacted to political responses to COVID 19 in four countries Argentina Brazil Ecuador and Mexico COVID 19 s Political Challenges in Latin America will be a valuable resource for political scientists sociologists and other social scientists interested in understanding how the pandemic affected politics and how politics affected the fight against the biggest health crisis faced by humanity in the last hundred years

Persistence and Emergencies of Inequalities in Latin America Pablo Vommaro, Pablo Baisotti, 2022-02-21 This book adopts a multidimensional approach to analyze both the historical and emerging factors that contribute to make Latin America and the Caribbean the most unequal region in the world Social inequality is a historical characteristic of the region but at the beginning of the 21st century a handful of progressive governments seemed to be adopting policies that could reduce this historical trend Many of these efforts however were blocked or reversed by the COVID 19 pandemic which both exposed the persistence of historical trends and contributed to the emergency of new forms of inequality in the region The different chapters in this contributed volume adopt a multidimensional intersectional perspective to analyze both the persistence and the emergency of social devices of production and reproduction of inequalities in the diverse Latin American and Caribbean temporal spatialities The issues analyzed in the different chapters revolve around four main axes a persistence of generational and intergenerational inequalities b structural gender inequality c intertwined social inequalities race class and social structure and c historical and economic dimension of inequality Persistence and Emergencies of Inequalities in Latin America A Multidimensional Approach will be of interest to researchers interested in the study of social inequality and social justice in different fields of the human and social sciences such as sociology political science history economics anthropology and education It will also be a valuable tool for policy makers and social activists engaged in the discussion advocacy and implementation of public policies aimed at reducing social inequalities

Crises and Migration Enrique Coraza de los Santos, Luis Alfredo Arriola Vega, 2022-09-08 This book critically examines the association between the notions of crisis and migration in the context of Latin America and from three different perspectives first it analyzes the discourses based on the concept of crisis employed by the media academic researchers civil society organizations and the state to frame human mobility issues second it investigates migrants agency under conditions of crisis and third it discusses whether migration crisis is a conjunctural or structural phenomenon in the region Chapters in this contributed volume investigate the crisis migration nexus in seven Latin American countries Argentina Brazil Colombia Costa Rica Mexico Nicaragua and Uruguay by discussing different human mobility phenomena such as the migrant caravans that departed from Central America bound to Mexico and the United States the Nicaraguan exodus caused by the political crisis in the country the perception of Venezuelan migrants in Colombia s media the presence of Caribbean migrants in Brazil Uruguay and Argentina Crisis and Migration Critical Perspectives from Latin America will be of interest to a wide range of social scientists interested in migration studies as well as to policy makers and civil society organizations This book offers a fresh look at the way we conceive represent and think about the relationship between crisis and human mobility As the volume s contributions show a critical examination of the notion of crisis is a first step towards a more comprehensive understanding of the plight of present day migrants worldwide

Women in Mexican Subnational Legislatures Flavia Freidenberg, Karolina Gilas, Sebastián Garrido de Sierra, Camilo Saavedra Herrera, 2022-02-07 This book aims to fill a gap in research on women s political

representation by developing a multidimensional assessment of female participation in subnational legislatures in a federal political system like Mexico. The Mexican experience in terms of women's political representation at the federal and subnational levels has been very successful as the reforms created a more robust gender electoral regime that promoted an increase in the number of elected female legislators. 1987-2021. Still, little is known about the impact of the rise in women's presence in Congresses on other dimensions of political representation such as symbolic or substantive. Although previous studies on women's political representation in Mexico have yielded exciting conclusions based on empirical evidence and strengthened a theory focused on the analysis of presence, it is still insufficient to explain the other dimensions of representation and the relationship between them. Therefore, this book contributes to the comparative scholarship from the perspective of feminist neo-institutionalism, expanding the understanding of the relationship between women's formal and descriptive representation, the content of legislative work in terms of preferences and interests, substantive representation, and its symbolic effects on women and politics in general. Symbolic representation. Women in Mexican Subnational Legislatures: From Descriptive to Substantive Representation will be of interest to political scientists, sociologists, and jurists interested in gender and politics. The book fills a theoretical and empirical gap on the effects of gender parity in the programmatic and symbolic scope of power building. The findings on good practices and challenges are discussed within a broader body of comparative research, providing knowledge to academia, policymakers, and international cooperation agencies about the remaining obstacles to strengthening Latin American democracies and the need to continue exploring the links between subnational politics and democratization of federal political systems.
