National Socialism: Basic Principles, Their Application by the Nazi Party's Foreign Organization and the Use of Germans Abroad for Nazi Aims ,1943 **The Occult in National Socialism** Stephen E. Flowers,2022-09-20 A critical history of the roots of Nazi occultism and its continuing influence Explores the occult influences on various Nazi figures including Adolf Hitler Albert Speer Rudolf Hess Alfred Rosenberg and Heinrich Himmler Examines the foundations of the movement laid in the 19th century and continuing in the early 20th century Explains the rites and runology of National Socialism the occult dimensions of Nazi science and how many of the sensationalist descriptions of Nazi Satanic practices were initiated by Church propaganda after the war In this comprehensive examination of Nazi occultism Stephen E Flowers Ph D offers a critical history and analysis of the occult and esoteric streams of thought active in the Third Reich and the growth of occult Nazism at work in movements today Sharing the culmination of five decades of research into primary and secondary sources many in the original German Flowers looks at the symbolic occult scientific and magical traditions that became the foundations from which the Nazi movement would grow He details the influences of Theosophy Volkism and the work of the Brothers Grimm as well as the impact of scientific culture of the time Looking at the early 20th century he describes the impact of Guido von List Lanz von Liebenfels Rudolf von Sebottendorf Friedrich Hielscher and others Examining the period after the Nazi Party was established in 1919 and more especially after it took power in 1933 Flowers explores the occult influences on key Nazi figures including Adolf Hitler Albert Speer Rudolf Hess and Heinrich Himmler He analyzes Hitler s usually missed references to magical techniques in *Mein Kampf* revealing his adoption of occult methods for creating a large body of supporters and shaping the thoughts of the masses Flowers also explains the rites and runology of National Socialism the occult dimensions of Nazi science and the blossoming of Nazi Christianity Concluding with a look at the modern mythology of Nazi occultism Flowers critiques postwar Nazi related literature and unveils the presence of esoteric Nazi myths in modern occult and political circles **RLE: Responding to Fascism** Various,2021-08-05 A set of titles regarding fascisim in Germany Italy and Spain in the mid twentieth century **The Dual State** Ernst Fraenkel,Jens Meierhenrich,2018-12-20 The Dual State first published in 1941 remains one of the most erudite books on the logic of dictatorship It was the first comprehensive analysis of the rise and nature of National Socialism and the only such analysis written from within Hitler s Germany Ernst Fraenkel s courageous ethnography of law was widely acclaimed upon publication and it has influenced considerably postwar debates about the nature of the Third Reich But The Dual State also has relevance for the study of dictatorship in the twenty first century Fraenkel s innovative concept of the dual state with its two halvesthe normative state which generally respects its own laws and regulations and the prerogative state which violates them wantonly illuminates powerfully the complicated relationship between law and order in many countries around the

world It speaks directly to the idea of an authoritarian rule of law This republication of Fraenkel s classic makes it once again available to scholars and students in law the social sciences and the humanities It includes Fraenkel s 1974 preface to and two appendices from the first German edition never before published in English An extensive introduction by Jens Meierhenrich places Fraenkel s ethnography of law in historical and theoretical context *The Department of State Bulletin* ,1943 Global Minority Rights Joshua Castellino,2017-05-15 This important volume brings together a range of material in different areas of law and the social sciences that address questions concerning the rights of minorities The discipline is arguably one of the oldest branches of public international law and owes its heritage to those who struggled to create standards to protect the numerically inferior and non dominant communities from the excesses of the majority While reflecting this rich heritage the works contained in this volume show the extent to which policy constructs especially in law have begun to pay heed to the need to include minorities in different domestic settings across the globe To provide readers with a structured approach to understanding global minority rights law the editor divides the issues into six main headings namely Historical Development Conceptual Development Contemporary Challenges Fundamental Norms of Minority Protection Specific Rights of Minorities Human Rights and Minority Rights **Victory Bulletin** ,1943 **Landmark Speeches of National Socialism** Randall L. Bytwerk,2008-05-27 The power which has always started the greatest religious and political avalanches in history rolling has from time immemorial been the magic power of the spoken word and that alone Adolf Hitler Mein Kampf As historians have long noted public oratory has seldom been as pivotal in generating and sustaining the vitality of a movement as it was during the rise and rule of the National Socialist Party from 1919 to 1945 Led by the charismatic and indefatigable Hitler National Socialists conducted one of the most powerful rhetorical campaigns ever recorded Indeed the mass addresses which were broadcast live on radio taped for re broadcast and in many cases filmed for play on theater newsreels throughout the Third Reich constituted one of the most thorough exploitations of media in history Because such evil lay at the heart of the National Socialist movement its overwhelming rhetoric has often been negatively characterized as propaganda As Randall Bytwerk points out however the propaganda label was anything but negative in the minds of the leaders of the National Socialist movement In their view the clear simplistic and even one sided presentation of information was necessary to mobilize effectively all elements of the German population into the National Socialist program Gathered here are thirteen key speeches of this historically significant movement including Hitler s announcement of the party s reestablishment in 1925 following the unsuccessful Beer Hall Putsch four addresses by Joseph Goebbels the 1938 Kristallnacht speech by Julius Streicher and four speeches drafted as models for party leaders use on various public occasions The volume concludes with Adolf Hitler s final public address on January 30 1945 three months before his suicide Several of these works are presented for the first time in English translation Bytwerk provides a brief introduction to each speech and allows the reader to trace the development and downfall of the Nazi party **Landmark Speeches of National**

Socialism is an important volume for students of rhetoric World War II Nazi Germany and the Holocaust
