Nationalism And Literature The Politics Of Culture In Canada And The United States:

Nationalism and Literature Sarah M. Corse, 1997 Sarah Corse's analysis of nearly two hundred American and Canadian novels offers a theory of national literatures. Demonstrating that national canon formation occurs in tandem with nation building and that canonical novels play a symbolic role in this, this 1996 book accounts for cross national literary differences, addresses issues of mediation and representation in theories of reflection, and illuminates the historically constructed nature of the relationship between literature and the nation state.

National Identity and the Conflict at

Oka Amelia Kalant, 2004-06 Through readings of literature, canonical history texts, studies of museum displays, and media analysis, this work explores the historical formation of myths of Canadian national identity and then how these myths were challenged and affirmed during the 1990 standoff at Oka. It draws upon history, literary criticism, anthropology, studies in nationalism and ethnicity, and post colonial theory.

Literature, Partition and the Nation-State Joseph N. Cleary, 2002-01-03 The history of partition in the twentieth century is one steeped in controversy and violence. *Literature, Partition and the Nation State* offers an extended study of the social and cultural legacies of state division in Ireland and Palestine, two regions where the trauma of partition continues to shape political events to this day. Focusing on the period since the 1960s when the original partition settlements in each region were challenged by Irish and Palestinian nationalists, Joe Cleary's book contains individual chapters on nationalism and self determination, on the construction of national literatures in the wake of state division, and on influential Irish, Israeli, and Palestinian writers, film makers, and public intellectuals. Cleary's book is a radical and enthralling intervention into contemporary scholarship from a range of disciplines on nations and nationalism. It will be of interest to scholars in Cultural and Post Colonial Studies, Nations and Nationalism, Irish Literature, Middle East Studies, and Modern History.

Education and the Politics of Memory in Russia and Eastern Europe Sergey Rumyantsev, 2025-01-21 This book examines both formal and extracurricular education and the politics of memory and historical narratives in Armenia, Azerbaijan, Russia, and Ukraine. The misalignment between memory politics and history politics forms a central theme of this book. Structured in three parts, it focuses on school education in the post Soviet states over the 30 years between the collapse of the Soviet Union and the 2022 Russian invasion of Ukraine. The chapters inquire as to how post Soviet school education, politics of memory, and history politics became active participants in the production of state approved ideology, patriotism, and a state prescribed understanding of the national past. Armed conflicts in the territory of the former USSR not only saw numerous victims and refugees but also the emergence of new borders and unrecognized de facto states and the annexation of territories. They also contributed to the creation of new sites of memory, generated their own traditions of commemoration for the heroes and victims of these confrontations, and led to the reconstruction of historical narratives and the construction of new national myths. The research in this book foregrounds how the nationalization of the public space and the reconstruction of national historical narratives in the independent states reflect a

desire to monopolize the power to interpret the past with low tolerance of alternative accounts In this light the book covers issues such as the nation state Sovietization national history creation memory politics religion mass media nationalism and patriotism and analyzes the relationship of Azerbaijani and Armenian Russian and Ukrainian societies with their histories and pasts A novel study on the topic of memory and history writing this is a timely contribution to the field of Post Soviet history and Russian and Eastern European Studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Robert Burns and the United States of America Arun Sood, 2018-07-23 This book provides a critical study of the relationship between Robert Burns and the United States of America c. 1786-1866 Though Burns is commonly referred to as Scotland's National Poet his works were frequently reprinted in New York and Philadelphia his verse mimicked by an emerging canon of American poets and his songs appropriated by both abolitionists and Confederate soldiers during the Civil War era Adopting a transnational Atlantic Studies perspective that shifts emphasis from Burns as national poet to transnational icon this book charts the reception dissemination and cultural memory of Burns and his works in the United States up to 1866

The SAGE Handbook of Sociology Craig Calhoun, Chris Rojek, Bryan S Turner, 2005-06-18 Sociology has evolved greatly since its inception as an academic discipline It has diverged into numerous strands often flowing in disparate directions so much so that today the notion of canonical sociology has become widely disputed The field of sociology at present approximates to one of multi-paradigmatic complexity in which many approaches to theory must be distinguished and situated In addition the discipline has had to confront new challenges from globalization the shift of interest from production to consumption the rise of new social movements the challenge of bio-engineering the collapse of a presently existing socialist alternative and much else besides The new SAGE Handbook of Sociology aims to address these new developments while at the same time providing an authoritative guide to theory and method the key sub-disciplines and the primary debates of today To undertake this ambitious project three leading figures in the field of sociology were selected as editors to bring together the foremost exponents of the different strands that contribute towards the make-up of modern sociology Drawn from both sides of the Atlantic the contributors have been commissioned to utilise the most up-to-date research available to provide a critical international analysis of their area of expertise The result is this essential resource collection that not just reflects upon the condition of sociology today but also looks to future developments in the discipline The Handbook is invaluable not just all sociologists but to a wide variety of students and researchers across the social sciences Click on Sample Chapters Resources to download the introduction

The Necessary Nation Gregory Jusdanis, 2011-06-27 In this controversial look at nationalism Gregory Jusdanis offers a sweeping defense of the nation as a protector of cultural difference and a catalyst for modernization Since the end of the Cold War the nation state has undergone intense scrutiny among critics in the media and the academy Many believe that civic nationalism may be fruitful

but that cultural nationalism fosters xenophobia and backward thinking Jusdanis however emphasizes the positive collaboration between nation building and culture Through a series of critical readings of multicultural postcolonial and globalization theories the author reveals how nationalism enables people to defend their distinctive ways of life to fight colonial oppression and to build an independent society of citizens He explains why people over the last two hundred years have politicized their ethnic identities and have sought a union of culture and power within an autonomous nation state While seeking to defend nationalism Jusdanis also examines its potential to unleash extraordinary violence into the world He thus proposes federalism as a political solution to the challenges posed by nationalism and globalization Jusdanis applies the tools of disciplines ranging from anthropology to philosophy as he explores the nation building projects of numerous and diverse countries around the world What emerges is a fresh perspective on the subjects of national culture identity political nations globalization postcolonialism and diaspora

History of Literature in Canada Reingard M. Nischik, 2008 The development of literature in Canada with an eye to its multicultural multiethnic multilingual nature From modest colonial beginnings literature in Canada has arrived at the center stage of world literature Works by English Canadian writers both established writers such as Margaret Atwood and new talents such as Yann Martel make regular appearances on international bestseller lists French Canadian literature has also found its own voice in the North American and francophone worlds CanLit has likewise developed into a staple of academic interest pursued in Canadian Studies programs in Canada and around the world This volume draws on the expertise of scholars from Canada Germany Austria and France tracing Canadian literature from the indigenous oral tradition to the development of English Canadian and French Canadian literature since colonial times Conceiving of Canada as a single but multifaceted culture it accounts for specific characteristics of English and French Canadian literatures such as the vital role of the short story in English Canada or that of the chanson in French Canada Yet special attention is also paid to Aboriginal literature and to the pronounced transcultural ethnically diverse character of much contemporary Canadian literature thus moving clearly beyond the traditions of the two founding nations Contributors Reingard M Nischik Eva Gruber Iain M Higgins Guy Lafleur Dorothee Scholl Gwendolyn Davies Tracy Ware Fritz Peter Kirsch Julia Breibach Lorraine York Marta Dvorak Jerry Wasserman Ursula Mathis Moser Doris G Eibl Rolf Lohse Sherrill Grace Caroline Rosenthal Martin Kuester Nicholas Bradley Anne Nothof Georgiana Banita Gilles Dupuis and Andrea Oberhuber Reingard M Nischik is Professor of American Literature at the University of Constance Germany
