Drawing from a wide range of Uzbek and Russian sources James Critchlow analyzes significant developments leading up to Uzbekistan s declaration of sovereignty and examines the outlook for the republic s emergence as an independent international player The author s primary focus is on the Uzbek elites attitudes and their efforts to throw off Moscow s hegemony by using popular grievances to mobilize mass support against the central Soviet government Critchlow traces local grievances to two roots The first is Uzbekistan s decades long economic exploitation by Moscow through the imposition of an intensive cotton monoculture the accumulated effects of which have been massive environmental degradation illness and death The second is the central government s failure to adequately compensate Uzbekistan for these hardships and for the republic s overall contribution to the Soviet economy while having further impoverished Uzbeks by limiting the range of their cultural and political expression Among the manifestations of Uzbek resistance explored here are protests against russification and compulsory military conscription persistent and open adherence to religious traditions and loyalty above all to local political ethnic and family ties which frequently has led Moscow to charge the republic s leadership with nepotism and corruption Now that their campaign for sovereignty has triumphed will Uzbek leaders be able to solve the knotty political and economic problems their republic still faces The analysis offered here illuminates this question and suggests possible answers **The Limits of Culture** Brenda Shaffer,2006 Experts analyze the effect of cultural interests on the foreign

Soviet Nation-Building in Central Asia Grigol Ubiria,2015-09-16 The demise of the Soviet Union in 1991 resulted in new state led nation building projects in Central Asia The emergence of independent republics spawned a renewed Western scholarly interest in the region s nationality issues Presenting a detailed study this book examines the state led nation building projects in the Soviet republics of Kazakhstan and Uzbekistan Exploring the degree forms and ways of the Soviet state involvement in creating Kazakh and Uzbek nations this book places the discussion within the theoretical literature on nationalism The author argues that both Kazakh and Uzbek nations are artificial constructs of Moscow based Soviet policy makers of the 1920s and 1930s This book challenges existing arguments in current scholarship by bringing some new and

alternative insights into the role of indigenous Central Asian and Soviet officials in these nation building projects It goes on to critically examine post Soviet official Kazakh and Uzbek historiographies according to which Kazakh and Uzbek peoples had developed national collective identities and loyalties long before the Soviet era This book will be a useful contribution to Central Asian History and Politics as well as studies of Nationalism and Soviet Politics **The Legacy of History in Russia and the New States of Eurasia** Vladimir Shlapentokh,2001 Shlapentokh undertakes a dispassionate analysis of the ordinary functioning of the Soviet system from Stalin s death through the Soviet collapse and Russia s first post communist decade Without overlooking its repressive character he treats the USSR as a normal system that employed both socialist and nationalist ideologies for the purposes of technological and military modernization preservation of empire and expansion of its geopolitical power Foregoing the projection of Western norms and assumptions he seeks to achieve a clearer understanding of a civilization that has perplexed its critics and its champions alike Countries and Territories of the World , **Towards Social Stability and Democratic Governance in Central Eurasia** Irina Yurievna Morozova,I.
