 What is it about a quality fastball that brings us to the edge of our seats How is it humanly possible to throw more than 100
 mph And the big question Who is the fastest pitcher ever Drawing on interviews with current and former players managers
 scouts experts and historians Tim Wendel delivers the answers to some of the most intriguing questions about the fastball
 providing insight into one of baseball s most exhilarating yet mystifying draws In High Heat he takes us on a quest to
 separate verifiable fact from baseball lore traveling from ballparks across the country to the Baseball Hall of Fame piecing
 together the fascinating history of the fastball from its early development to the present form while exploring its remarkable
 impact on the game and the pitchers who have been blessed or cursed with its gift From legends such as Nolan Ryan Walter
 Johnson Steve Dalkowski and Satchel Paige to present day standard bearers like Tim Lincecum Billy Wagner and Randy
 Johnson Wendel examines the factors that make throwing heat an elusive ability that few have and even fewer can harness
 Along the way he investigates the effectiveness of early speed testing techniques including Bob Feller s infamous motorcycle

test explains why today's radar gun readings still leave plenty of room for debate and even visits an aerodynamic testing lab outside of Birmingham Alabama in order to understand the mechanics that make throwing heat possible in the first place At its heart *High Heat* is a reflection on our infatuation with the fastball the expectation it carries the raw ability it puts on display and most of all the feats and trials of those who have attempted to master it As Wendel puts it The tale of high heat can lead in several different directions at once and the real story has more to do with triumph and tragedy than with the simple act of throwing a baseball

Roy Sievers Paul Scimonelli, 2018-01-13 Few players in the history of baseball suffered as many professional setbacks as Roy Sievers 1926-2017 After an award winning rookie season in 1949 he endured a year and a half long slump a nearly career ending injury and a major position change all from 1950 through 1953 Traded in 1954 he prevailed and became one of the most feared hitters of the decade the Washington Senators home run leader and the biggest gate attraction since Walter Johnson Drawing on original interviews with Sievers and teammates this first full length biography covers the life and career of a first baseman who overcame adversity to restore a dispirited franchise
