Natl Ism The Genealogical Imagin:

Genealogy and Ontology of the Western Image and Its Digital Future John Lechte, 2012 With the emerging dominance of digital technology the time is ripe to reconsider the nature of the image Some say that there is no longer a phenomenal image only disembodied information 0 1 waiting to be configured For photography this implies that a faith in the principle of an evidential force of the impossibility of doubting that the subject was before the lens is no longer plausible Technologically speaking we have arrived at a point where the manipulation of the image is an ever present possibility when once it was difficult if not impossible What are the key moments in the genealogy of the Western image which might illuminate the present status of the image And what exactly is the situation to which we have arrived as far as the image is concerned These are the questions guiding the reflections in this book In it we move in Part 1 from a study of the Greek to the Byzantine image from the Renaissance image and the image in the Enlightenment to the image as it emerges in the Industrial Revolution Part 2 examines key aspects of the image today such as the digital and the cinema image as well as the work of philosophers of the image including Roland Barthes Walter Benjamin Gilles Deleuze Jean Paul Sartre and Bernard Stiegler *Genealogical Fictions* Jobst Welge, 2015-02-16 Explores the enduring link between national space and genealogy in the modern novel Winner of the CHOICE Outstanding Academic Title of the Choice ACRL Taking its cue from recent theories of literary geography and fiction *Genealogical Fictions* argues that narratives of familial decline shape the history of the modern novel as well as the novel's relationship to history Stories of families in crisis Jobst Welge argues reflect the experience of historical and social change in regions or nations perceived as peripheral Though geographically and temporally diverse the novels Welge considers all demonstrate a relation among family and national history genealogical succession and generational experience along with social change and modernization Welge's wide ranging comparative study focuses on the novels of the late nineteenth century but it also includes detailed analyses of the pre Victorian origin of the genealogical historical novel and the evolution of similar themes in twentieth century literature Moving through time he uncovers often unsuspected novelistic continuities and international transformations and echoes from Maria Edgeworth's *Castle Rackrent* published in 1800 to G Tomasi di Lampedusa's 1958 book *Il Gattopardo* By revealing the family resemblance of novels from Great Britain Italy Spain Portugal and Brazil this volume shows how genealogical narratives take on special significance in contexts of cultural periphery Welge links private and public histories while simultaneously integrating detailed accounts of various literary fields across the globe In combining theories of the novel recent discussions of cultural geography and new approaches to genealogical narratives *Genealogical Fictions* addresses a significant part of European and Latin American literary history in which texts from different national cultures illuminate each other in unsuspected ways and reveal the repetition as well as the variation among them This book should be of interest to students and scholars of comparative literature world literature and the history and theory of the modern novel **AARP Genealogy Online** April Leigh
