NATO and Warsaw Pact Submarines Since 1955 Eugène M. Kolesnik, 1987-01-01 *NATO and Warsaw Pact Submarines Since 1955* Eugène M. Kolesnik, 1987-01-01 **The Submariner's Dictionary Or Submariner's Compendium of Terms & Tar's Handbook of Naval Verbiage and Retired Guy's Re-familiarization Manual** Ron Martini, 2005 Submariners are a tight knit group of men bound together by training and experience and with a language all their own That language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly This work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast This process of accumulating this new language begins in Boot Camp and is added to with every change of duty station the sailor undergoes It is heard aboard the boats and unknowingly by family members who can't understand terms like head deck and overhead and who think SOS is a distress signal **Hot Straight and Normal** Ron Martini, 2001 Hot Straight and Normal is a submarine bibliography with over 6000 references to books videos articles and Internet sources It is designed to assist researchers historians students teachers collectors and others with an interest in submarines their history construction and use in wars worldwide It's unique format of listing the books by title will assist the researcher and casual reader alike in finding or searching for familiar words and subjects Fiction book titles are also included Each listing contains title author date published publisher page count ISBN number and other informative descriptions if known This is the only submarine bibliography currently in publication The article index includes all articles in all issues of Naval Submarine League's Submarine Review and Naval Institute's Naval Proceedings magazine There are Web sites and other Internet sources listed and even information on obtaining more information through the Freedom of Information Act Also included is how to find materials inside government archives Collected and edited by a former U S submariner and member of U S Submarine Veterans Inc **Armed Forces**, 1986 **History for the IB Diploma: The Cold War** Allan Todd, 2011-05-19 An exciting new series that covers the five Paper 2 topics of the IB 20th Century World History syllabus This stimulating coursebook covers Paper 2 Topic 5 The Cold War in the 20th Century World History syllabus for the IB History programme The book is divided into thematic sections following the IB syllabus structure and is written in clear accessible English It covers the following areas for detailed study Wartime conferences Yalta and Potsdam US policies and developments in Europe Truman Doctrine Marshall Plan NATO Soviet policies Sovietisation of Eastern and Central Europe COMECON Warsaw Pact Sino Soviet relations US Chinese relations Germany and Castro Gorbachev Kennedy Mao Reagan Stalin Truman **Problems of Communism**, 1984 **Contentious Issues of Security and the Future of Turkey** Nursin Atesoglu Güney, 2018-01-18 Security is a major contemporary concern with foreign and security policies topping the agenda of many governments At the centre of Western security concerns is Turkey due to its geographical proximity to converging major fault lines such as the Caucasus the Mediterranean and the Middle East As trans Atlantic debates evolve around these

major fault lines future relations will have a direct impact on the re orientation of Turkish foreign and security policies This comprehensive study focuses on the future of Turkish foreign and security policies within the emerging strategies of the two Wests Discussing the challenges Turkey has been facing since the turn of the century it examines Turkish foreign policy in the context of trans Atlantic relations as a global actor and with respect to conflict new power relations energy security Greece Cyprus and the environment Problems Of International Justice Steven Luper-foy,2019-06-04 When the topic of international justice did arise discussion rarely got beyond recommendations about how nations could avoid war as well as suggestions about when a declaration of war was morally justifiable and what sorts of methods might be used in the course of a justifiable war the topics of so called just war theory Such is no longer the case To be sure just war theory is reaching greater states of sophistication much of it focused around Michael Walzer s book Just and Unjust Wars Excerpts from Walzer s book appear here in Part Two along with a set of newly written chapters that deal with issues arising from the use of violence among nations The topics of these chapters are foreign interventionism and states rights deterrence and the threat of nuclear reprisal and terrorism But issues of international justice other than just war theory have been discussed by an ever increasing group of twentieth century scholars These issues deal with what might be called for lack of a better term distributive justice which concerns the distribution of the world s natural resources and the goods produced by laborers across the world as well as the duties rights and liberties possessed by individuals How such items ought to be distributed within nation states has been discussed extensively by social and political philosophers Only in recent years has any attention been paid to the proper distribution of goods internationally The chapters in Part One all do so With one exception all of these chapters are written for this volume The exception is an excerpt from Charles Beitz s book Political Theory and International Relations Part Three of which is reproduced here almost in its entirety The other chapters in this part are devoted to the topics of justice and the distribution of the world s resources the obligation to assist the needy the responsibilities of international corporations and justice and the global environment The Cold War Spencer C. Tucker,2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons

systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material
