Casey, 2024-01-12 In this highly readable book Kathleen Casey makes an important intervention into the study of early twentieth century American vaudeville and some of its most infamous stars She pinpoints the blind spot in current scholarship by demonstrating how race as much as gender charges the meanings in vaudeville performance Linda Mizejewski author of *Pretty Funny Women* Comedians and Body Politics and *Ziegfeld Girl* From the 1890s through the 1920s vaudeville reigned as one of the most popular entertainment forms in urban America Through drama humor and satire it invited its socially economically and ethnically diverse audiences to turn a self conscious eye upon themselves and their culture which was being rapidly transformed by such forces as immigration racial discord and new conceptions of gender roles It was no coincidence that acts featuring cross dressing performers and racial impersonators were among vaudeville's biggest attractions In this lively and enlightening study Kathleen B Casey explores the ways in which the gender and race bending spectacles of vaudeville dramatized the economic technological social and cultural upheaval that gripped the United States in the early twentieth century She focuses on four key performers Eva Tanguay known as The I Don't Care Girl was loved for her defiance of Victorian decorum linking white womanliness to animalistic savagery at a time when racial and gender ideologies were undergoing significant reconstruction In contrast Julian Eltinge the era's foremost female impersonator used race to exaggerate notions of manliness and femininity in a way that reinforced traditional norms more than it undermined them Lillyn Brown a biracial woman who portrayed a cosmopolitan black male dandy while singing about an antebellum southern past offered her audiences black and white starkly different visual and aural messages about race and gender Finally Sophie Tucker who often performed in blackface during the early years of her long and heralded career strategically played with prevailing ideologies by alternately portraying herself as white Jewish black manly and womanly while managing remarkably to convince audiences that these identities could coexist within one body Analyzing a wide assortment of primary materials advertisements recordings lyrics sheet music costumes photographs reviews and press accounts from the era Casey looks not only at gender and racial impersonation but also at how spectators reacted to these performances Kathleen B Casey is an assistant professor of history at Virginia Wesleyan College Path To Fame Sean Smith, 2024-11-30 Gary Barlow's path to fame came to an abrupt halt when his career slumped in the most spectacular way

Until his solo career crumbled his pathway had been lined with gold Quite simply he was a musical prodigy as a teenager growing up in the small Cheshire town of Frodsham The comp re at the local British Legion Club asked the bingo enthusiasts to listen politely to a song the schoolboy musician had just composed and give it a massive applause Gary blew on the mic as he always did and began Put Your Head Against My Life It was the first public performance of A Million Love Songs and it did indeed bring the house down When he first found fame Gary was perceived as arrogant but that changed when his solo career flopped and he became depressed and overweight while the triumphs of Robbie Williams were a constant reminder of his failure But Take That returned bigger than ever and Gary got back on the path And just like Robbie the first book of the unique PATH TO FAME series he had to hit rock bottom before he could Rule the pop World again About the Series The PATH TO FAME is a unique series of books by Sean Smith in which he follows the ups and downs the disasters and triumphs of our best loved superstars on their journey to becoming famous The Forgotten Songs of the Newfoundland Outports Anna Kearney Guigné,2016-12-12 In 1951 musician Kenneth Peacock 1922 2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to collect folksongs in Newfoundland As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum s meager Anglophone archival collections Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection Songs of the Newfoundland Outports 1965 As the publication consists of over 1000 pages Outports is considered to be a bible for Newfoundland singers and a valuable resource for researchers However Peacock s treatment of the material by way of tune text collations use of lines and stanzas from unpublished songs has always been somewhat controversial Additionally comparison of the field collection with Outports indicates that although Peacock acquired a range of material his personal preferences requeently guided his publishing agenda To ensure that the songs closely correspond to what the singers presented to Peacock the collection has been prepared by drawing on Peacock s original music and textual notes and his original field recordings The collection is far ranging and eclectic in that it includes British and American broadsides musical hall and vaudeville material alongside country and western songs and local compositions It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs In this sense it provides a key link between what Peacock actually recorded and the material he eventually published As several of the songs have not previously appeared in the standard Newfoundland collections The Forgotten Songs sheds new light on the extent of Peacock s collecting The collection includes 125 songs arranged under 113 titles along with extensive notes on the songs and brief biographies of the 58 singers Thanks to the Research Centre for the Study of Music Media and Place a video of the launch event held in St John s Newfoundland is available at <https://www.youtube.com/watch?v=ghj6E6QiLI> t 21s Published in English **Television and the Making of Richard Nixon** William T. Horner,2022-07-13 While Richard Nixon s

accomplishments and shortcomings are well documented one often ignored aspect of his career is his influence on the media conduct of politicians Nixon pioneered the use of visual media in politics beginning in the 1940s during his Congressional service His historic Checkers speech was the first of its kind a politician using television to save his political career His appearances on entertainment television which are now a normal feature of most national political campaigns broke new ground as well This book details the blueprint Nixon set for using television to achieve political goals Presidents have often used innovative media as strategic methods of communication and public relations The author argues that Nixon pioneered television media using it consistently to connect with the American public If My Table Could Talk Michael

Wynne-Parker,2011-03-30 For hundreds of years the table has taken central place from cottage to palace drawing around it families and friends to enjoy sustenance and conversation Only in the present day has its dominance of the domestic scene declined due to the intrusion of television and the break up of traditional family life Michael Wynne Parkers life is full of interesting people some of whom are the main characters in this fascinating book And they have a just one thing in common they all sat at least once round his table including such diverse personalities as Victor 6th Marquess of Bristol Hammond Innes Brian Rix Margaret Thatcher Princess Katarina of Yugoslavia Dai Llewellyn and Jim Davidson Famous names mingle with lesser known but by no means less interesting friends each with a story or more to tell Actors soldiers priests poets artists politicians join with singers writers sportsmen beautiful women and royalty Some are witty some amusing some profound all with their own story to tell Their stories offer a glimpse into worlds of wealth glamour power and creativity
