Pacesetterslost Generation:

The Lost Generation James Irungu, 1985 From Pacesetters to Dropouts Tamar Horowitz, Bella Kotik-Friedgut, Stefani Hoffman, 2003-05-13 The book is a combined effort of scholars who participated in a conference entitled Post Soviet Youth A Comparative Study The book focuses on the post perestroika period a time of great instability and change on the national and individual level It analyzes the effect of this dynamic on youth who in the transitional phase of adolescence are particularly susceptible to social disruption The scope includes not only youth who remained in the former Soviet Union but also those who emigrated to the West Israel Germany the U S and Greece It was considered important to place this study in a cross cultural framework in order to differentiate between local influences and the common denominators from the Soviet background From Pacesetters to Dropouts offers an important contribution to the study of the effect of a particular form of socialization on youth in a period of stress and change It is relevant not only to understanding the changes undergone by an important segment of society in the former Soviet Union but also to studying the experience of other immigrant groupings in an era characterized by widespread migration Teenage Citizens Constance A. Flanagan, 2013-02-14 Too young to vote or pay taxes teenagers are off the radar of political scientists Yet civic identities form during adolescence and are rooted in experiences as members of families schools and community organizations Flanagan helps us understand how young people come to envisage civic engagement and how their political identities take form Lost Generation Journal , 1973 Youth and Social Change in Eastern Europe and the Former Soviet Union Charles Walker, Svetlana Stephenson, 2013-09-13 Two decades have now passed since the revolutions of 1989 swept through Eastern Europe and precipitated the collapse of state socialism across the region engendering a period of massive social economic and political transformation This book explores the ways in which young people growing up in post socialist Eastern Europe and the former Soviet Union negotiate a range of identities and transitions in their personal lives against a backdrop of thoroughgoing transformation in their societies Drawing upon original empirical research in a range of countries the book s contributors explore the various freedoms and insecurities that have accompanied neo liberal transformation in post socialist countries in spheres as diverse as consumption migration political participation volunteering employment and family formation and examine the ways in which they have begun to re shape different aspects of young people s lives In addition while social change is a central theme of the issue all of the chapters in the collection indicate that the new opportunities and risks faced by young people continue both to underpin and to be shaped by familiar social and spatial divisions not only within and between the countries addressed but also between East and West This book was originally published as a special issue of Journal of Youth Studies Urban Obsessions, Urban Fears John Roger Kurtz, 1998 Kurtz s analysis of the development of the Kenyan novel in English emphasizes the historical contingencies affecting the production of literature in Kenya and how succeeding generations have drawn from and expanded the thematic repertoire established by the first generation of works in the 1960s He explores the

relationship between the novel and the city and how obsessions and fears about the urbanization have been expressed and represented through different generations of Kenyan writers Kurtz has also put together the first annotated bibliography of all the anglophone Kenyan novels that have appeared since Ngugi wa Thiong'o wrote *Weep Not Child* Ngugi's *Weep Not Child* made an immediate impact on its publication in 1964 Since then hundreds of novels by Kenyans have been published This is a comprehensive introduction to the postcolonial novel in English Three broad areas are identified the first generation of the sixties the golden age of the seventies and the years after Kenyatta in the eighties and nineties A unifying feature is an uneasy but marked emphasis on the city particularly Nairobi The city is used by novelists as both the site and the symbol for a range of obsessions and fears about postcolonial society There is particular emphasis on the changing ways in which the city has been portrayed since Ngugi's first novel the relation of popular literature to the city the portrayal of women in the city and the special status of Meja Mwangi's urban novels **The School Librarian** School Library Association, 1986

Youth Activism: K-Z Lonnie R. Sherrod, 2006 This resource describes programs and policies related to activism and civic engagement among youth from a historical and global perspective It covers the historical aspects of youth activism to the present from chatrooms to grass roots movements from gangs and politics to Riot Grrrls and Campus Crusade for Christ

Mysteries of Africa Eugene Schleh, 1991 Using the highly popular genre of detective mystery fiction this volume explores the insights available in African centered stories The sample of writings used ranges from the colonial era to the present and covers the work of both Africans and outside observers from Europe and North America **BOOKJACKET The Pacesetter** Jerry M Fisher, 2014-10-27 Who was responsible for these Great American Landmarks The Indy 500 The Dixie Highway The Lincoln Highway Miami Beach and Montauk New York *Morning Sun* Laifong Leung, Jan Walls, 2016-09-16 This is a collection of interviews with 26 writers of China's zhiqing generation relatively young artists who participated in the Cultural Revolution as teen age Red Guards suffered through the subsequent rustication of intellectual youth and eventually returned to relatively normal lives but always with a tragic hiatus haunting their formative years While one goal of Professor Leung is to introduce to the West an important group of writers little known outside China she also aims to succeed through the interviews in providing a special perspective on the devastating political history of China since the 1970s years through the eyes of its keenest observers and in offering a perspective on the social political and cultural milieu of the period

Bearing Witness Wendy Griswold, 2018-06-05 Greed frustrated love traffic jams infertility politics polygamy These together with depictions of traditional village life and the impact of colonialism made familiar to Western readers through Chinua Achebe's writing are the stuff of Nigerian fiction *Bearing Witness* examines this varied content and the determined people who against all odds write publish sell and read novels in Africa's most populous nation Drawing on interviews with Nigeria's writers publishers booksellers and readers surveys and a careful reading of close to 500 Nigerian novels from lightweight romances to literary masterpieces Wendy Griswold explores how global cultural flows and local conflicts meet in

the production and reception of fiction She argues that Nigerian readers and writers form a reading class that unabashedly believes in progress rationality and the slow but inevitable rise of a reading culture But they do so within a society that does not support their assumptions and does not trust literature making them modernists in a country that is simultaneously premodern and postmodern Without privacy reliable electricity political freedom or even social toleration of bookworms these Nigerians write and read political satires formula romances war stories complex gender fiction blood and sex crime capers nostalgic portraits of village life and profound explorations of how decent people get by amid urban chaos Bearing Witness is an inventive and moving work of cultural sociology that may be the most comprehensive sociological analysis of a literary system ever written Billboard ,1996-07-20 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Main,2010-05-11 The quality revolution in American industry now more than a decade old has produced an avalanche of books but this is the first in depth study reporting the struggles from inside the companies that have attempted large scale improvement efforts Jeremy Main has interviewed more than a dozen chief executives all of whom have managed quality programs including Charles Clough of Nashua Robert Galvin of Motorola James Hagen of Conrail Roger Milliken of Milliken Ray State of Analog Devices and John Young of Hewlett Packard in addition to hundreds of other senior executives workers

labor representatives city officials military officers and hospital administrators Through their experiences Main reveals what works and what doesn't work when an organization attempts the transforming leap into Total Quality Management Their message comes through loud and clear it is a tough battle but persistence can win priceless rewards The notable successes at BancOne L L Bean Ford Hewlett Packard Motorola Saturn Solectron and Xerox prove it However Main shows that Motorola and Hewlett Packard among the earliest and best practitioners of total quality are still finding obstacles to overcome And some other early converts such as Florida Power Light have stumbled badly along the way Main's vivid descriptions of these setbacks capture the difficulties inherent in implementing a total quality system His dramatic accounts of success and failure at companies such as Milliken and Intel convey valuable knowledge that is otherwise gained only by actual experience The way to achieve the new quality of today Main shows is through a full commitment to TQM He reveals through the experiences of these companies that TQM is not just a management tool as it has often been used but a management philosophy that is indispensable in attaining a high level of quality now a requisite for competing successfully With the collaboration of the Juran Institute Main demonstrates how TQM has transformed companies by improving quality at all levels The accounts of these triumphs are direct evidence that world class quality is attainable by American industry and will inspire and point the way for executives managers and government officials in their timeless pursuit of total quality
