Pacific Asia In The 1990s:

Pacific Asia in the 1990s Masahide Shibusawa, Zakaria Haji Ahmad, Brian Bridges, 2025-03-03 First published in 1992 Pacific Asia in the 1990s explores the main economic and political trends among the Pacific Asian countries in the second half of the 1980s It suggests where the potential problems lie and where the opportunities are This book is an unusual collaborative venture in that it combines the complementary viewpoints of a Japanese author a Malaysian author and someone from outside the region The authors examine the broad patterns of economic interdependence and security linkages both within the region and with external partners then analyse in detail the political economy of the newly industrializing economies the patterns of complementarity and competition in Southeast Asia the dilemma of reform or retrenchment facing China and the smaller regional socialist states and the paradoxes of Japan's attempts to define its role in the region and the world

Energy Statistics in Asia and the Pacific (1990-2006) Asian Development Bank, 2009-10-01 This publication shows the historical energy trends and the latest energy structures of 48 regional members both the developed and developing members of the Asian Development Bank It contains energy demand and supply analysis country energy profiles and energy balance tables of each member country in the Asia and Pacific region *Proceedings of the First (1990)*

Pacific Asia? Melvin Gurtov, 2002 Emphasizing human and environmental security over traditional power politics Mel Gurtov offers a provocative reinterpretation of security in the Asia Pacific region The author questions a number of prevailing assumptions such as the China threat a U S centered balance of power and the necessity of a greater Japanese security role He argues instead for a cooperative framework for future security that focuses on people's basic needs is sensitive to Asian nationalism and gradually replaces military power with developmental priorities With its concise appraisals of the security policies of the United States China Japan the two Koreas and the ASEAN countries this work will be a valued reference for policymakers scholars and students alike *Economic and Social Development in Pacific Asia* Chris Dixon, David W.

Smith, 2002-09-26 First published in 1993 Routledge is an imprint of Taylor Francis an informa company **Politics in**

Pacific Asia Xiaoming Huang, Jason Young, 2017-09-16 This lively and accessible new edition provides a uniquely broad ranging introduction to the governance and politics of Pacific Asia Thematically structured around the key institutions and issues it is genuinely comparative in its approach to the whole region A range of representative countries China Japan Korea Taiwan Singapore Malaysia Thailand Indonesia Vietnam and the Philippines are used as key case examples throughout and each of them is subject to a detailed full page country profile This diverse region is a fascinating area for study Politics in Pacific Asia provides a framework to form a coherent understanding of the region's politics it balances persistent patterns with the latest developments and general characteristics with the differing cultures histories and institutions of individual countries **Cultural Governance and Resistance in Pacific Asia** William A. Callahan, 2006-05-03 This text examines the

politics of culture and the culture of politics in Pacific Asia through case studies on the South Pacific China South Korea Thailand and Southeast Asia The contexts and cultures of the chapters are wide ranging and Callahan skilfully ties them together with the objective of analyzing the relation between the state s cultural governance and resistance to it The themes covered include governmentality and cultural production popular culture and resistance East West relations gender identity and democracy civil society social movements and democracy national and transnational identity production Cultural Governance and Resistance in Pacific Asia addresses the dynamics between Asian studies and cultural studies and the overlap between comparative politics and international relations and as such will appeal to students and scholars of Asian studies cultural studies comparative politics sociology and anthropology alike *Mega-urban Regions in Pacific Asia* Gavin W. Jones, 2008 Southeast Asia contains four urban conglomerates of the sort that this study characterizes as Mega Urban Regions Jakarta Manila Bangkok and Ho Chi Minh These locations are examined in this book along with Taipei and Shanghai Because the administrative boundaries of the cities at the core of these zones do not include the entire urban area the significance of the broader urban community has largely escaped scholarly attention The authors base their analysis on actual agglomeration size rather than administrative boundaries and draw on unpublished census data to study the dynamics of these massive urban zones considering area and population size as well as social and demographic patterns of change in core inner and outer zones They conclude that these mega urban regions continue to increase their share of national populations and zones immediately beyond the official metropolitan boundaries are where the most dramatic changes are occurring **The Russian Far East and Pacific Asia** M. J. Bradshaw, 2013-07-04 This major study assesses prospects for economic recovery in the Russian Far East evaluating foreign trade and investment political and economic forces patterns of resource supply and needs in Pacific Asia and potential competitors It concludes that this unfulfilled potential has as much to do with conditions in Russia as the downturn caused by the Asian crisis *Dynamics In Pacific Asia* Kurt W. Radtke, 2014-07-16 First published in 1998 The writing of this book started in earnest with the establishment of a joint research group that gathered at the Netherlands Institute of Advanced Study Wassenaar The Hague between September 1995 and June 1996 The starting point was the question to what extent and in what way the new dynamics in South east Asia would influence Europe s global position and more specifically how these changes should be conceptualized in order to assist in the formulation of new policies to deal with the new international environment Most contributors to this book would agree that there is ample reason to view these changes as an opportunity for Europe and not just as a threat *APAIS 1991: Australian public affairs information service* , **Southeast Asia in the New World Order** Bruce Burton, David Wurfel, 2016-07-27 This multi authored book looks at one of the most dynamic regions of the Third World within the context of the rapidly changing international system of the 1990s Among the many themes it explores are ASEAN s new political roles and new modes of economic cooperation the growing importance of ecological and human rights issues the policies of

the major external powers towards the region the Cambodian and Spratly conflicts and the relevance of Southeast Asian experience in the New World Order to the ongoing theoretical debates about democracy the market the state and multilateralism
