L. Saunders,J. R. Kruze,S. H. Marpel,C. C. Brower,2018-09-03 New voices bring new ideas and new worlds to you in these six short stories of Science Fiction Fantasy That s what they are good at Figuring out things that are completely different from the same old repeating plots and characters Finding new what if s that have never been asked before Whether you like dystopian stories of what happens after the world ends or the sudden appearance of fairy tale creatures in our current worlds you ll find a lot to keep you fascinated by these new authors As well you may find a bit of fine satire and hidden social commentary something both genres have always been good at Regardless these short reads will fit into your busy schedule about a week of good entertainment for the odd hours and minutes Get Your Copy Now     *A Humor Reader: Short Stories From New Voices* R. L. Saunders,C. C. Brower,J. R. Kruze,2018-09-03 If laughter is the best medicine then reading humorous short stories should be the best practice to maintain your health These three authors with their six stories have written stories that both poke fun at the sacrosanct and also skewer them for dissection as both pompous and ripe From the ranks of Voltaire Twain and Vonnegut these new voices have something to say about how our current culture and what they consider serious You may find yourself irritated incensed or having a laugh outloud moment as you read along into the imaginative worlds these authors create You may find yourself expecting to see someone just waiting in the shadows for you to get the punchline expect that author s spirit as you read their works PS You have their permission to roll on the floor with delight in private of course Get Your Copy Now     *A Writer's Reader: Short Stories From New Voices* J. R. Kruze,R. L. Saunders,C. C. Brower,2018-09-03 Writers don t often write about their own worlds but when they do expect them to be every bit as imaginative as their other fiction We ve found a common theme in these six short stories Where these new authors not only explore their own thoughts ideas and angst through their own fiction but also take apart their own ideas about how writers write Here you ll see writer s block the solitary writer s romances the revenge of stalking stories being transported by another writer into one of their worlds and even examining the idea of your pet cat being responsible for a writer s output or lack of it Nothing is sacred to these authors as they turn their fiction microscope on themselves and their own profession Get Your Copy Today     *Best Short Stories* ,1929
