Sage Saint And Sophist:

Sage, Saint and Sophist Graham Anderson, 2014-01-27 Holy men both pagan and Christian are persistent and puzzling figures in the religious life of the Roman Empire In this first historical study of Holy Men for more than half a century Dr Anderson applies techniques of literary analysis to throw light on the lifestyles and behaviour of these figures from Jesus Christ to Peregrinus Proteus to dio Chrysostom stressing their individuality as much as their common features Sage Saint and Sophist examines the variety of services real or imaginary that these colourful figures had to offer and how they maintained their credibility to become the objects of successful religious cults

Saints Françoise Meltzer, Jas Elsner, 2024-05-31 While the modern world has largely dismissed the figure of the saint as a throwback we remain fascinated by excess marginality transgression and porous subjectivity categories that define the saint In this collection Fran oise Meltzer and Jas Elsner bring together top scholars from across the humanities to reconsider our denial of saintliness and examine how modernity returns to the lure of saintly grace energy and charisma Addressing such problems as how saints are made the use of saints by political and secular orders and how holiness is personified Saints takes us on a photo tour of Graceland and the cult of Elvis and explores the changing political takes on Joan of Arc in France It shows us the self fashioning of culture through the reevaluation of saints in late antique Judaism and Counter Reformation Rome and it questions the political intent of underlying claims to spiritual attainment of a Muslim sheikh in Morocco and of Sephardism in Israel Populated with the likes of Francis of Assisi Teresa of Avila and Padre Pio this book is a fascinating inquiry into the status of saints in the modern world

The Sage in Jewish Society of Late Antiquity Richard Kalmin, 2002-02-07 The Sage in Jewish Society of Late Antiquity explores the social position of rabbis in Palestinian Roman and Babylonian Persian society from the period of the fall of the Temple to late antiquity The author argues that ancient rabbinic sources depict comparable differences between Palestinian and Babylonian rabbinic relationships with non Rabbis

The Cult of Saints in Late Antiquity and the Early Middle Ages James Howard-Johnston, Paul Antony Hayward, 2000-01-07 This book contains eleven essays prefaced by a general introduction on a set of related themes the characteristic traits and diverse functions of holy men the fashioning of saints out of a small minority of holy men and a number of other individuals of high social status but with more dubious spiritual credentials the literary processes involved in the construction of hagiographical texts the role of hagiography in the creation and diffusion of cults and the worldly interests and other purposes which were served by hagiographical texts and the cults which they propagated These themes are explored across a wide range of social and cultural milieux extending from the late antique east Mediterranean through the early medieval Frankish world and Byzantium to Russia and Islam in the high middle ages The work of Peter Brown in particular his article The Rise and

Function of the Holy Man in Late Antiquity first published in 1971 forms a constant point of reference acknowledged by the contributors as having irradiated the whole field with fresh provocative and illuminating ideas The Second Sophistic Tim Whitmarsh, 2005-09 Explores the various ways in which modern scholarship has approached the oratorical culture of the Early Imperial period *The Social Worlds of Ancient Jews and Christians*, 2022-11-21 This volume contains fifteen essays in honor of L Michael White whose work has been influential in exploring the social histories of ancient Jews and Christians within the Graeco Roman world Following an introduction that highlights some of White's main scholarly contributions the essays are grouped into three topic areas Paul and his Legacy Social Relations and Material Culture The essays are united by an interest in reconstructing the social worlds of ancient Jews and Christians through careful analysis of literary sources and material culture in their most precise ancient contexts **Early Christian Monastic Literature and the Babylonian Talmud** Michal Bar-Asher Siegal, 2013-12-23 This book examines literary analogies in Christian and Jewish sources culminating in an in depth analysis of striking parallels and connections between Christian monastic texts the Apophthegmata Patrum or The Sayings of the Desert Fathers and Babylonian Talmudic traditions The importance of the monastic movement in the Persian Empire during the time of the composition and redaction of the Babylonian Talmud fostered a literary connection between the two religious populations The shared literary elements in the literatures of these two elite religious communities sheds new light on the surprisingly inclusive nature of the Talmudic corpora and on the non polemical nature of elite Jewish Christian literary relations in late antique Persia *The Early Christian Centuries* Philip Rousseau, 2014-06-06 Charting the first six hundred years of the Christian movement THE EARLY CHRISTIAN CENTURIES carries the reader from the world of second temple Judaism to the Byzantine age the rise of Islam and the beginnings of medieval European polities With a combination of rare tact and acuity Philip Rousseau takes the measure of a generation of scholarship on early Christianity and the late Roman world He stresses the importance of shifting historical consciousness the continuity and development of ideas and the urge for social respectability Paying the greatest attention to the inner components of Christian life the resulting story captures fully the major figures Paul the gospel writers the early apologists and the great figures of the patristic age including the Cappadocian Fathers Augustine and Gregory the Great *Paroles d'Apollon* Aude Busine, 2005-12-01 This book deals with the making and the reuses of the divine words which were ascribed to Apollo from the 2nd to the 6th centuries AD and which have now become available in both epigraphical and literary sources The larger part has been issued by the sanctuaries of Claros and Didyma This comprehensive and historical approach analyses the oracles of Apollo according to the various contexts ancient authors used to resort to the sacred words The first part of the book examines in the context of the Graeco Roman city states the oracular texts in relation to the sanctuaries where they had originally been produced The second part explores the different ways in which the Apollinian oracles were reappropriated by pagan and Christian authors for philosophical polemical and apologetic purposes This study of the sacred
