The Ancient Sailing Season James Beresford,2012-11-21 A comprehensive examination of the effects of the shifting seasons on maritime trade warfare and piracy during antiquity this book overturns many long held assumptions concerning the capabilities of Graeco Roman ships and sailors Cruising World ,1984-01 Cruising World ,1982-07 **Cruising World** ,1982-07 **Greek and Roman Calendars** Robert Hannah,2013-11-20 The smooth functioning of an ordered society depends on the possession of a means of regularising its activities over time That means is a calendar and its regularity is a function of how well it models the more or less regular movements of the celestial bodies of the moon the sun or the stars Greek and Roman Calendars examines the ancient calendar as just such a time piece whose elements are readily described in astronomical and mathematical terms The story of these calendars is one of a continuous struggle to maintain a correspondence with the regularity of the seasons and the sun despite the fact that the calendars were usually based on the irregular moon But on another more human level Greek and Roman Calendars steps beyond the merely mathematical and studies the calendar as a social instrument which people used to organise their activities It sets the calendars of the Greeks and Romans on a stage occupied by real people who developed and lived with these time pieces for a variety of purposes agricultural religious political and economic This is also a story of intersecting cultures of Greeks with Greeks of Greeks with Persians and Egyptians and of Greeks with Romans in which various calendaric traditions clashed or compromised
