Saint Nigger:

A Dictionary of Slang and Colloquial English John Stephen Farmer, William Ernest Henley, 1905 *The Book of Night Women* Marlon James, 2009-02-19 From the author of the National Book Award finalist *Black Leopard Red Wolf* and the WINNER of the 2015 Man Booker Prize for *A Brief History of Seven Killings* An undeniable success The New York Times Book Review A true triumph of voice and storytelling The Book of Night Women rings with both profound authenticity and a distinctly contemporary energy It is the story of Lilith born into slavery on a Jamaican sugar plantation at the end of the eighteenth century Even at her birth the slave women around her recognize a dark power that they and she will come to both revere and fear The Night Women as they call themselves have long been plotting a slave revolt and as Lilith comes of age they see her as the key to their plans But when she begins to understand her own feelings desires and identity Lilith starts to push at the edges of what is imaginable for the life of a slave woman and risks becoming the conspiracy's weak link But the real revelation of the book the secret to the stirring imagery and insistent prose is Marlon James himself a young writer at once breath takingly daring and wholly in command of his craft *Official Proceedings Saint Louis Railway Club* Saint Louis Railway Club, 1924 **Black and Catholic in Savannah, Georgia** Gary W. McDonogh, 1993 In this unique ethnography of urban southern Catholicism one of the few substantial studies of modern African American Catholics since the 1920s Gary W. McDonogh employs a decade of anthropological and historical research to explore the contradictions and survival of black and Catholic parishes in Savannah Given the disfranchisement of African Americans in the South as well as nativist responses to Catholics among both blacks and whites those who are black and Catholic in Savannah constitute a double minority whose lives McDonogh explores by examining the interaction of community church and individual A city divided for two centuries by conflicts over culture class and race Savannah is permeated by ambiguous identities that often end up before the altar Religion thus serves as a cultural language through which urban life can be observed as well as a system of belief and identity shared by blacks and Catholics This multidisciplinary study links ethnography to wider debates on symbolism gender class and cultural power The vivid voices memories ritual and social acts and observations of Savannah provide the basis for comparative insights and theoretical generalizations on communities within the United States and on a broad range of urban and religious issues *Saints, Slaves, and Blacks* Newell G. Bringhurst, 2018-04-10 Originally published shortly after the LDS Church lifted its priesthood and temple restriction on black Latter day Saints Newell G. Bringhurst's landmark work remains ever relevant as both the first comprehensive study on race within the Mormon religion and the basis by which contemporary discussions on race and Mormonism have since been framed Approaching the topic from a social history perspective with a keen understanding of antebellum and post bellum religious shifts *Saints Slaves and Blacks* examines both early Mormonism in the context of early American attitudes towards slavery and race and the inherited racial traditions it maintained for over a century While Mormons may have drawn from a distinct theology to support and defend racial views

their attitudes towards blacks were deeply embedded in the national contestation over slavery and anticipation of the last days This second edition of *Saints Slaves and Blacks* offers an updated edit as well as an additional foreword and postscripts by Edward J Blum W Paul Reeve and Darron T Smith Bringhurst further adds a new preface and appendix detailing his experience publishing *Saints Slaves and Blacks* at a time when many Mormons felt the rescinded ban was best left ignored and reflecting on the wealth of research done on this topic since its publication *New Catholic World*, 1889 **California Place Names** Erwin G. Gudde, 1998 This anniversary edition concentrates on the origins of the names currently used for the cities towns settlements mountains and streams of California with engrossing accounts of the history of their usage The dictionary includes a glossary and a bibliography **California Place Names** Erwin Gustav Gudde, 1960 *The Streets of San Francisco* Christopher Lowen Agee, 2024-05-31 During the Sixties the nation turned its eyes to San Francisco as the city's police force clashed with movements for free speech civil rights and sexual liberation These conflicts on the street forced Americans to reconsider the role of the police officer in a democracy In *The Streets of San Francisco* Christopher Lowen Agee explores the surprising and influential ways in which San Francisco liberals answered that question ultimately turning to the police as partners and reshaping understandings of crime policing and democracy *The Streets of San Francisco* uncovers the seldom reported street level interactions between police officers and San Francisco residents and finds that police discretion was the defining feature of mid century law enforcement Postwar police officers enjoyed great autonomy when dealing with North Beach beats African American gang leaders gay and lesbian bar owners Haight Ashbury hippies artists who created sexually explicit works Chinese American entrepreneurs and a wide range of other San Franciscans Unexpectedly this police independence grew into a source of both concern and inspiration for the thousands of young professionals streaming into the city's growing financial district These young professionals ultimately used the issue of police discretion to forge a new cosmopolitan liberal coalition that incorporated both marginalized San Franciscans and rank and file police officers The success of this model in San Francisco resulted in the rise of cosmopolitan liberal coalitions throughout the country and today liberal cities across America ground themselves in similar understandings of democracy emphasizing both broad diversity and strong policing *With Edwards in the Governor's Mansion* Forest C. Hammond, 2012-05-18 In the summer of 1973 the high school football star Forest Hammond traded his gear for cuffs entering the Baton Rouge Parish Prison after being caught up in a situation gone wrong The course of this young man's promising life changed with one mistake the football hero with the athletic scholarship overestimated himself In an attempt to dissolve a violent situation he failed and became entangled in a violent crime leading to a prison sentence for murder Saint as he was known went on to serve time in Angola one of the most violent penitentiaries in the country His mistake would cost him nine years His shot at a shorter sentence came after learning about a program allowing him to work as a servant in the governor's mansion in exchange for a possible chance at freedom After serving as a butler for Gov Edwin W Edwards for

years he obtained the coveted gold letter of pardon His experiences in Angola and the mansion greatly affected him and changed the direction of his life His story is both cautionary and inspirational while exposing an outdated custom that is even now in the headlines as controversial
