Meri, 2002-11-14 This accessible study is the first critical investigation of the cult of saints among Muslims and Jews in medieval Syria and the Near East Through case studies of saints and their devotees discussion of the architecture of monuments examination of devotional objects and analysis of ideas of holiness Meri depicts the practices of living religion and explores the common heritage of all three monotheistic faiths Critical readings of a wide range of contemporary sources travel writing geographical works pilgrimage guides legal writings historical sources hagiography and biography reveal a vibrant religious culture in which the veneration of saints and pilgrimage to tombs and shrines were fundamental **The Saints in Italy** Lucy Menzies, 1924 *Icons and Saints of the Eastern Orthodox Church* Alfredo Tradigo, 2006 An icon from the Greek word eikon image is a wooden panel painting of a holy person or scene from Orthodox Christianity the religion of the Byzantine Empire that is practiced today mainly in Greece and Russia It was believed that these works acted as intermediaries between worshipers and the holy personages they depicted Their pictorial language is stylized and primarily symbolic rather than literal and narrative Indeed every attitude pose and color depicted in an icon has a precise meaning and their painters usually monks followed prescribed models from iconographic manuals The goal of this book is to catalogue the vast heritage of images according to iconographic type and subject from the most ancient at the Monastery of Saint Catherine in the Sinai to those from Greece Constantinople and Russia Chapters focus on the role of icons in the Orthodox liturgy and on common iconic subjects including the fathers and saints of the Eastern Church and the life of Jesus and his followers As with other volumes in the Guide to Imagery series this book includes a wealth of color illustrations in which details are called out for discussion **Glossary of Ecclesiastical Ornament and Costume, compiled and illustrated from antient authorities and examples. With extracts from the works of Durandus, Georgius, etc. ... translated by B. Smith** Augustus Welby Northmore Pugin, 1868 *Bandit Saints of Java* George Quinn, 2019-01-01 Java's pilgrimage culture is a dense batik like pattern of contradictions seriousness collides with laughter curiosity with bewilderment piety with scepticism intense spirituality with in some places the joy of shopping The pilgrimage culture on the island of Java in Indonesia the world's largest Muslim country is a rebuke to the conservative orthodoxy that has been gaining ground in Indonesia's religious landscape since the 1980s In the rhetoric of this orthodoxy the real Islam is pure and exclusive Piety comes from obedience to religious authority and its rules Local pilgrimage is anything but pure and exclusive or rigidly authoritarian It is powerfully Islamic but it fuses Islam with local history the ancient power of place and a pastiche

of devotional practices with roots deep in the pre Islamic past Quietly but tenaciously just outside the great echo chamber of public space it is growing as fast as the higher profile neo orthodoxy Bandit Saints of Java delves deep under the surface of modern Indonesia exploring personalities and stories in the weird world of local pilgrimage where Middle Eastern Islam wrestles with the ancient power of Javanese civilisation It paints an astonishing portrait of Islam as it is practised today largely invisible to journalists scholars and tourists by many of Java s 130 million people Glossary of ecclesiastical ornament and costume... a secon edition enlarged and revised by the Rev. Bernard Smith A. Welby Pugin,1846 *The Story of the Irish Race* Seumas MacManus,1921
