Ford, Gilbert A. Churchill, Orville C. Walker, 1985 *Sales Management Control, Territory Design, Sales Force Performance, and Sales Organizational Effectiveness in the Pharmaceutical Industry* Eric Longino, 2009 Limited research exists about the determinants of sales organization effectiveness in pharmaceutical sales organizations To fill this void sales management control sales territory design and sales force performance are conceptualized as antecedents to sales organization effectiveness in pharmaceutical sales organizations The results of the structural equation model tested suggested that pharmaceutical sales representatives perform better and are more effective when they are satisfied with sales territory design because of its significant relationship with sales force behavioral performance The present study suggests sales force behavioral performance leads to sales organization effectiveness through its significant relationship to sales force outcome performance These findings are somewhat different to those from similar studies in other industries and identify some important implications for sales leaders in the pharmaceutical industry as well as suggesting a number of important research directions *The Complete Guide to Sales Force Incentive Compensation* Andris A. Zoltners, Prabhakant Sinha, Sally E. Lorimer, 2006 Designing an incentive plan to turn sales reps into sales superstars If you're like most sales leaders your incentive program is a constant challenge as you try to jumpstart sales energize a geographically dispersed and autonomous workforce and motivate salespeople to achieve ambitious revenue goals And sometimes it seems like you just don't know what works your products and markets are changing the incentive program that was so successful last year no longer produces the desired results or perhaps the generous incentive program you created has yielded a corps of highly paid salespeople who spend most of their time on existing clients and minimal time generating new business and threaten to walk away with your customer base if you scale back paychecks Incentive programs are seductively powerful but complicated instruments Without careful planning and implementation they can be too stingy to motivate too complex to understand too quick to reward mediocre results and too difficult to implement But a well designed and implemented incentive program is an essential tool for building a motivated highly effective sales force that delivers the results you need *The Complete Guide to Sales Force Incentive Compensation* is a practical accessible detailed roadmap to building a compensation system that gets it right by creating motivating incentives that produce positive outcomes Packed with hundreds of real life examples of what works and what doesn't this important guide helps you Understand the value of building an incentive plan that is aligned with your company's goals and culture Avoid the common trap of overusing incentives to solve too many sales management problems Measure the effectiveness of your current incentive program employing easy to use tools and metrics for pinpointing its weak spots Design a compensation plan that attracts and retains successful salespeople including guidelines for determining the correct pay level the best salary incentive mix the proper performance measures and the right
