## Salimbene De Adam Un Chroniqueur Franciscain:

*Salimbene de Adam, un chroniqueur franciscain* Olivier Guyotjeannin, 1995      **A History of Franciscan Education (c. 1210-1517)** Bert Roest, 2000-09-06 The history of education within the Franciscan order during the medieval period is presented here in a new light This comprehensive volume offers a new synthesis of Franciscan education showing the dynamic development of the Franciscan school network between the early thirteenth and the early sixteenth century The organisation of study houses throughout the many Franciscan order provinces are discussed as well as the relationship between these Franciscan study houses and the medieval universities and the various study programs offered to Franciscan students Separate chapters are devoted to related issues such as library formation the instruction of homiletic techniques and the formation of Franciscan theological schools of thought The work emphasises the dynamics of the Franciscan school network and the importance of extra curricular activities in the schools at convent and custodial levels      *Human Agency in Medieval Society, 1100-1450* Ionuț Epurescu-Pascovici, 2021 Argues the case for the individual as autonomous moral agent in the later Middle Ages      *Salimbene de Adam* Autori Vari, 2025-01-17T15:37:00+01:00 La Cronica di Salimbene de Adam gode ormai stabilmente di grande fortuna critica presso un vasto pubblico non solo accademico per la verve linguistica l'acume interpretativo la novità di un testo che mescola elementi di cronaca tradizionale ad altri più personali e idiosincratici I saggi qui riuniti frutto di un convegno tenutosi a Parma per celebrare gli ottocento anni della nascita di Salimbene toccano i principali e tradizionali nuclei di interesse della Cronica lo studio del contesto storico viene arricchito da indagini sul profetismo salimbeniano mentre l'indagine sulle fonti e sugli auctores alterna analisi filologica e letteraria Un gruppo di interventi dedicato alla Parma di Salimbene approfondisce il quadro sociale artistico e urbanistico della città al tempo del cronista chiude la biografia intellettuale del parmigiano Giuseppe Tonna traduttore di Salimbene Il volume comprende inoltre un'Appendice che aggiorna i dati del codice diplomatico salimbeniano      *Zealots for Souls* Anne Huijbers, 2018-01-22 *Zealots for souls* draws attention to the impact of the Observant reforms within the Order of Preachers and ambitiously stirs up a broad scope of questions pertaining to the institutional narratives produced within the order between c 1388 and 1517 Through the narratives and the forms of remembrance they fostered the author traces the development of contemporary characteristics of the Dominican self understanding The book shows the fluid boundaries between the genres order chronicles convent chronicles collective biographies highlights the interplay between the narrative and the intended audience addresses the complex question of authorship and assesses the indebtedness of modern printed narratives to older chronicles or biographical collections The book demonstrates that the majority of the extant institutional narratives were written by Observant Dominicans who strived for the internal reform of their order They wrote history to justify their own reform agenda and therefore produced invariably partisan chronicles The work's method is widely applicable and contributes to further reassessment of institutional narratives as sources for the analysis of religious and intellectual transformations

*The Conversion of Herman the Jew* Jean-Claude Schmitt, 2013-04-22 Sometime toward the middle of the twelfth century it is supposed an otherwise obscure figure born a Jew in Cologne and later ordained as a priest in Cappenberg in Westphalia wrote a Latin account of his conversion to Christianity Known as the *Opusculum* this book purportedly by Herman the former Jew may well be the first autobiography to be written in the West after the Confessions of Saint Augustine It may also be something else entirely In *The Conversion of Herman the Jew* the eminent French historian Jean Claude Schmitt examines this singular text and the ways in which it has divided its readers Where some have seen it as an authentic conversion narrative others have asked whether it is not a complete fabrication forged by Christian clerics For Schmitt the question is poorly posed The work is at once true and fictional and the search for its lone author whether converted Jew or not fruitless Herman may well have existed and contributed to the writing of his life but the *Opusculum* is a collective work perhaps framed to meet a specific institutional agenda With agility and erudition Schmitt examines the text to explore its meaning within the society and culture of its period and its participation in both a Christian and Jewish imaginary What can it tell us about autobiography and subjectivity about the function of dreams and the legitimacy of religious images about individual and collective conversion and about names and identities In *The Conversion of Herman the Jew* Schmitt masterfully seizes upon the debates surrounding the *Opusculum* the text of which is newly translated for this volume to ponder more fundamentally the ways in which historians think and write

Salimbene de Adam Olivier Guyotjeannin, 1995 *The Serf, the Knight, and the Historian* Dominique Barthélemy, 2009 Dominique Barthélemy presents a sharply revisionist account of the history of France around the year 1000 challenging the traditional view that France underwent a kind of revolution at the millennium which ushered in feudalism

*Celibate and Childless Men in Power* Almut Höfert, Matthew Mesley, Serena Tolino, 2017-08-15 This book explores a striking common feature of pre modern ruling systems on a global scale the participation of childless and celibate men as integral parts of the elites In bringing court eunuchs and bishops together this collection shows that the integration of men who were normatively or physically excluded from biological fatherhood offered pre modern dynasties the potential to use different reproduction patterns The shared focus on ruling eunuchs and bishops also reveals that these men had a specific position at the intersection of four fields power social dynamics sacredness and gender masculinities The thirteen chapters present case studies on clerics in Medieval Europe and court eunuchs in the Middle East Byzantium India and China They analyze how these men in their different frameworks acted as politicians participated in social networks provided religious authority and discuss their masculinities Taken together this collection sheds light on the political arena before the modern nation state excluded these unmarried men from the circles of political power

The Mongol Empire between Myth and Reality Denise Aigle, 2014-10-23 In *The Mongol Empire between Myth and Reality* Denise Aigle presents the Mongol empire as a moment of contact between political ideologies religions cultures and languages and in terms of reciprocal representations between the Far East the Muslim East and the Latin West The first part

is devoted to The memoria of the Mongols in historical and literary sources in which she examines how the Mongol rulers were perceived by the peoples with whom they were in contact In Shamanism and Islam she studies the perception of shamanism by Muslim authors and their attempts to integrate Genghis Khan and his successors into an Islamic framework The last sections deal with geopolitical questions involving the Ilkhans the Mamluks and the Latin West Genghis Khan s successors claimed the protection of Eternal Heaven to justify their conquests even after their Islamization
