One Step Closer CJ Plogger,2016-12-31 A journey is a collaboration and culmination of many steps Sometimes our steps move us forward or backwards Sometimes we take steps to the left or to the right Our goal should be that our steps move us toward a definite destination We hope that our steps are taking us nearer to that which will make us stronger better or even be greater people As our steps are crucial our end point is as well If we want to have the life that God has in store for us we need to be walking toward Him daily God has a life of peace and joy for us Not problem free but one of peace Not without tribulations or trouble but one of triumph In order for us to possess this life God has to be our end destination He has to be the one that we are focusing and He has to be the one that we are depending upon In order for us to grow in the Lord and step closer to Him we must be intentional It would be wonderful if we could just wake up and be spiritually stronger than we have ever been before But that is not reality We must be systematic and strategic if we are going to grow in the Lord This book will help and lead you to grow spiritually Jesus said If we are to follow Him we are to take up our cross daily One Step Closer is a tool that will not only strengthen us now it will impact our eternity

Can Virtue Make Us Happy? Otfried Hoffe,2010-03-17 In Can Virtue Make Us Happy The Art of Living and Morality Otfried Hoffe one of Europe's best known philosophers offers a far reaching and foundational work in philosophical ethics Hoffe uses clear accessible language to present common understandings of happiness and freedom while illuminating the blind alleys in the

history of philosophy What has priority good ends or right action Is freedom always anarchy Is it possible to think of a freedom enhanced by morality Is morality merely a euphemism for stupidity Does humanity have a good or a bad character Is there such a thing as evil Hoffe offers no simple formulas but provides enlightened philosophical reflection to fuel the reader's own examination of these questions Book Jacket *What is Knowledge?* Jose Ortega y Gasset, 2002-01-01 Appearing in English for the first time this book comprises two of Ortega's most important works *Qu es conocimiento* and the essay *Ideas y creencias* This is Ortega's attempt to systematically present the foundations of his metaphysics of human life and on that basis to provide a radical philosophical account of knowledge In so doing he criticizes idealism and overcomes it Accordingly this book goes well beyond a treatise on epistemology in fact as understood in modern philosophy this discipline and its questions are shown to be derivative and in that sense they are transcended here by Ortega's systematic effort Written during the time of his maturity these works are representative of his fruitful and radical period Both *Qu es conocimiento* and *Ideas y creencias* are equally decisive not only for the understanding and radical completion of Ortega's work but also for their relevance to the work of continental philosophers during the same period and for years to come e g Husserl Jaspers Heidegger Sartre and others
